A new edition of a gloriously illustrated and meticulously detailed encyclopedia of one of the longest-standing monarchies in the world.

**The Most Comprehensive Visual History of Every King and Queen of Britain, from Saxon Times Through the Tudors and Stuarts to Today** A Brief History of British Kings & Queens

The Pitkin Guide to Britain's Kings & Queens presents a concise, informative history, in words and pictures, of Britain's 56 sovereigns from Alfred the Great in the 9th century to our reigning monarch, Queen Elizabeth II. Beautifully illustrated, this book includes family trees and details of where and when each monarch was born, where they were crowned, the dates they reigned and where they are buried. Now fully updated with the discovery of Richard III's bones, the birth of HRH Prince George and the 2013 Succession to the Crown Act, this Pitkin Guide contains all you need to know on Britain's Kings & Queens. This beautifully illustrated book is part of the Pitkin Royal Collection series, celebrating the lives of the British royal family. Other notable titles in this insightful series include Royal Babies, The Queen and Her Family and Queen Elizabeth II.

[Kings and Queens of England](#) Southwater Publishing

More than 1,200 years of ruling British monarchs — from Alfred the Great (871-899) to Elizabeth II (1952-). Background scenes evoke dramatic highlights of each era. 30 illustrations.

**The Complete Illustrated Encyclopedia of the Kings & Queens of Britain** Orion

Geoffrey Ashe skillfully weaves all the different accounts, legends, literature, historical documents into one continuous narrative that recreates in intriguing detail all the rulers and events, real or mythical, that are part of the rich tapestry of early history in Britain.

[Kings & Queens of England & Great Britain](#) Southwater

This authoritative and accessible guide to the British monarchy spans the Romano-British rulers of 55 BC to the present day House of Windsor. Generously illustrated with maps, photos, paintings, and genealogies, it contains a wealth of information on the rulers of Britain, including their policies, personalities, key dates, and legacies. There are almost 600 entries, which are organised by regions up to 1066 and by royal lines thereafter. Feature articles throughout the guide provide in-depth information on key royal topics, including Coronations, Regalia, the Tower of London, and - new to

this edition - Westminster Abbey and St Paul's Cathedral. Revised and updated to include recent events, such as the second marriage of Prince Charles, this new edition also contains a topical introductory article on the changing role of the monarchy. There is a useful glossary, a list of recommended further reading, and a new appendix of recommended web links, accessed and kept up to date via a companion website. Comprehensive and elegantly written, this fascinating guide to the British monarchy is an essential reference resource for teachers and students of British history, and for anyone with an interest in Britain's rulers through the ages.

*From Hanover to Windsor : 1714 - Today from George I and Victoria to Edward VIII and Elizabeth II* Harperpress

This electronic version has been made available under a Creative Commons (BY-NC-ND) open access license. Moving images of the British monarchy are almost as old as the moving image itself, dating back to an 1895 American drama, *The Execution of Mary Queen of Scots*. And from 1896, actual British monarchs appeared in the new 'animated photography', led by Queen Victoria. Half a century later the 1953 coronation of Elizabeth II was a milestone in the adoption of television, watched by 20 million Britons and 100 million North Americans. At the century's end, Princess Diana's funeral was viewed by 2.5 billion worldwide. In the first book length examination of film and television representations of this enduring institution, distinguished scholars of media and political history analyze the screen representations of royalty from Henry VIII to 'William and Kate'. Seventeen essays by Ian Christie, Elisabeth Bronfen, Andrew Higson, Karen Lury, Glynn Davies, Jane Landman and other international commentators examine the portrayal of royalty in the 'actuality' picture, the early extended feature, amateur cinema, the movie melodrama, the Commonwealth documentary, *New Queer Cinema*, TV current affairs, the big screen ceremonial and the post-historical boxed set. A long overdue contribution to film and television studies, this book will be essential reading for scholars and students of British media and political history.

**Kings and Queens of Britain** Wordsworth Editions

Who was the first King of England? Did Henry I assassinate his brother? How did 'Bloody Mary' reinstate Roman Catholicism? For more than 1,000 years the British monarchy has dramatically shaped national and international history. Kings and queens have conquered territory, imposed religious change and extracted taxation, each with their own motivations and ambitions. In this beautifully illustrated book, Cath Senker delves into the extraordinary history of the British monarchy and its host of kings, queens and pretenders. There have been benevolent rulers, violent ones, religious fanatics, brilliant economists, masters of diplomacy and the power hungry. But whether they have abused their power or used it for good, each monarch has played a part in the rich tapestry of British history, coping with both international and civil wars, rebellions and criticism. The Kings and Queens of Britain introduces this fascinating thousand-year history, providing rich biographical detail of Britain's remarkable monarchs.

[England's Queens](#) Courier Corporation

This book includes more than 1000 monarchs who have at some time ruled all or part of Britain. This includes the host of tribal and Saxon rulers prior to 1066 as well as famous monarchs such as

Richard III, Elizabeth I and Charles II and all the rulers of Scotland and Wales. The book gives full details of the lives of the rulers as well as their wives, consorts, pretenders, usurpers and regents and is a geographical guide to where all Britain's monarchs lived, ruled and died including their palaces, estates and resting places.

Britain's Kings & Queens Arcturus Publishing

"Kings and Queens of England and Britain" takes its readers on a journey from the Saxons in 802, through William The Conqueror right up to the current day monarch Queen Elizabeth II and the three heirs apparent. It is an updated version of the second title in White on Black's A6 genre including 14 new portraits and extended Royal Household sections which arms its readers with highlights of each King or Queen's reign and also what sort of people we have had as Head of State through many invasions and battles, the execution of Charles I, two World Wars and much, much more. You will find out who was the first English Monarch to have a proper portrait on his coins, who kept a "drunken Elephant", who was the first King to use a dressing gown, who had the most illegitimate children, who competed at Wimbledon, who is behind the "Royal Oak" pubs and who used their Royal Navy severance pay to fund the tackling of community issues. The book is crammed full of these and other interesting facts which gives the reader a fantastic oversight on the character of each monarch along with original full colour portraits. As is now tradition with the White on Black brand, £1 from each sale will be donated to The Prince's Trust.

A Magnificent and Authoritative History of the Royalty of Britain, the Rulers, Their Consorts and Families, and the Pretenders to the Throne Grub Street Publishers

Discusses the characters, careers, and influence on history of each English king and queen from the early Saxons to Elizabeth II.

Or, Royal Book of Beauty Lulu.com

Here is an outstanding visual reference guide to one of the most exciting and dynamic periods of British history. In this lavishly illustrated chronicle, Charles Phillips traces the royal family from the accession of the German king George I, in 1714, through the development of the worldwide British Empire under Queen Victoria to the glorious reign of Elizabeth II. Fact boxes, feature spreads and maps trace the birth of the Empire and the development of the modern Commonwealth.

From the Earliest Times to the Present, Volume 1 And 2 Robinson

Illustrates the royal line of succession in England and Great Britain, from William the Conqueror to Elizabeth II, with rhyming verse and trivia.

The Illustrated Encyclopedia of the Kings & Queens of Britain Constable

A Brief History of British Kings & Queens Robinson

**Kings and Queens of England and Britain** Robinson

A timely and revelatory new biography of Queen Elizabeth (and her family) exploring how the Windsors have evolved and thrived, as the modern world has changed around them. Clive Irving's stunning new narrative biography *The Last Queen* probes the question of the British monarchy's longevity. In 2021, the Queen Elizabeth II finally appears to be at ease in the modern world, helped by the new generation of Windsors. But through Irving's unique insight there emerges a more fragile institution, whose extraordinarily dutiful matriarch has managed to persevere with dignity, yet in doing so made a Faustian pact with the media. *The Last Queen* is not a conventional biography—and

the book is therefore not limited by the traditions of that genre. Instead, it follows Elizabeth and her family's struggle to survive in the face of unprecedented changes in our attitudes towards the royal family, with the critical eye of an investigative reporter who is present and involved on a highly personal level.

*Chronicle of the Kings and Queens of Britain* Simon and Schuster

An account of four royal women that's "as inherently fascinating as it is exceptionally informative . . . an extraordinary read from beginning to end" (Midwest Book Review). Once upon a time there were four kings called George who, thanks to a quirk of fate, ruled Great Britain for over a century. Hailing from Germany, these occasionally mad, bad, and infamous sovereigns presided over a land in turmoil. Yet what of the remarkable women who were crowned alongside them? From the forgotten princess locked in a tower to an illustrious regent, a devoted consort, and a notorious party girl, the queens of Georgian Britain lived lives of scandal, romance, and turbulent drama. Whether dipping into politics or carousing on the shores of Italy, Caroline of Ansbach, Charlotte of Mecklenburg-Strelitz, and Caroline of Brunswick refused to fade into the background. *Queens of Georgian Britain* offers a chance to step back in time and meet the women who ruled alongside the Georgian monarchs, not forgetting Sophia Dorothea of Celle, the passionate princess who never made it as far as the throne. From lonely childhoods to glittering palaces, via family feuds, smallpox, strapping soldiers, and plenty of scheming, these are the queens who shaped an era. "A lively deep dive into the lives of four women regularly overshadowed by their husbands . . . Curzon is a captivating writer and this book is an impressive addition to her existing Georgian books." —The Lazy Historian "Curzon has a breezy, colloquial style . . . an easy and informative read." —Historical Novels Review

Southwater Pub

The monarchy is one of Britain's longest surviving institutions - as well as one of its most tumultuous and revered. In this masterful book, David Starkey looks at the monarchy as a whole, charting its magnificent history from Roman times, to the Wars of the Roses, the chaos of the Civil War, the fall of Charles I and Cromwell's emergence as Lord Protector - all the way up until the Victorian era when Britain's monarchs came face-to-face with modernity. This brilliant book, in part a collection of biographies of Britain's kings and queens, provides an in-depth examination of what the British monarchy has meant, what it means now and what it will continue to mean. Bringing to life a cast of colourful characters, Starkey's trademark energy and authority make him the perfect guide on this epic, accessible and compelling journey, as he offers us a vivid portrait of British culture, politics and nationhood through an institution that has defined the realm for nearly two thousand years.

**The Complete Genealogy, Gazetteer, and Biographical Encyclopedia of the Kings & Queens of Britain** Pitkin

Dr G.S.P. Freeman-Grenville was the consultant for Burke's *Royal Families of the World*, and his major work was the *Chronology of World History*. This specially commissioned *Book of the Kings & Queens of Britain*, a magisterial and entertainingly written overview of British monarchs from Cerdic, First King of Wessex, to George VI, is an invaluable guide to the regal chronology of Britain, and contains many insights into the foibles of one of the world's most interesting and resilient constitutional monarchies - through the vagaries of war, pestilence, regicide, civil wars and

marriage.
