- The first book to celebrate great artists who died before their time- Unique insight into the lives, work and deaths of some of history's most tragic artists- A richly illustrated resource, featuring many great names of art, including Masaccio, Basquiat, Schiele, Murayama, Anguissola, Girtin, Boty and moreDesperately Young introduces the masterpieces left behind by some of the greatest rising stars in fine art - all of whom died before their thirtieth birthday. Precocious talent seeps from each artist's work,

along with a sense of unfulfilled potential. Informative biographies detail their legacies, while their tragic deaths lead us to wonder what heights they might've reached, had their lives not been cut short. Richly illustrated, Desperately Young presents prime examples of each artist's work, demonstrating how our cultural heritage is just a little narrower for their loss. From Europe to America to Japan and the Indian Subcontinent, the mid14-hundreds to the late 20th century, this book hails the acknowledged greats and introduces those who died before they could leave an indelible mark on history. A compendium of 111 artists who fell prey to sickness, warfare, heartbreak or bad luck, Desperately Young is the only book to provide an in-depth study of artists who died young.

The first publication of contemporary pop artist Robert Mars' collage art, intertwines notions of legacy and identity in his Futurelics Popforms. Futurelics: Past is Present is the first publication of the work of contemporary artist Robert Mars that earned comparisons with Andy Warhol, Robert Rauschenberg, Richard Diebenkorn, James Rosenquist, and other Pop Art masters. Taking inspiration from the golden age of American popular culture and the iconography of the 1950s and 60s, Mars employs a rich color palette in collage art. Often tongue-in-cheek, his signature neon Futurelics Popforms pay homage to the power of iconic branding, gripping beauty, and whimsical imagery cultivated by the urgent pressures that evolved from post-WWII to the present. Mars' optimism recalls a time when instant digital celebrity was inconceivable - when people lived with the myth of uniquely untouchable icons - the Futurelics - Marilyn Monroe,

Elizabeth Taylor, James Dean, Audrey Hepburn, Elvis Presley, and many others. Futurelics are what have lasting impact - what births a legacy, larger than life, larger than lifestyle. That is Futurelics. For a hardcover copy published by Scala Arts Publishers Inc. please visit:

Biopics on artists influence the popular perception of artists' lives and work. Projected Art History highlights the narrative structure and images created in the film genre of biopics, in which an artist's life is being dramatized and embodied by an actor. Concentrating on the two case studies, Basquiat (1996) and Pollock (2000), the book also discusses larger issues at play, such as how postwar American art history is being mediated for mass consumption. This book bridges a gap between art history, film studies and popular culture by investigating how the film genre of biopics adapts written biographies. It identifies the functionality of the biopic genre and explores its implication for a popular art history that is projected on the big screen for a mass audience.

The book broaches a wide spectrum of topics including, but not limited to, mathematics and creator algorithms, neurosciences of artistic creativity, paintings and dynamical systems as well as computational research for architecture. The international authorship is genuinely interdisciplinary and the target audience primarily comprises readers interested in transdisciplinary research between neuroscience and the broad field of aesthetics.

Focusing on Jean-Michel Basquiat's extraordinary breadth of influences, from graffiti to bebop jazz to Hollywood cinema, this exciting new survey charts his ground-breaking career. Basquiat first came to prominence when he collaborated with Al Diaz to spray-paint enigmatic statements under the pseudonym SAMO(c). He went on to work on collages, Xerox art, postcards, performances, and music before establishing his reputation as one of the most important painters of his generation.

Accompanying a major exhibition at the Barbican Art Gallery, this book opens with introductory essays from the curators, which place his practice in a wider art historical context and look at his career through the lens of performance. Six thematic chapters offer new research, with essays from poet Christian Campbell on SAMO(c); curator Carlo McCormick on New York / New Wave; writer Glenn O'Brien on the downtown scene; academic Jordana

Moore Saggese on Basquiat's relationship to film and television; and music scholar Francesco Martinelli on Basquiat's obsession with jazz. This insightful new survey also features extended captions, rare archival material, and extensive photography, demonstrating how Basquiat's legacy remains more powerful and relevant than ever today.

A rare and poignant compilation of photography and written anecdotes by American photographer and artist Lee Jaffe that captures his close friendship, collaboration, and travels with the artist Jean-Michel Basquiat as they traversed Japan, Thailand, and Switzerland in 1983. Lee Jaffe, a cross-disciplinary visual artist, musician, and poet, took photos of his friend, Jean-Michel Basquiat, when they traveled abroad in 1983. As a photographer, Jaffe had a connection to Basquiat, and their time spent together resulted in an archive of imagery that captured one of the art world's true legends through an unfiltered and authentic lens. Basquiat and Jaffe connected over reggae music at a mutual friend's art show. It was the early 1980s in New York, when the art scene was raw, complicated, and thriving, and Jaffe cultivated strong connections with cultural figures such as Basquiat, Bob Marley, and Peter Tosh. "For me, watching him [Jean] paint reminded me of the times I would sit and play harmonica while Bob Marley, with his acoustic guitar, would be writing songs that were eventually to become classics," Jaffe says. "With Jean and Bob, it seemed like they were channeling inspiration coming from an otherworldly place." This beautiful volume presents snapshots of Basquiat: from the artist smiling on a bullet train to Kyoto and behind-the-scenes documentation of Basquiat creating artwork in St. Moritz, to poignant portraits that mirror his undeniable

magnetism. These rare depictions of Basquiat come to life with Jaffe's unforgettable experiences of their friendship, collaborations, and travels detailed in private written memories and anecdotes. This insightful and moving illustrated volume captures the soul of the unedited, ambitious, young artist during the height of his short yet unprecedented artistic career.

Arts Magazine Princeton University Press

A collection of essential quotations and other writings from artist and icon Jean-Michel Basquiat One of the most important artists of the late twentieth century, Jean-Michel Basquiat explored the interplay of words and images throughout his career as a celebrated painter with an instantly recognizable style. In his paintings, notebooks, and interviews, he showed himself to be a powerful and creative writer and speaker as well as image-maker. *Basquiat-isms* is a collection of essential quotations from this godfather of urban culture. In these brief, compelling, and memorable selections, taken from his interviews as well as his visual and written works, Basquiat writes and speaks about culture, his artistic persona, the art world, artistic influence, race, urban life, and many other subjects. Concise, direct, forceful, poetic, and enigmatic, Basquiat's words, like his art, continue to resonate. Select quotations from the book: "I cross out words so you will see them more; the fact that they are obscured makes you want to read them." "I think there are a lot of people that are neglected in art, I don't know if it's because of who made the paintings or what, but, um . . . black people are never really portrayed realistically or I mean not even portrayed in modern art." "Since I was 17, I thought I might be a star." "The more I paint the more I like everything." "I think I make art for myself,

but ultimately I think I make it for the world."

*Claude Monet* Cengage Learning

American artist Jean-Michel Basquiat (1960-1988) quickly became one of art history's most luminescent personalities; his friendships with Andy Warhol, Keith Haring, and Madonna, as well as his tragic death at the age of twenty-seven, are the stuff of legend. This retrospective publication traces the artist's unique career and pinpoints his important position in art history.

Basquiat's works are marked by the kind of intensity and energy that also determined the course of his brief life. In just eight years--comparable to the career of Egon Schiele--Basquiat not only managed to create an extensive oeuvre, but also to establish new figurative and expressive elements alongside Conceptual and Minimal Art. At the age of twenty-one, he became the youngest artist ever to be invited to the documenta, while his work also anticipated that of Germany's Junge Wilde movement and the art of the nineties. ## Media

Whether it's Cecil Beaton's flamboyant, classically tailored suits, Frida Kahlo's love of bright color, or Cindy Sherman's penchant for minimalism, an artist's attire often reflects the creative and spiritual essence of his or her work. In *Legendary Artists and the Clothes They Wore*, fashion authority Terry Newman presents more than forty fully illustrated profiles of masters whose enduring art bears an idiosyncratic stamp—and whose unique way of dress does the same through a signature look, hairstyle, or accessory—and explores the relationship between the two in detail. In that context, this colorful volume also examines the nonlinear sensibility that has always been the name of the game in what is considered modern style. It examines the dialogue

between art and fashion as well as noteworthy artist and designer relationships, such as Yves Saint Laurent's Mondrian Collection, primary-colored shift dresses inspired by the painter's work, and Louis Vuitton's numerous groundbreaking collaborations with major artists, a concept initiated by designer Marc Jacobs that not only has launched some of the fashion industry's most successful bags, made the art of contemporary masters available to the world at large, and been copied widely ever since. Numerous compelling features—anecdotes about the artists and their work; portraits of the artists in their studios; archival photographs; select pairings of fine art and runway imagery; quotations by artists, art critics, and designers—make this a rich, engaging study for fashion and art lovers alike.
