 Eisenhower
 left office, the
 history of his
 presidency is
 so clouded by

myth, partisanship, and outright fraud that most people have little understanding of how Ike's administration worked or what it accomplished. We know—or think we know—that Eisenhower distrusted his vice president, Richard Nixon, and kept him at arm's length; that he did little to advance civil rights; that he sat by as Joseph McCarthy's reckless anticommunist campaign threatened to

wreck his administration ; and that he planned the disastrous 1961 Bay of Pigs invasion of Cuba. None of this is true. The President and the Apprentice reveals a different Eisenhower, and a different Nixon. Ike trusted and relied on Nixon, sending him on many sensitive overseas missions. Eisenhower, not Truman, desegregated the military. Eisenhower and Nixon, not Lyndon

Johnson, pushed the Civil Rights Act of 1957 through the Senate. Eisenhower was determined to bring down McCarthy and did so. Nixon never, contrary to recent accounts, saw a psychotherapist; but while Ike was recovering from his heart attack in 1955, Nixon was overworked, overanxious, overmedicated, and at the limits of his ability to function.

A Companion to Richard M. Nixon Knopf
 A biography of the thirty-seventh president of the United States, with information on his childhood, family, political career, presidency, and legacy. Simon and Schuster
 Have you ever thought you completely knew a story, inside and out, only to see some new information that shatters what you had come to accept as unquestioned fact? Well,

Richard Nixon is that story, and Nixon's First Cover-up is that new information. With few exceptions, the religious ideologies and backgrounds of U.S. presidents is a topic sorely lacking in analysis. H. Larry Ingle seeks to remedy this situation regarding Nixon—one of the most controversial and intriguing of the presidents. Ingle delves more deeply into Nixon's Quaker background

than any previous scholar to observe the role Nixon's religion played in his political career. Nixon's unique and personally tailored brand of evangelical Quakerism stayed hidden when he wanted it to, but was on display whenever he felt it might help him advance his career in some way. Ingle's unparalleled knowledge of Quakerism enables him to deftly point out how Nixon

bent the traditional rules of the religion to suit his needs or, in some cases, simply ignored them entirely. This theme of the constant contradiction between Nixon's actions and his apparent religious beliefs makes Nixon's First Cover-up truly a groundbreaking study both in the field of Nixon research as well as the field of the influence of religion on the U.S. presidency. Forty years

after Nixon's resignation from office, Ingle's work proves there remains much about the thirty-seventh president that the American public does not yet know. The President's Man Simon and Schuster What happens when a conservative president makes a liberal professor from the Ivy League his top urban affairs adviser? The president is Richard Nixon, the professor is Harvard's Daniel Patrick

Moynihan. Of all the odd couples in American public life, they are probably the oddest. Add another Ivy League professor to the White House staff when Nixon appoints Columbia's Arthur Burns, a conservative economist, as domestic policy adviser. The year is 1969, and what follows behind closed doors is a passionate debate of conflicting ideologies and personalities. Who won?

How? Why? Now nearly a half-century later, Stephen Hess, who was Nixon's biographer and Moynihan's deputy, recounts this fascinating story as if from his office in the West Wing. Daniel Patrick Moynihan (1927-2003) described in the Almanac of American Politics as "the nation's best thinker among politicians since Lincoln and its best politician among thinkers since Jefferson", served in the administration s of four presidents, was ambassador to India, and U.S. representative to the United Nations, and was four times elected to the U.S. Senate from New York. Praise for the works of Stephen Hess Organzing the Presidency Any president would benefit from reading Mr. Hess's analysis and any reader will enjoy the elegance with which it is written and the author's wide knowledge and good sense. -The Economist The Presidential Campaign Hess brings not only first-rate credentials, but a cool, dispassionate perspective, an incisive analytical approach, and a willingness to stick his neck out in making judgments. - American Political Science Review From the Newswork Series It is not much in vogue to speak of things like the public trust,

but thankfully Stephen Hess is old fashioned. He reminds us in this valuable and provocative book that journalism is a public trust, providing the basic information on which citizens in a democracy vote, or tune out. — Ken Auletta, *The New Yorker*

Washington Journal

Richard M. Nixon A Life in Full

No one remembers Richard M. Nixon as an environmental president, but

a year into his presidency, he committed his administration to regulate and protect the environment. The public outrage over the Santa Barbara oil spill in early 1969, culminating in the first Earth Day in 1970, convinced Nixon that American environmentalism now enjoyed extraordinary political currency. No nature lover at heart, Nixon opportunistically tapped the burgeoning Environmental

Movement and signed the Endangered Species Act in 1969 and the National Environmental Protection Act in 1970 to challenge political rivals such as Senators Edmund Muskie and Henry Jackson. As Nixon jockeyed for advantage on regulatory legislation, he signed laws designed to curb air, water, and pesticide pollution, regulate ocean dumping, protect

coastal zones and marine mammals, and combat other problems. His administration compiled an unprecedented environmental record, but anti-Vietnam War protests, outraged industrialists, a sluggish economy, the growing energy crisis, and the Watergate upheaval drove Nixon to turn his back on the very programs he signed into law. Only late in life did he re-embrace the

substantial environmental legacy of his tumultuous presidency. **Nixon and Watergate-- An American Tragedy** PublicAffairs From the late 1940s to the mid-1970s, Richard Nixon was a polarizing figure in American politics, admired for his intelligence, savvy, and strategic skill, and reviled for his shady manner and cutthroat tactics. Conrad Black, whose epic biography of

FDR was widely acclaimed as a masterpiece, now separates the good in Nixon—his foreign initiatives, some of his domestic policies, and his firm political hand—from the sinister, in a book likely to generate enormous attention and controversy. Black believes the hounding of Nixon from office was partly political retribution from a lifetime's worth of enemies and

Nixon's misplaced loyalty to unworthy subordinates, and not clearly the consequence of crimes in which he participated. Conrad Black's own recent legal travails, though hardly comparable, have undoubtedly given him an unusual insight into the pressures faced by Nixon in his last two years as president and the first few years of his retirement. [The Life of Richard Milhous Nixon](#)

Brokaw
recounts the endgame of the Watergate scandal and the Nixon presidency in real time, from his perspective in the press corps as a young White House correspondent for NBC News. *The American Presidents Series: The 37th President, 1969-1974* Henry Holt and Company
The Invincible Quest is an authoritative biography of one of the most accomplished

and controversial leaders of the twentieth century. Beginning with Richard Nixon's birth to Quaker parents in 1913 and ending with his death in 1994, Conrad Black traces Nixon's career, assessing both his achievements and the evolution of popular and historical thinking about him since his death. Drawing on recently opened tapes and documents,

and on Black's personal interviews with many of the major players in Nixon's administration , The Invincible Quest reveals a new side of Nixon: a man who didn't have the advantage of charisma but was surprisingly self-assured and effective; a man dogged by political scandal yet seemingly unstoppable. Opinionated, balanced, and perceptive, The Invincible Quest makes a significant

contribution to re-evaluating the idiosyncratic president's entire, eventful career. *Richard Milhous Nixon* Smithmark Pub Six Crises is the first book written by Richard M. Nixon, the 37th President of the United States. This book was published in 1962. It recounts Nixon's recollections of six major political situations that required crisis management on his part.

Why did Nixon write this book? Nixon was motivated to write this book in order to enhance his faltering public image which sorely needed enhancement. In 1962 Nixon was at a low point in his life, yet he was planning a political comeback. His efforts were successful because of the intensity of his will and his dogged determination. In just six years he became President of the United States and

leader of the free world. Tragically in another six years his character flaws caused him to lose everything. His career started in 1946 when he was elected to the U.S. Congress and to the Senate four years later. President Eisenhower selected him to be Vice President in 1952. In 1960 he was doing well. Then in 1960, he lost the presidential election to John F. Kennedy. This

blow seemed to end his public life. The next January, after his Vice Presidential term ended, he returned home to California. He intended to retire from politics and practice law. **In The Arena** Penguin
The complex man at the center of America's most self-destructive presidency In this provocative and revelatory assessment of the only president ever forced out of office, the legendary

Washington journalist Elizabeth Drew explains how Richard M. Nixon's troubled inner life offers the key to understanding his presidency. She shows how Nixon was surprisingly indecisive on domestic issues and often wasn't interested in them. Turning to international affairs, she reveals the inner workings of Nixon's complex relationship with Henry Kissinger, and

their mutual rivalry and distrust. The Watergate scandal that ended his presidency was at once an overreach of executive power and the inevitable result of his paranoia and passion for vengeance. Even Nixon's post-presidential rehabilitation was motivated by a consuming desire for respectability, and he succeeded through his remarkable resilience. Through this book we

finally understand this complicated man. While giving him credit for his achievements, Drew questions whether such a man—beleaguered, suspicious, and motivated by resentment and paranoia—was fit to hold America's highest office, and raises large doubts that he was. **The Rise of an American Politician** Random House From his seemingly

"poor boy makes good" childhood to his college years, this piercing, perceptive examination of the people, places, and events that shaped the character of Richard Nixon gives the reader a rare and a fair glimpse of the forces that shaped him. "From the Trade Paperback edition. **Richard M. Nixon** Simon and Schuster The rise, fall, and rebirth of Richard Nixon is perhaps the most

fascinating story in American politics—and perhaps the most misunderstood. Nixon: A Life is the first entirely objective biography of Richard Nixon. Former British Defense Minister Jonathan Aitken conducted over sixty hours of interviews with the impeached former president and was granted unprecedented access to thousands of pages of Nixon's

previously sealed private documents. Nixon reveals to Aitken why he didn't burn the Watergate tapes, how he felt when he resigned the presidency, his driving spiritual beliefs, and more. Nixon: A Life breaks important new ground as a major work of political biography, inspiring historians to recognize the outstanding diplomatic achievements of a man whose journey from tainted politician to respected

foreign policy expert and elder statesman was nothing short of remarkable.

Six Crises

Abrams
Based on Nixon's overlooked recordings, New York Times bestselling author John W. Dean connects the dots between what we've come to believe about Watergate and what actually happened. Watergate forever changed American politics, and in

light of the revelations about the NSA's widespread surveillance program, the scandal has taken on new significance. Yet remarkably, four decades after Nixon was forced to resign, no one has told the full story of his involvement in Watergate. In *The Nixon Defense*, former White House Counsel John W. Dean, one of the last major surviving figures of Watergate, draws on his own

transcripts of almost a thousand conversations, a wealth of Nixon's secretly recorded information, and more than 150,000 pages of documents in the National Archives and the Nixon Library to provide the definitive answer to the question: What did President Nixon know and when did he know it? Through narrative and contemporaneous dialogue, Dean connects dots

that have never been connected, including revealing how and why the Watergate break-in occurred, what was on the mysterious 18 1/2 minute gap in Nixon's recorded conversations, and more. In what will stand as the most authoritative account of one of America's worst political scandals, *The Nixon Defense* shows how the disastrous mistakes of Watergate could have been avoided

and offers a cautionary tale for our own time. *The Religious Life of a Quaker President* Capstone The landmark New York Times bestselling biography of Richard M. Nixon, a political savant whose gaping character flaws would drive him from the presidency and forever taint his legacy. "A biography of eloquence and breadth . . . No single volume about Nixon's long

and interesting life could be so comprehensive."—Chicago Tribune One of Time's Top 10 Nonfiction Books of the Year In this revelatory biography, Evan Thomas delivers a radical, unique portrait of America's thirty-seventh president, Richard Nixon, a contradictory figure who was both determinedly optimistic and tragically flawed. One of the principal architects of the modern Republican

Party and its "silent majority" of disaffected whites and conservative ex-Dixiecrats, Nixon was also deemed a liberal in some quarters for his efforts to desegregate Southern schools, create the Environmental Protection Agency, and end the draft. The son of devout Quakers, Richard Nixon (not unlike his rival John F. Kennedy) grew up in the shadow of an older, favored brother and thrived on

conflict and opposition. Through high school and college, in the navy and in politics, Nixon was constantly leading crusades and fighting off enemies real and imagined. He possessed the plainspoken eloquence to reduce American television audiences to tears with his career-saving “Checkers” speech; meanwhile, Nixon’s darker half hatched schemes designed to take down his

political foes, earning him the notorious nickname “Tricky Dick.” Drawing on a wide range of historical accounts, Thomas’s biography reveals the contradictions of a leader whose vision and foresight led him to achieve détente with the Soviet Union and reestablish relations with communist China, but whose underhanded political tactics tainted his reputation long before the Watergate

scandal. A deeply insightful character study as well as a brilliant political biography, *Being Nixon* offers a surprising look at a man capable of great bravery and extraordinary deviousness—a balanced portrait of a president too often reduced to caricature. Praise for *Being Nixon* “Terrifically engaging . . . a fair, insightful and highly entertaining portrait.”—*The Wall Street*

Journal "Thomas has a fine eye for the telling quote and the funny vignette, and his style is eminently readable."—The New York Times Book Review King Richard Touchstone Books This companion offers an overview of Richard M. Nixon's life, presidency, and legacy, as well as a detailed look at the evolution and current state, of Nixon scholarship. Examines the	central arguments and scholarly debates that surround his term in office Explores Nixon's legacy and the historical significance of his years as president Covers the full range of topics, from his campaigns for Congress, to his career as Vice-President, to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential	Materials Project Richard M. Nixon Vintage Learn more about Richard Nixon--one of America's most unpopular presidents and the only one to resign from the position. On August 8, 1974, millions sat stunned as they watched Richard Nixon on TV when he announced he was stepping down as the President of the United States. He'd participated in a scandal that included secret tape recordings, a
---	--	--

burglary, and a cover-up, and now his secrets and lies were catching up to him. How could Nixon, a man who had been reelected in a landslide victory just two years earlier, now be leaving office in disgrace? Author Megan Stine takes readers through President Nixon's life--from his childhood and military experiences during World War II--to his long political career and the

Watergate scandal that tarnished his legacy and deepened American's mistrust of the government. RN McClelland & Stewart For many years before he became president, Richard Nixon's decisions vitally affected the well-being of the nation. Six of those decisions significantly shaped the man who would later become the thirty-seventh president of the United States. Six

Crises is a close-up look at this dynamic man, recalling the demands placed up him, the thinking behind his decisions, and the pressures of political life. A best-seller when first published in 1962, it examines the turning points of Nixon's early public career - from the Hiss case to the the Checkers speech to the kitchen debate with Krushchev and the presidential campaign against

Kennedy in 1960. It provides a remarkable self-portrait of Nixon as congressman, senator, and vice-president, as well as a compelling window on history. The Memoirs of Richard Nixon, with a New Introduction Penguin
 PRESIDENT NIXON shows a man alone in a White House ruled by secrets and lies, trying to impose old values at home and new balances of power

everywhere in the world. Reeves proves that the Watergate scandal was no aberration in an administration foreshadowed by a series of successful uses of 'national security' to cover coups, burglaries, lies, the abandonment of America's allies - and even murder. Reeves portrays a man of vision and iron will who created, used and was used by a small cast of hard, ambitious

men who formed a poisonous circle around their insecure leader. Alone, Nixon challenged and changed the world's political and military balance while also plotting to destroy both the Democratic and Republican parties in an attempt to create secretly a new party of the centre. This account of Nixon's stewardship will stand as the balanced, authoritative portrait of an
