It Happened in Italy Oxford University Press
 The deeply moving, Pulitzer Prize-nominated memoir of a young Jewish woman's imprisonment at the Auschwitz death camp. In 1944, on the morning of her twenty-third birthday, Isabella Leitner and her family were deported to Auschwitz, the Nazi extermination camp. There, she and her siblings relied on one another's love and support to remain hopeful in the midst of the great evil surrounding them. In *Fragments of Isabella*, Leitner reveals a glimpse of humanity in a world of darkness. Hailed by *Publishers Weekly* as "a celebration of the strength of the human spirit as it passes through fire," this powerful and luminous Pulitzer Prize-nominated memoir, written thirty years after the author's escape from the Nazis, has become a classic of Holocaust literature and human survival. This ebook features rare images from the author's estate.

The creation of the Pentagon in seventeen whirlwind months during World War II is one of the great construction feats in American history, involving a tremendous mobilization of manpower, resources, and minds. In astonishingly short order, Brigadier General Brehon B. Somervell conceived and built an institution that ranks with the White House, the Vatican, and a handful of other structures as symbols recognized around the world. Now veteran military reporter Steve Vogel reveals for the first time the remarkable story of the Pentagon's construction, from its dramatic birth to its rebuilding after the September 11 attack. At the center of the story is the tempestuous but courtly Somervell—"dynamite in a Tiffany box," as he was once described. In July 1941, the Army construction chief sprang the idea of building a single, huge headquarters that could house the entire War Department, then scattered in seventeen buildings around Washington. Somervell ordered drawings produced in one

weekend and, despite a firestorm of opposition, broke ground two months later, vowing that the building would be finished in little more than a year. Thousands of workers descended on the site, a raffish Virginia neighborhood known as Hell's Bottom, while an army of draftsmen churned out designs barely one step ahead of their execution. Seven months later the first Pentagon employees skirted seas of mud to move into the building and went to work even as construction roared around them. The colossal Army headquarters helped recast Washington from a sleepy southern town into the bustling center of a reluctant empire. Vivid portraits are drawn of other key figures in the drama, among them Franklin D. Roosevelt, the president who fancied himself an architect; Secretary of War Henry L. Stimson and Army Chief of Staff General George C. Marshall, both desperate for a home for the War Department as the country prepared for battle; Colonel Leslie R. Groves, the ruthless force of nature who oversaw the Pentagon's construction (as well as the Manhattan Project to create an atomic bomb); and John McShain, the charming and dapper builder who used his relationship with FDR to help land himself the contract for the biggest office building in the world. The Pentagon's post-World War II history is told through its critical moments, including the troubled birth of the Department of Defense during the Cold War, the tense days of the Cuban Missile Crisis, and the tumultuous 1967 protest against the Vietnam War. The pivotal attack on September 11 is related with chilling new detail, as is the race to rebuild the damaged Pentagon, a restoration that echoed the spirit of its creation. This study of a single enigmatic building tells a broader story of modern American history, from the eve of World War II to the new wars of the twenty-first century. Steve Vogel has crafted a dazzling work of military social history that merits comparison with the best works of David Halberstam or David McCullough. Like its namesake, The Pentagon is a true landmark.

The Deadliest Lies Infobase Publishing

In the wake of Bernie Madoff's ruinous investment schemes, Abe Foxman takes a cultural and political look at the many variations throughout history of the assumptions made about Jews and money. These include Jews as greedy global capitalists; Jews as wealthy secret communists; Jews as cheapskates; and Jews controlling the media with their money to unduly influence society. Foxman makes the case that these stereotypes have permeated cultures globally and argues that these beliefs are rooted in deep-seated and pervasive anti-Semitism. As with all forms of bigotry, society at large needs to respond to the persistence of stereotypes by educating the young, denouncing hate speech, and by encouraging Jews, like all groups, to express pride in their ethnic and religious heritage.

From Elie Wiesel, a recipient of the Nobel Peace Prize and one of our fiercest moral voices, a provocative and deeply thoughtful new novel about a life shaped by the worst horrors of the twentieth century and one man's attempt to reclaim happiness. Doriel, a European expatriate living in New York, suffers from a profound sense of desperation and loss. His mother, a member of the Resistance, survived World War II only to die in an accident, together with his father, soon after. Doriel was a child during the

war, and his knowledge of the Holocaust is largely limited to what he finds in movies, newsreels, and books—but it is enough. Doriel's parents and their secrets haunt him, leaving him filled with longing but unable to experience the most basic joys in life. He plunges into an intense study of Judaism, but instead of finding solace, he comes to believe that he is possessed by a dybbuk. Surrounded by ghosts, spurred on by demons, Doriel finally turns to Dr. Thérèse Goldschmidt, a psychoanalyst who finds herself particularly intrigued by her patient. The two enter into an uneasy relationship based on exchange: of dreams, histories, and secrets. Despite Doriel's initial resistance, Dr. Goldschmidt helps to bring him to a crossroads—and to a shocking denouement. In Doriel's journey into the darkest regions of the soul, Elie Wiesel has written one of his most profoundly moving works of fiction, grounded always by his unparalleled moral compass.

Ellen Fine's book is full of original insights, beautifully written and structured. I could not put it down. It is a very important study." -- Rosette Lamont, Queens College and Graduate School, City University of New York "By treating Wiesel's novels as literary-spiritual stages in the development of Wiesel's larger experience, as a survivor-witness-writer, Dr. Fine's book takes on an inherently dramatic character which makes it alive and exciting as well as instructive." -- Terrence Des Pres, Colgate University "Fine clarifies Wiesel's intentions, especially illuminating the complex variations on the themes of speech and silence, fathers and sons, escape and return--in short, the ideas around which Wiesel organizes his literary universe. No one has done this before so thoroughly." -- Lawrence Langer, Simmons College

Big Money Night

The Trial of God (as it was held on February 25, 1649, in Shamgorod) A Play by Elie Wiesel Translated by Marion Wiesel Introduction by Robert McAfee Brown Afterword by Matthew Fox Where is God when innocent human beings suffer? This drama lays bare the most vexing questions confronting the moral imagination. Set in a Ukrainian village in the year 1649, this haunting play takes place in the aftermath of a pogrom. Only two Jews, Berish the innkeeper and his daughter Hannah, have survived the brutal Cossack raids. When three itinerant actors arrive in town to perform a Purim play, Berish demands that they stage a mock trial of God instead, indicting Him for His silence in the face of evil. Berish, a latter-day Job, is ready to take on the role of prosecutor. But who will defend God? A mysterious stranger named Sam, who seems oddly familiar to everyone present, shows up just in time to volunteer. The idea for this play came from an event that Elie Wiesel witnessed as a boy in Auschwitz: "Three rabbis—all erudite and pious men—decided one evening to indict God for allowing His children to be massacred. I remember: I was there, and I felt like crying. But there nobody cried." Inspired and challenged by this play, Christian theologians Robert McAfee Brown and Matthew Fox, in a new Introduction and Afterword, join Elie Wiesel in the search for faith in a world where God is silent.
