Complete Book of  
Business Plans  
CreateSpace

Readers have turned to  
The Complete Book of  
Business Plans for  
almost 10 years for  
advice and  
information, making it  
one of the bestselling  
business planning  
books of our time.

Authors Brian Hazelgren and Joseph Covello have gone back to the drawing board on this updated edition, providing readers with more than a dozen brand-new business plans. The Complete Book of Business Plans also includes revised and updated information on how to get started, what questions to ask and how to finalize a business plan that will get you off the ground and running. For business owners just starting out or seasoned veterans that want to bring their business to the next level, The Complete Book of Business Plans is the only reference they need to get the funding they're looking for.

[A Guide to Raising Capital on the Internet](#)  
Gower Publishing, Ltd. A groundbreaking book on the growing trend of crowdfunding Crowdfunding has gained considerable traction over the last few years. By

combining the Internet/social media with equity-based financing, it is poised to usher in a new asset class that will change how early stage and small business financing transactions are consummated. Author Steven Dresner, Founder and CEO of Dealflow.com, understands the nuances of how crowdfunding can help companies gain much needed access to capital, and now he shares those insights with you. Engaging and informative, this book will serve the needs of a global audience comprising entrepreneurs, financiers, and other professionals. It skillfully addresses the market dynamics that are catapulting crowdfunding into the

mainstream and explores essential issues ranging from planning an online campaign, post-transaction management, and business planning to securities law and tax issues. Puts the business of crowdfunding in perspective with a look at the current marketplace, overview of important data, and legitimate concerns Examines effective techniques for communicating with the crowd Details equity-based financing and other sources such as debt instruments Contains contributions from a wide array of individuals involved in the worlds of finance, law and accounting, social media, marketing, as well as DealFlow Media's own

staff Crowdfunding affords-start ups and other smaller businesses better access to capital via the Internet/social media. It also allows an investor of any size to back a business of their choosing. This new book will show you what this process entails and how it can benefit everyone involved.

### **The Consultants**

**Business Book**

Cengage Learning

This book starts with a self evaluation to help determine what skills needed to develop to ensure success. From that point on it explains how to build a successful consulting company. The Consultants Business Book guides the reader through the formation of a company, how to establish a business identity and how to create a business and marketing plan to help the business grow. Many consultants start their own small business and run it out of their home until it expands and needs office space. Finances, public relations and how to find and keep clients is covered in an easy to read format that provides a step by step guideline to

creating a successful, growing business. How to establish prices for services and how to deal with competition is a section that even experienced entrepreneurs should review. The training section of the book provides insight into what makes training sessions come alive. It provides tips and techniques to help make presentations sizzle, and even reveals some magic tricks that trainers can incorporate into their routines. For those who want to start their business in their own home the book provides useful insights to make that office efficient and effective. *Get it Done Right, Get it Done Fast*  
Sourcebooks Incorporated  
The comprehensive,

six-in-one package small business entrepreneurs can't afford to be without. With more Canadians considering starting their own small businesses than ever before, there's never been a greater need for a detailed, comprehensive guide to help budding entrepreneurs get off the ground. Comprised of six books in one that cover every aspect of running a business, from developing a business plan to managing growth successfully, and everything in between, *Starting and Running a Small Business For Canadians For Dummies All-in-One* will ensure readers' ventures meet with success. The ideal resource for the first-time entrepreneur in a

market when small businesses are growing fast. Provides a wealth of management advice based on recent research that shows that when small businesses are successful, they hire. Includes the financial advice that keeps new businesses from folding within their first five years. Offering Canadians everything they need to know about starting their own companies within Canada, this six-book compilation is essential reading for anyone looking to make it big in the world of small business.

*Simple Steps to Writing a Powerful Business Plan* Sourcebooks, Inc.

In today's turbulent and financially stressful times, public health managers need business planning

skills. They need to become “civic entrepreneurs,” who can creatively finance and manage needed programs using business school savvy. *Public Health Business Planning: A Practical Guide* is based on the curriculum of the highly successful Management Academy for Public Health, offered by the Kenan-Flagler Business School and the School of Public Health at the University of North Carolina at Chapel Hill. A Lewin Group evaluation showed that teams of Management Academy graduates have generated millions of dollars in revenue for local agencies through implementing business plans. This book teaches what it means to use entrepreneurial

strategies for social good, and key business planning skills such as: Assessment and strategic planning Program planning, implementation, and evaluation Financial planning and budgeting Market research and social marketing Strategies for getting funded including business writing and speaking Project management and business plan execution strategies Managing Automotive Businesses: Strategic Planning, Personnel and Finances Watson-Guptill Publications Resourcing new ventures is-all important for entrepreneurs, and creating a successful business plan can be make or break when it comes to attracting investment. Written by

an experienced academic and consultant, this book provides a concise guide for producing the optimal business plan. Business plans are vital when it comes to making strategic decisions and monitoring progress. Writing a Business Plan is designed to teach you how to write your business plan without relying on someone else or internet templates. It will take you through each stage of business-plan writing, with chapters on generating ideas; describing business opportunities; drawing a business road map; and considering marketing, financial, operations, HR, legal and risk. The book includes a range of features to assist you, including worked-

through examples. This unique book provides a one-stop shop for entrepreneurs and students of entrepreneurship to hone their skills in writing a useful and comprehensive business plan.
