In *Gatefather*, the third installment in the Mither Mages series, New York Times bestselling author Orson Scott Card continues his fantastic tale of the Mages of Westil who live in exile on Earth. Danny North is the first Gate Mage to be born on Earth in nearly 2000 years, or at least the first to survive to claim his power. Families of Westil in exile on Earth have had a treaty that required the death of any suspected Gate Mage. The wars between the Families had been terrible, until at last they realized it was their own survival in question. But a Gate Mage, one who could build a Great Gate back to Westil, would give his own Family a terrible advantage over all the others, and reignite the wars. So they all had to die. And if the Families didn't kill them, the Gate Thief would—that mysterious Mage who destroyed every Great Gate, and the Gate Mage, before it could be opened between Earth and Westil. But Danny survived. And Danny battled the Gate Thief, and won. What he didn't know at the time was that the Gate Thief had a very good reason for closing the Great Gates—and Danny has now fallen into the power of that great enemy of both Earth and Westil. Shadow of the Giant Dark Horse Comics

In July 1977, "Ender's Game" appeared as a novelette in "Analog" magazine. The science fiction community immediately embraced it, nominating it for a Hugo award. Twenty-five years later, "First Meetings" celebrates "Ender's Game" by re-releasing that original short story along with three others.

Ender's Shadow Tor Science Fiction

The novel that launched the bestselling Ender's Shadow series. The human race is at war with the "Buggers," an insect-like alien race. As Earth prepares to defend itself from total destruction at the hands of an inscrutable enemy, all focus is on the development of military geniuses who can fight

such a war, and win. The long distances of interstellar space have given hope to the defenders of Earth—they have time to train these future commanders up from childhood, forging them into an irresistible force in the high orbital facility called the Battle School. Andrew "Ender" Wiggin was not the only child in the Battle School; he was just the best of the best. In *Ender's Shadow*, Card tells the story of another of those precocious generals, the one they called Bean—the one who became Ender's right hand, part of his team, in the final battle against the Buggers. Bean's past was a battle just to survive. His success brought him to the attention of the Battle School's recruiters, those people scouring the planet for leaders, tacticians, and generals to save Earth from the threat of alien invasion. Bean was sent into orbit, to the Battle School. And there he met Ender.... Ender's Game Boxed Set Tor Science Fiction

New York Times bestselling authors Orson Scott Card and Aaron Johnston return to the prequels to *Ender's Game* following *The Swarm* with *The Hive*, book two in the *Second Formic War*. Card and Johnston continue the fast-paced hard science fiction history of the *Formic Wars*—the alien invasions of Earth's Solar System that ultimately led to Ender Wiggin's total victory in *Ender's Game*. A coalition of Earth's nations barely fought off the *Formics'* first scout ship. Now it's clear that there's a mother-ship out on edge of the system, and the aliens are prepared to take Earth by force. Can Earth's warring nations and corporations put aside their differences and mount an effective defense? *Ender's Game* is one of the most popular and bestselling science fiction novels of all time. The *Formic War* series (*The First Formic War* and *The Second Formic War*) are the prequels to Ender's story. Earth Afire Tor Books

Orson Scott Card's *The Last Shadow* is the long-awaited conclusion to both the original Ender series and the Ender's Shadow series, as the children of Ender and Bean solve the great problem of the Ender Universe—the deadly virus they call the *descolada*, which is incurable and will kill all of humanity if it is allowed to escape from Lusitania. One planet. Three sapient species living

peacefully together. And one deadly virus that could wipe out every world in the Starways Congress, killing billions. Is the only answer another great Xenocide? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ender's Shadow - Ultimate Collection Marvel

From New York Times bestselling author Orson Scott Card, *Ender's Game*—adapted to film in 2013 starring Asa Butterfield and Harrison Ford—is the classic Hugo and Nebula award-winning science fiction novel of a young boy's recruitment into the midst of an interstellar war. In order to develop a secure defense against a hostile alien race's next attack, government agencies breed child geniuses and train them as soldiers. A brilliant young boy, Andrew "Ender" Wiggin lives with his kind but distant parents, his sadistic brother Peter, and the person he loves more than anyone else, his sister Valentine. Peter and Valentine were candidates for the soldier-training program but didn't make the cut—young Ender is the Wiggin drafted to the orbiting Battle School for rigorous military training. Ender's skills make him a leader in school and respected in the Battle Room, where children play at mock battles in zero gravity. Yet growing up in an artificial community of young soldiers Ender suffers greatly from isolation, rivalry from his peers, pressure from the adult teachers, and an unsettling fear of the alien invaders. His psychological battles include loneliness, fear that he is becoming like the cruel brother he remembers, and fanning the flames of devotion to his beloved sister. Is Ender the general Earth needs? But Ender is not the only result of the genetic experiments. The war with the Buggers has been raging for a hundred years, and the quest for the perfect general has been underway for almost as long. Ender's two older siblings are every bit as unusual as he is, but in very different ways. Between the three of them lie the abilities to remake a world. If, that is, the world survives. Orson Scott Card's *Ender's Game* is the winner of the 1985 Nebula Award for Best Novel and the 1986 Hugo Award for Best Novel. Earth Unaware Tor Books

Before Ender Wiggin was born, before the Battle School was built, the aliens brought war to Earth. *Ender's Game* St. Martin's Griffin

Orson Scott Card's award-winning *Ender* series is a genuine classic of science fiction. In *SHADOW PUPPETS*, the third book in the new series following *ENDER'S SHADOW* and *SHADOW OF THE HEGEMON*, he follows the fates of Ender's fellow pupils from Battle School - now facing terrible new challenges, both personal and political. Manoeuvring through international politics and war, Peter Wiggin and Achilles are each determined to defeat the other and become Hegemon. When cloned embryos carrying Bean's brilliant intelligence fall into the hands of Achilles' people, the race to protect the world has only just begun ... A FALLEN HERO - HAUNTED BY HIS PAST, BUT CAN HE CHANGE THE FUTURE? Ender Wiggin was

once considered a great military leader, a saviour for mankind. But now history judges his destruction of an alien race as monstrous rather than heroic. In the aftermath of the war, Ender disappeared, and a powerful voice arose: The Speaker for the Dead, who told the true story behind the battle with the aliens. Now, years later, a second alien race has been discovered. But again they are strange and frightening - and again, humans are dying. It is only the Speaker for the Dead, secretly Ender Wiggin, who has the courage to confront the mystery . . . and the truth.

The Hive Tor Books

A provocative collection of short fiction, edited by one of science fiction's best-known names. Of particular interest in *Future on Fire* are several stories from the cyberpunk school, as well as Pat Murphy's Nebula award-winning "Rachel in Love" and Ursula K. Le Guin's wonderful "Buffalo Gals, Won't You Come Out Tonight." "Card's selections are excellent and include an interesting range of approaches to science fiction."--School Library Journal At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The alien Formics twice attacked the human race. We barely won. Now, the international Fleet is drafting brilliant kids to train them to command our forces in the next war. And Sister Carlotta thinks she has found another one. From the teeming legions of unwanted children, she has plucked a promising candidate: Bean, the runt of the streets of Rotterdam - with a staggering brilliance as unexplainable as his mysterious origins, the secrets of which may undo every investment made in the child's future as an elite warrior. For now, those secrets will have to wait - there is only survival to manage: Survival on the streets...and survival in the Fleet's rigorous Battle School. But just as the prodigiously talented Bean's mentor, Ender Wiggin, is shipped off to Command School, Bean is thrust into an existential crisis: the discovery of a long-lost brother and the return of his worst enemy, the sadistic street thug Achilles. Worse, it is a crisis engineered by the very leaders depending on his graduation to Command School! Sci-fi legend Orson Scott Card's classic novel is skillfully adapted by writer Mike Carey (*X-Men: Legacy*) and artist Sebastian Fiumara (Marvel illustrated: *The Picture of Dorian Gray*). COLLECTING: *ENDER'S GAME: BATTLE SCHOOL 1-5*, *ENDER'S GAME: COMMAND SCHOOL 1-5*

Speaker for the Dead Tor Books

Child-hero Ender Wiggin must fight a desperate battle against a deadly alien race if mankind is to survive.

The Last Shadow St. Martin's Press

After twenty-three years, Orson Scott Card returns to his acclaimed best-selling series with the first

true, direct sequel to the classic Ender's Game. In Ender's Game, the world's most gifted children were taken from their families and sent to an elite training school. At Battle School, they learned combat, strategy, and secret intelligence to fight a dangerous war on behalf of those left on Earth. But they also learned some important and less definable lessons about life. After the life-changing events of those years, these children—now teenagers—must leave the school and readapt to life in the outside world. Having not seen their families or interacted with other people for years—where do they go now? What can they do? Ender fought for humanity, but he is now reviled as a ruthless assassin. No longer allowed to live on Earth, he enters into exile. With his sister Valentine, he chooses to leave the only home he's ever known to begin a relativistic—and revelatory—journey beyond the stars. What happened during the years between Ender's Game and Speaker for the Dead? What did Ender go through from the ages of 12 through 35? The story of those years has never been told. Taking place 3000 years before Ender finally receives his chance at redemption in Speaker for the Dead, this is the long-lost story of Ender. For twenty-three years, millions of readers have wondered and now they will receive the answers. Ender in Exile is Orson Scott Card's moving

return to all the action and the adventure, the profound exploration of war and society, and the characters one never forgot. On one of these ships, there is a baby that just may share the same special gifts as Ender's old friend Bean...
