A contested legacy: Julius Nyerere and ... - This is africa This module provides an understanding of the historical processes which have created modern Africa. Extending from the deep past to the dramatic transformations of the twentieth century and on to the present day, it explores the ways in which the continent's history has shaped contemporary societies and politics. Modern Africa: History, Politics and Society That is to say, while the reality of African politics appears not to fit into the framework of political science theory, at the same time, political science has actively ignored the experience of African politics (an example of this is researchers who take a pessimistic view of Africa based on the "absence" of Western-style democratization and civil society). African Politics Overview - Institute of Developing Economies The Politics Department at SOAS boasts three Professors specializing in African politics, as well as a range of other faculty with expertise in Africa. Our academics, as well as post-doctoral and doctoral researchers they supervise, are engaged in a wide range of exciting research, which feeds directly into what we teach our students.
