purpose; (3) remove it if it isn't essential. Even if it seems essential, try removing it anyway, to see if the design falls apart.6.831/6.813 Lecture 18 Notes, Graphic designGraphic design is the process of visual communication through the use of typography, photography, iconography and illustration. The field is considered a subset of visual communication and

communication design, but sometimes the term "graphic design" is used synonymously. Graphic designers create and combine symbols, images and text to form visual representations of ideas and messages. They use typography, visual arts, and page layout techniques to create visual compositions. Common applicationsGraphic design - WikipediaNote s on Design is
