Postcolonial Thought and Historical Difference - New Edition Graphic Arts Books

This book offers a translation of the seven thousand verses of the second book of the medieval Hindu text, the Ganesa Purana, one of two Puranas dedicated to the important elephant-headed god. In this book the reader is given many narratives about Ganesa's ascent to earth in order to kill demonic figures who threaten to overthrow the correct world order. In addition, these narratives contain myths about Ganesa's birth and family as well as some extended and quite humorous myths about ideal devotees of the god. The translation is preceded by a long introduction offering a geographical and historical context for the Ganesa Purana. Following the translation are very extensive notes which bring our points of philological interest, but focus mainly on the literary structure of the text and the methods used to present the many myths and narratives in a coherent and fully integrated manner. Provincializing Europe MDPI

First published in 2000, Dipesh Chakrabarty's influential *Provincializing Europe* addresses the mythical figure of Europe that is often taken to be the original site of modernity in many histories of capitalist transition in non-Western countries. This imaginary Europe, Dipesh Chakrabarty argues, is built into the social sciences. The very idea of historicizing carries with it some peculiarly European assumptions about disenchanted space, secular time, and sovereignty. Measured against such mythical standards, capitalist transition in the third world has often seemed either incomplete or lacking. *Provincializing Europe* proposes that every case of transition to capitalism is a case of translation as well--a translation of existing worlds and their thought--categories into the categories and self-understandings of capitalist modernity. Now featuring a new preface in which Chakrabarty responds to his critics, this book globalizes European thought by exploring how it may be renewed both for and from the margins.

Popular Cinema in Bengal marks a decisive turn in studies of Bengali language cinema by shifting the focus from auteur and text-based studies to exhaustive readings of the film industry. The book covers a wide range of themes and issues, including: generic tropes (like comedy and action); iconic figurations (of the detective and the city); (female) stars such as Kanan Bala, Sadhana Bose and Aparna Sen; intensities of public debates (subjects of high and low cultures, taste, viewership, gender and sexuality); print cultures (including posters, magazines and song-booklets); cinematic spaces; and trans-media and trans-cultural traffic. By locating cinema within the crosscurrents of geo-political transformations, the book highlights the new and persuasive research that has materialised over the last decade. The authors raise pertinent questions regarding 'regional' cinema as a

category, in relation to 'national' cinema models, and trace the non-linear journey of the popular via multiple (media) trajectories. They address subjects of physicality, sexuality and its representations, industrial change, spaces of consumption, and cinema's meandering directions through global circuits and low-end networks. Highlighting the ever-changing contours of cinema in Bengal in all its popular forms and proposing a new historiography, Popular Cinema in Bengal will be of great interest to scholars of film studies and South-Asian popular culture. The chapters were originally published in the journal South Asian History and Culture.

We cannot be happy without satisfying our fundamental desire to love. Discover all the intricacies of spiritual love, bhakti, in this devotional classic. This is a summary study of Bhakti-rasamrita-sindhu, the Vaishnava classic written by Rupa Goswami that analyzes the various stages of bhakti (devotion) as a methodical practice resulting in love of God. Rupa Goswami uses a metaphor comparing an ocean (sindhu) to a devotional relationship with God. The title of the book conveys that loving relationships are enjoyable like sweet nectar and deep like an ocean. However, devotion is truly only meant for the supreme beloved, Krishna. Srila Prabhupada has written this summary study to show the essential understanding of the practices and ideals of Krishna consciousness, and to introduce the Western world to the beauty of devotional concepts. The spiritually thirsty can develop their relationship with Krishna by drinking from the unlimited reservoir of The Nectar of Devotion. Drink deeply.

Banarsidass Publishe

Honoured at a public function when he was a mere boy of eleven with the title 'Bharati' (one blessed by Saraswati, the Goddess of Learning), C. Subramania Bharati (1882-1921) is renowned as the herald of the renaissance in Tamil literature. The simplicity and lyricism that marked his poetry reflect a clear shift in sensibility and craft from the classical tradition, which had adhered to strictures of style, imagery and language for over 2000 years. Panchali's Pledge is the English translation of Bharati's seminal work, Panchali Sabadham, which reimagines the pivotal Game of Dice incident in the Mahabharata, where coerced into playing a game of dice by Duryodhana and Sakuni, Yudhisthira, the eldest

of the Pandavas, stakes and loses his kingdom, his wealth, his brothers and finally Draupadi, leading to her disrobing and her rescue by the divine intervention of Lord Krishna. Enraged at the quiet indifference of those present in the assembly at her plight, Draupadi finally takes a pledge to avenge her ignominy with the blood of the Kauravas. Bharati wrote and published the first of the two-part minor epic in 1912 while living in the French territory of Pondicherry to escape British persecution. It was intended as a political allegory to the ongoing freedom movement and as an affirmation of the latent power in women. Usha Rajagopalan's translation seeks to complement what Bharati himself set out to do with the original text: to 'create an epic using simple phrases, a simple style, easily understood prosody and rhythm which the common man appreciates.'

Foretelling Widowhood is the fruit of research work carried out by us during the last two decades. A work of predictive astrology, it amalgamates a plethora of principles enshrined in various classical texts and practical study of birth charts of those who have been unfortunate enough to suffer the immeasurable grief and plight of untimely widowhood. Untimely widowhood is the biggest tragedy that can befall a woman and is irreversible. In olden days, widowhood in general and untimely widowhood in particular was considered an unpardonable sin and a woman had to commit Sati, that is to mount the pyre of her late husband. Was not this inhuman? Women would be ever grateful to Raja Ram Mohan Rai whose untiring efforts led to rooting out of this obnoxious practice. A common belief among masses, as also amongst self-styled astrologers, is that mangati females or those females having kuja dosa in their birth charts are predisposed to suffer widowhood. We would like to humbly opine that this belief is only partially correct. It is not certain that females having kuja dosa will essentially undergo the miseries of marital disaster such as widowhood. Many females, who suffered untimely widowhood, were not mangati either from ascendant, or from Moon or from Venus. This is definitely a wrong concept that widowhood will curse only a mangati female. In fact, much is not known about the kuja dosa and its actual effect.

The Complete Science of Bhakti-yoga Otto Harrassowitz Verlag

The author negates some of the very old concepts, viz., that females and Shudras, and people who have not undergone the

Upanayana Samskaras have no access to Vedas or they should not perform Vedic rituals. He insists that 'all religious observances of a man, if devoid of right conduct, are of no avail. Right conduct constitutes an important element of education and civilization. In his opinion Hindus will have to develop the all-comprehensive idea of Hindu Dharma in and through their lives and activities. Their welfare lies in the Vedic prayers and practices. Those who are interested in Hindu Dharma, and those who want to know about its rituals will find the present work indispensable. The author deals with the religious practices, observances and rituals. When, how, and where certain rituals are to be performed, is clearly discussed. Benefits of Divine Communion are given special emphasis.

The Home and the World (1916) is a novel by Bengali author

Rabindranath Tagore. Written after Tagore received the 1913 Nobel Prize in Literature, the novel dramatizes the Swadeshi movement for Indian independence from British rule. Through the lens of one family, Tagore illuminates the conflict between Western culture and Indian nationalism while exploring the complex relationships of men and women in modern India. Concerned for his wife, who spends most of her days inside, Nikhil, an educated aristocrat, brings Bimala to a political rally. There, they hear the magnanimous revolutionary Sandip speak out against British imperialism and call for Indian independence. Although Nikhil remains passive, if not indifferent, regarding British rule, Bimala, who comes from a poor family, reaches a political awakening of her own. When Nikhil and Bimala invite Sandip to stay as a guest at their home, Bimala moves further away from her traditional role as a wife and begins to develop

romantic feelings for the radical figure. Aware of his growing influence, Sandip places himself between Nikhil and his wife while secretly attempting to convince Bimala to use her husband's wealth to support the Swadeshi cause. The Home and the World is a masterful novel that explores the personal behind the political, inserting the lives of individuals into history's great wheel without losing sight of humanity. With a beautifully designed cover and professionally typeset manuscript, this edition of Rabindranath Tagore's *The Home and the World* is a classic of Indian literature reimagined for modern readers.
