*Academic English*

Springer

International students of Business or Economics often need to write essays and reports for exams and coursework, and this new, second edition of *Academic Writing for International Students of Business* has been completely revised and updated to help them succeed with these tasks. This book explains the academic writing process from start to finish, and practises all the key writing skills in the context of Business Studies. The book can be used either with a teacher or for self-study, and is clearly organised into four parts, with each divided into short units that contain examples, explanations and exercises for use in the classroom or for self-study: The Writing Process, from assessing sources to proofreading Elements of Writing, practising skills such as making comparisons Vocabulary for Writing, dealing with areas such as nouns and adjectives, adverbs and verbs, synonyms, prefixes and

prepositions, in an academic context Writing Models, illustrating case studies, reports, longer essays and other key genres This is an up-to-date book that reflects the interests and issues of contemporary Business Studies, with revised exercises, updated reading texts and a new glossary to ensure accessibility and maximise usability. Students wanting to expand their academic potential will find this practical and easy-to-use book an invaluable guide to writing in English for their degree courses, and it will also help students planning a career with international companies or organisations, where proficiency in written English is a key skill. All aspects of writing clearly explained, with full glossary for reference Full range of practice exercises, with answer key included Use of authentic academic texts Fully updated, with sections on finding electronic sources and evaluating internet material *Critical English for Academic Purposes* Routledge This volume of specially commissioned articles examines theory and

practice in EAP. Routledge Provides students with the functional grammar they need to succeed in their academic studies, whatever their chosen subject Reviews and consolidates the key grammatical areas needed for essay writing and presentations such as modal verbs, noun phrases, conditionals, and relative clauses Suitable for students across a wide range of disciplines, e.g. business, finance, history, natural sciences, engineering, technology Demonstrates and practises how to use strategies for academic writing and speaking such as comparing and contrasting, arguing and persuading, talking about cause and effect, and paraphrasing Detailed answer key includes model answers to extended writing tasks Quick test yourself exercises provide practice of specific grammar points Tips highlight extra information worth remembering Academic Word List glossaries help with learning high-frequency academic vocabulary used in the 'Challenge yourself' exercises Supports all levels of Oxford EAP but works effectively as a

supplement to any course or for independent study Study Reading Oxford University Press

Academic writing has become an issue that causes worry and confusion for students. A small scale survey shows that students' problems in writing are as follows: limited vocabulary 8%, difficulty in organizing ideas 16%, no ideas to write about 20%, no motivation to write 20%, and lack of confidence in grammar 36%. English for Academic Purposes: Essay Writing is a very practical book, giving solutions to these problems. This book on academic writing is suitably used by students majoring in English, English course students, non-English students who want to write essays in English, those who want to take postgraduate courses abroad, and English language teachers. This book covers very valuable topics, such as basic principles in academic writing, meaningful reading for writing, writing an introduction, writing citations, data gathering, commenting on data, writing references, and revising and editing. English for Academic Purposes: Essay Writing is designed by experienced

English lecturers in writing. In addition, these materials have been tried out in classes at Maranatha Christian University and STP Bandung. This second edition is updated according to precise terminology and the conventions of the current MLA and APA styles of writing.

Teaching English in Academic Context Routledge

This practical resource book showcases both the theory and practical application for teacher educators in diverse contexts bringing a global Englishes perspective into their teacher education courses, both at pre- and in-service levels. The recent Global Englishes paradigm serves as a promising response to the complexity of identity, interaction, use, and instruction surrounding the English language. It is increasingly important to enhance teachers' knowledge base—their specialized knowledge, skills, competencies, and commitments—vis-à-vis the changing needs of English Language Teaching. The chapters in the book provide accessible theoretical orientation to different aspects of the Global

Englishes paradigm, from instructional materials to language assessment, and are complemented by a range of practical applications that promote teacher development. The volume is recommended as a viable professional development resource for teacher educators who are looking for activities and resources in preparing teachers for diverse teaching contexts, realities, affordances, and constraints.

**English grammar and practice fo Academic Purposes** Springer

Designed for students preparing for university, this integrated skills course develops the language and real academic skills essential for successful university studies across disciplines. With authentic lectures and seminars, the course guarantees that the English and the study skills students learn are up to date and relevant to them.

A Practical Resource Book Oxford University Press

Introducing English for Academic Purposes is an accessible and engaging textbook which presents a wide-ranging introduction to the field, covering the global and institutional position of EAP as well as its manifestations in

classrooms and research contexts around the world. Each chapter provides: a critical overview introducing readers to theory- and research-informed perspectives; profiles of practice to guide readers in putting theory to use in real world contexts; tasks, reflection exercises and a glossary to help readers consolidate their understanding; an annotated further reading section with links to online resources to enable readers to extend their knowledge. Covering both theoretical and practical issues, *Introducing English for Academic Purposes* is essential reading for students of applied linguistics, and pre-service and in-service teachers of EAP.

*English for Academic Purposes* Bloomsbury Publishing

Oxford English for Academic Purposes offers a specialist course covering listening, speaking and reading in key areas of academic life such as lectures, presentations and textbooks. The course is consistent with levels A2 to C1 of the Common European Frame of Reference for the teaching of foreign languages.

*A Course in English for Academic Purposes* Critical Publishing

The analysis of academic genres and the use of corpus resources, methods and analytical tools are now central to a great deal of research into English for Academic Purposes (EAP). Both genre analysis and corpus investigations have revealed the patterning of academic texts, at the levels of lexicogrammar and discourse, and have led to richer understandings of the variations in such patterning between genres and between disciplines. The thirteen contributions included in this volume address issues in academic discourse studies from a range of perspectives: namely, corpus-based research into EAP at the lexicogrammatical and genre levels (Section 1); intercultural EAP research (Section 2); English as a Lingua Franca in academic communication (Section 3); and the relationships between corpus, genre and pedagogy in EAP, with an emphasis on implications and applications (Section 4). The collection is aimed primarily at teachers, students and researchers of EAP and applied corpus

linguistics, but will also interest applied linguists in general. The emphasis of the contributions varies from studies with predominantly linguistic orientations to those focussing on practical applications.

*English for Professional and Academic Purposes* Springer

This book shows how corpus analyses can enhance students', practitioners' and researchers' knowledge of academic language. The book provides a reader-friendly discussion of the key concepts, practices and research applications of corpus linguistics which are relevant to the EAP community. The volume:

- empowers readers to compile and analyze EAP-relevant corpora to support their practice;
- draws on open-access resources, allowing readers in all contexts to engage in corpus analyses;
- examines how corpus studies have advanced the description of spoken, written and computer-mediated academic discourses;
- contains numerous reflective and hands-on tasks.

Corpus Linguistics for English for Academic Purposes is an essential book for EAP students, practitioners and

researchers who wish to develop corpus analytical skills to support their learning, teaching and research practice. It is equally important to novice corpus linguists who wish to find out how they can contribute to the ever-expanding area of EAP.

**Oxford English for Academic Purposes Pre-intermediate Student Book (B1)**

Cambridge Scholars Publishing

This book for intermediate and above students includes authentic texts from textbooks, journals, reference works and study guides.

Essay Writing Oxford University Press

Critical English for Academic Purposes: Theory, Politics, and Practice is the first book to combine the theory and practice of two fields: English for academic purposes and critical pedagogy. English for academic purposes (EAP) grounds English language teaching in the cognitive and linguistic demands of academic situations,

tailoring instruction to specific rather than general purposes. Critical pedagogy acknowledges students' and teachers' subject-positions, that is, their class, race, gender, and ethnicity, and encourages them to question the status quo. Critical English for academic purposes engages students in the types of activities they are asked to carry out in academic classes while inviting them to question and, in some cases, transform those activities, as well as the conditions from which they arose. It takes into account the real challenges non-native speakers of English face in their discipline-specific classes while viewing students as active participants who can help shape academic goals and assignments. Critical English for Academic Purposes: Theory, Politics, and Practice: \* relates English for academic purposes and critical pedagogy, revealing and problematizing the assumptions of both fields, \* provides theoretical and practical responses to academic syllabi and other institutional demands to show that teachers can both meet target demands and take

students' subjectivities into account in a climate of negotiation and possibility, \* offers "rights analysis" as a critical counterpart to needs analysis, \* discusses the politics of "coverage" in lecture classes and proposes alternatives, and \* features teaching examples that address balancing the curriculum for gender; building community in an EAP class of students from diverse economic and social backgrounds; students' rights; and organizing students to change unfavorable conditions. This book is intended for undergraduate and graduate courses for preservice and in-service ESL and EAP teachers. It is also a professional book for those interested in critical approaches to teaching and EAP. *Academic Writing for University Students* RumahStudio  
This book will prepare learners to study effectively in English at university level. It provides practice in developing essential skills for academic study, such as critical thinking, effective note-taking, citation and referencing, and essay-writing. This teacher's handbook

provides support that both experienced and less-experienced EAP teachers will find useful.--
