Ruth Fishel knows that almost any negative habit can be changed in 21 days. While struggling with a drinking problem, Ruth discovered the power of affirmations and transformed her life. She now counsels others about this powerful form of life change. This expanded edition includes more than five hundred affirmations, indexed by topic. Finding a meaningful affirmation on almost anything is easy: Worried about a job interview? Look up Fear, Confidence or Career. Want to lose weight? Look up Food or Addiction. Other key topics include: Anger, Balance, Creativity, Exercise, Forgiveness, Grief, Health, Money, Trust, and

more. Change Almost Anything in 21 Days shows readers how to use affirmations effectively and includes five suggestions for ensuring success, as well as how to overcome barriers to change and how to tell when it's best not to make a change. NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In *The Power of Habit*, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights

movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author "Sharp, provocative, and useful."—Jim Collins "Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good."—Financial Times "A flat-out great read."—David Allen, bestselling author of *Getting Things Done: The Art of Stress-Free Productivity* "You'll never look at yourself, your organization, or your world quite the same way."—Daniel H. Finally Love the Skin You'Re in and Be the Badass Goddess You'Re Meant to Be Hay House, Inc

Many people believe that successful people must have a certain secret. The secret is what makes them rich, abundant, and success. Thus, they want to find out this secret. That's why they keep reading books, attending seminars, listening to CDs, etc. Unfortunately, there is no such secret. Even if there is a secret, it is in your mind. You don't have to look it everywhere. You can find it in your mind. But how do we find it? How do we search our minds? Well, this book can help you. This book is going to help you. This book is going to help you to master your mind. This book is going to teach you how to use the power of your mind to manifest your dreams. Some books probably discuss the Law of Attraction from the Quantum Physics perspective. Some also discuss it from the spiritual perspective. But I am going to discuss it from how the mind works, or the science of the mind. In order to master the Law of Attraction, you don't need to understand the theory of Quantum Physics or the Law of Physics. It is much more

important to master your mind. Once you have mastered your mind, you will be able to master your life, as well as the Law of Attraction. It's because everything begins from the mind. Your thoughts create your reality. You are what you think. There are 21 chapters in this book, more exactly, they are 21 DAYS. I want you to read this book one chapter per day. Why should you do that? Are you not allowed to read all the chapters at once? You can read all the chapters at once, or read it in accordance with your pace. But I would like to suggest you to read this book one chapter per day. Based on the study I read before, after reading a book, someone will forget 90% of the content of the book after 3 days. Imagine in just 3 days, we forget about 90% of the content. I don't want you to just read this book. I want you to read and understand it. And I want you practice everything what I have written in this book.

From the New York Times best-selling author of *You Can Heal Your Life* Mirror work has long been Louise Hay's signature method for cultivating a deeper relationship with yourself and others, and leading a rich and meaningful life. Now, in *Mirror Work*, she shows how in just 21 days, you can master this simple but powerful practice as an ongoing support for positive transformation and self-care. "I have been teaching people how to do mirror work as long as I have been teaching affirmations . . . The most powerful affirmations are those you say out loud when

you are in front of a mirror, looking deeply into your eyes. A mirror reflects back to you the feelings you have about yourself. It makes you immediately aware of where you are resisting and where you are open and flowing. It clearly shows what thoughts you will need to change if you want to have a joyous, fulfilling life." - Louise Hay

In this book, I broke down the idea and myths about the concept of creating a habit in 21 days. What does it take to become a successful person and improve yourself? Discipline is the most common trait in a successful person or leader. By presenting you with scientific and medical facts and personal experiences, I opened myself up to you in this book to provide you guidance in your journey to success. By being a part of the military and law enforcement, I have seen some common mistakes of those who have failed in these arenas and how some of those people were able to get back on their feet and become a successful person. Regardless of your background or history, you should have no excuses because after reading this book, you will become a better asset to your company or agency, a better entrepreneur in your business, and you will have received important tools to better yourself and life of your family.
