Thinking of Becoming a Catholic?

Ascension Press

Most evangelical Christians believe that
the smallest sin will cause eternal
condemnation. This horrific falsehood and
others underlie a Christian belief system
that is imposed on the Bible rather than

received from it. Paul Pavao uses the plain
statements of Scripture to uproot the old
foundations, lay out and establish the
foundations clearly described in the Bible,
and rebuild the basics of the faith. Verse
after verse, called difficult by traditional
teachers, click neatly into place when put
into the Christian system taught by the
apostles and once believed by all
churches. J.T. Tancock, Welsh apologist,
author, and Bible college teacher calls
Rebuilding the Foundations "explosive."
He writes, "It upsets apple carts, slays
sacred cows, and demands that we 'go

back to the Bible'. For all of those reasons
all of us must read it."God shaped Paul's
life, personality, circumstances, and
spiritual upbringing to prepare him to
write this book. "I wrote Decoding Nicea to
prove I could deal honestly with the facts
and make solid historical sources available
to the average Christian. That book was
written as much to prove that I am
qualified to write this book as for any other
reason."Thousands of churches have
hundreds of different theological systems.
Converts to all branches of modern
Christianity fall away in droves, most not

even attending a church years down the road. Pastors know the majority of their congregants have little or no zeal for the things of Christ. A foundation of errors can only produce more errors, both theologically and practically. Building on what the apostle Paul called "God's firm foundation" can deliver us from those errors.

What's the one thing that defines your life and brings you the most good, the most love? Pat Gohn knows what her one thing is: "More than any single factor in my life, belonging to Jesus Christ and the Catholic Church has had the greatest impact on me. Faith gives meaning to everything in my life." In this passionate and unapologetic account of why her faith in Christ and the Catholic Church are the source of meaning and joy in her life, Gohn—popular speaker, retreat leader, catechist, and author of *Blessed, Beautiful, and Bodacious*—invites you to become more confident in the power of the Catholic faith to transform your life as well. Being a cradle Catholic, cancer survivor, wife, and mother are all a part of Gohn's story. But in this appealing,

personal book, she shares why her relationship with Jesus and her confidence in his Church are so much bigger than her medical diagnosis, more powerful than her family history, and more significant than her career path. Gohn ardently shares why belonging to the Church will strengthen and nurture your relationship with God. It will keep you connected with Jesus and the sacraments—conduits of grace, forgiveness, healing, wisdom, and renewal. Belonging to the Church connects you to millions of others around the world, to the saints, and to your loved ones in heaven. These relationships are at the heart of Catholicism. In this time when life and society are so fragmented, the joy of belonging to a community—as imperfect as it can be—easily outweighs the agony of separation or isolation. Gohn's confidence in her faith emerged despite and even out of a struggle with disillusionment. Working in a parish when news of the sex abuse scandals broke in Boston, she confronted heartbreak and anger within herself and her fellow parishioners. Yet she never left the Church and relates how she found a way to dig deeper and discover reasons to stay

faithful. Each of the nine chapters identifies a dimension of the Catholic faith that is a source of Gohn's confidence, including the Incarnation, God's plan, the Fatherhood of God, the friendship of the Holy Spirit, and the love of neighbor. Each chapter also features reflection questions to challenge you.

The Protestant's Dilemma Aeterna Press
The Catechism of the Catholic Church teaches that the Our Father is truly the summary of the whole Gospel? (no. 2761). Catholics pray the Lord's Prayer whenever they worship at Mass and say the Rosary, and other Christians pray it frequently as well. Join Scott Hahn (accompanied by St. Cyprian, St. John Chrysostom, and St. Augustine) as he unlocks the riches of the Lord's Prayer.

On Being Catholic Ignatius Press

IF all were true that is alleged against the Catholic Church in her treatment of Holy

Scripture, then the proper title of these papers should be 'How we got', but 'How we have not got the Bible'. The common and received opinion about the matter among non-Catholics in Britain, for the most part, has been that Rome hates the Bible—that she has done all she could to destroy it—that in all countries where she has held sway she has kept the Bible from the hands of the people—has taken it and burned it whenever she found anyone reading it. Or if she cannot altogether prevent its publication or its perusal, at least she renders it as nearly useless as possible by sealing it up in a dead language which the majority of people can neither read nor understand. And all this she does, (so we are told), because she knows that her doctrines are absolutely opposed to and contradicted by the letter of God's written Word—she holds and propagates dogmas and traditions which could not stand one moment's examination if exposed to the searching light of Holy Scripture.  The popular blogger and publisher of Envoy magazine offers 10 key reasons

why he loves being Catholic (and you should too). Drawing heavily on poignant anecdotes from his own experience as a life-long Catholic born in 1960s, Madrid offers readers a way of looking at the Church--its members, teachings, customs, and history--from perspectives many may have never considered. Growing up Catholic during a time of great social and theological upheaval and transition, a time in which countless Catholics abandoned their religion in search of something else, Patrick Madrid learned a great deal about why people leave Catholicism and why others stay. This experience helped him gain many insights into what it is about the Catholic Church that some people reject, as well as those things that others treasure. Drawing upon Madrid's personal experiences, *Why Be Catholic?* offers a deeply personal, fact-based, rationale for why everyone should be Catholic or at least consider the Catholic Church in a new light.
The First Book of Moses, Called Genesis
 Catholic Answers Press
 In this provocative work, which could not be timelier, Garry Wills, one of our country's most noted writers and

historians, offers a powerful statement of his Catholic faith. Beginning with a reflection on his early experience of that faith as a child and later as a Jesuit seminarian, Wills reveals the importance of Catholicism in his own life. He goes on to challenge, in clear and forceful terms, the claim that criticism or reform of the papacy is an assault on the faith itself. For Wills, a Catholic can be both loyal and critical, a loving child who stays with his father even if the parent is wrong. Wills turns outward from his personal experiences to present a sweeping narrative covering two thousand years of church history, revealing that the papacy, far from being an unchanging institution, has been transformed dramatically over the millennia -- and can be reimagined in the future. At a time when the church faces one of its most difficult crises, Garry Wills offers an important and compelling entrée into the discussion of the church's past -- and its future. Intellectually brisk and spiritually moving, *Why I Am a Catholic* poses urgent questions for Catholic and non-Catholic readers alike.
Something other than God Zondervan
 As seen on EWTN, bestselling author Scott

Hahn unveils the mysteries of the Mass, offering readers a deeper appreciation of the most familiar of Catholic rituals. Of all things Catholic, there is nothing that is so familiar as the Mass. With its unchanging prayers, the Mass fits Catholics like their favorite clothes. Yet most Catholics sitting in the pews on Sundays fail to see the powerful supernatural drama that enfolds them. Pope John Paul II described the Mass as "Heaven on Earth," explaining that what "we celebrate on Earth is a mysterious participation in the heavenly liturgy." The Lamb's Supper reveals a long-lost secret of the Church: The early Christians' key to understanding the mysteries of the Mass was the New Testament Book of Revelation. With its bizarre imagery, its mystic visions of heaven, and its end-of-time prophecies, Revelation mirrors the sacrifice and celebration of the Eucharist. Beautifully written, in clear direct language, bestselling Catholic author Scott Hahn's new book will help readers see the Mass with new eyes, pray the liturgy with a renewed heart, and enter into the Mass more fully, enthusiastically, intelligently, and powerfully than ever before.

World-renowned New Testament scholar offers a straightforward examination of what the Bible says about the Holy Spirit. Who exactly is the Holy Spirit? What does he do in our lives? How can we know him more deeply, and is it possible to tap into his power? Should we pray to the Holy Spirit? Is it possible to be aware of his promptings and speaking into our lives? Dr. Scot McKnight answers these questions and more in this comprehensive examination of what the Bible says about this divinely important, but often confusing member of the Trinity. This is the third work in a three-part series examining some of the more mysterious components of the Christian faith. Scot's The Heaven Promise examines the afterlife. The Hum of Angels elucidates the Bible's teaching on God's supernatural messengers and protectors. Now, Open to

the Spirit examines the most mysterious member of the Trinity. Scot blogs at Patheos, a large multi-perspective blog format. It serves many influential voices from many faith and non-faith traditions. Scot's blog draws primarily a Christian readership; one that is looking for intellectual engagement and thoughtful analysis of Scripture, Theology, and Culture.

Waking Up Catholic Ignatius Press

Jennifer Fulwiler told herself she was happy. Why wouldn't she be? She made good money as a programmer at a hot tech start-up, had just married a guy with a stack of Ivy League degrees, and lived in a twenty-first-floor condo where she could sip sauvignon blanc while watching the sun set behind the hills of Austin. Raised in a happy, atheist home, Jennifer had the freedom to think for herself and play by her own rules. Yet a creeping darkness followed her all of her life. Finally, one winter night, it drove her to the edge of her balcony, making her ask once and for all why anything mattered. At that moment everything she knew and believed was shattered. Asking the unflinching questions about life and death,

good and evil, led Jennifer to Christianity, the religion she had reviled since she was an awkward, sceptical child growing up in the Bible Belt. Mortified by this turn of events, she hid her quest from everyone except her husband, concealing religious books in opaque bags as if they were porn and locking herself in public bathroom stalls to read the Bible. Just when Jennifer had a profound epiphany that gave her the courage to convert, she was diagnosed with a life-threatening medical condition and the only treatment was directly at odds with the doctrines of her new-found faith. Something other than God is a poignant, profound and often funny tale of one woman who set out to find the meaning of life and discovered that true happiness sometimes requires losing it all. Losing your religion is harder than it looks ... From devout ten-year-old performing the part of Jesus in a primary school play to blaspheming, undergraduate atheist, Monica Dux and her attitude to the Catholic Church changed profoundly over a decade. Eventually, she calmed down and was just 'lapsed'. Then, on a family trip to Rome, her young daughter expressed a desire to be baptised. Monica

found herself re-examining her own childhood and how Catholicism had shaped her. Was it really out of her system or was it in her blood for life? In *Lapsed*, Monica sets out to find the answer. Her investigations lead her to test a miracle cure in Lourdes and visit the grave of a headless Saint who claimed to be married to Christ (and wore a wedding ring made of his foreskin to prove it). She speaks to canon lawyers, abuse survivors and even a nun who insists that the Virgin Mary starts her car every morning. With wry humour and razor-sharp observations, *Lapsed* is

the story of one woman's attempt to exorcise her religious upbringing, and to answer the question, is Catholicism like a blood group and, if so, is it possible to get a total transfusion?
