The first great novel of Spanish America" (The Times Literary Supplement) • Winner of the National Book Award for Translation in 1967, translated by Gregory Rabassa Horacio Oliveira is an Argentinian writer who lives in Paris with his mistress, La Maga,

surrounded by a loose-knit circle of bohemian friends who call themselves "the Club." A child's death and La Maga's disappearance put an end to his life of empty pleasures and intellectual acrobatics, and prompt Oliveira to return to Buenos Aires, where he works by turns as a salesman, a keeper of a circus cat which can truly count, and an attendant in an insane

asylum. Hopscotch is the dazzling, freewheeling account of Oliveira's astonishing adventures.

Kalmbach Books SuperDesign charts the Italian Radicals' bold experimentation in modern design from its birth through its

continued influence on design today. Radical Design was launched by art, architecture, and design students in Italy in the mid-1960s. What started as a youthful rally against the establishment and a rejection of design norms became a movement that brought together some of the most dynamic and avant-garde thinkers and makers across the country. Through enigmatic, confrontational

and clever furniture and objects—such as the iconic lip-shaped Bocca sofa, or the Cactus coat-rack in green foam—as well as more public innovations including discotheque interiors and subversive performances, the Radicals projected design's new era as equal parts Pop Art, play, Surrealism, and futurism. Told through exclusive interviews, unreleased photographs, original drawings and

artwork unearthed from personal archives, and newly commissioned photography of rarely seen works, SuperDesign explores this fervent period of design that played out against the era's social and political turmoil. Featured designers include Archizoom Associati, Lapo Binazzi (UFO), Pietro Derossi (Gruppo Strum), Piero Gilardi, Ugo La Pietra, Gaetano Pesce, Gianni
