*Bahrain, Qatar, United  
Arab Emirates and the  
Sultanate of Oman*

Routledge

Around the Gulf lie hot, hazy lands of modern myth and ancient legend, where skyscrapers sparkle on the edge of the desert, where mud-brick fortresses crumble into the sand. Beyond the hasty, square-cut cities of glass and concrete, labyrinthine villages, palm-shaded oases and lazy beaches await discovery. This Way the Gulf States brushes aside the veil to reveal the culture, the history and mysteries of these intriguing countries.

Routledge

This volume examines  
the changing economic  
and internal security  
challenges faced by  
the Gulf countries and

the problems they face with Iran, Iraq, and other Gulf states. The special military and security needs of Bahrain, Oman, Qatar, and the United Arab Emirates are analyzed here in detail, as are their growing demographic problems and export plans.

The Making of the Modern Gulf States

Rand Corporation

A long-standing economic policy goal of the oil-dependent states of the Gulf Cooperation Council is to increase economic diversification. Over the last decades, GCC governments fostered the development of non-oil economies through large-scale public investments in the stocks of human and physical capital. This book takes a new look at economic

diversification efforts by examining the impact of different public expenditure categories (capital, education, health) on non-oil GDP and labour productivity developments in the three GCC countries Bahrain, Oman and Qatar since the 1970s. Building both.

*Conflict and Change in the Persian Gulf*

Routledge

This report divided in 10 chapters. It deals in the first chapter with corporate organizations, including subjects such as: where locating your office, staff qualifications, working with agents and distributors, keeping out of trouble, receivables and getting paid. In the second chapter, entitled "Risk assessment and corporate security",

the main subjects are: boycott legislation, terrorism and the threat of being hijacked, payments risks, Dos and don'ts of corporate survival. The other 8 chapters contain information on the investment option, management, productivity and manpower, transfer of technology and know-how, Gulf financial markets, countertrade and oil barter, merchandising and franchising, the legal environment taxation and the Gulf Cooperation Council Agency Procedure in the Gulf Cooperation Council States Modern development and traditional aspects of the GCC countries- Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and U.A.E. The Gulf States

The Gulf Cooperation Council represents both a model of development and unity in the Arab world and a working example of interstate cooperation to other nations. In this volume, contributors describe the rationale for Gulf unity and cooperation and analyze the financial, economic, and legal institutions of the GCC member states (Saudi Arabia, Kuwait, the United Arab Emirates, Oman, Bahrain, and Qatar). They focus on the GCC's role in maintaining stability in the Arabian peninsula, an area that is clearly vital to U.S. interests. Contributors pinpoint the essential elements of GCC unity, including its efforts to obtain optimum economic self-sufficiency, to maximize market share

and revenue from oil production, and to establish an integrated legal framework. The GCC's unique security needs, given the member states' vast combined area and thinly spread populations, are also discussed. An overview of the strategic interests and policies of both superpowers toward the region reveals a history of decline in their influence and prestige that is a result, it is argued, of misperceptions and misguided policies. Finally, documentation and bibliographic sections enhance the book's usefulness as a handbook on the GCC and the Arabian Gulf states.

### **Country Report**

Even the most serious and well travelled of

cooks would be amazed at the vast array of spices and fresh ingredients available in the markets of the Gulf States. The arid landscape of the region contrasts remarkably with the abundance of food and flavours. Cooking of the Gulf enables you to bring these unique flavours into your kitchen. With easy-to-prepare recipes, you will be able to delight family and friends with the aromatic flavours of Arabic cooking.

### **The Outlook for Arab Gulf Cooperation**

The five Countries covered in this book, Kuwait, Bahrain, Qatar, the United Arab Emirates, and Oman-- are all Arab states on the Persian Gulf that share certain characteristics. But

they are not the only countries that border the gulf. Iran, Iraq, and Saudi Arabia share the coastline as well, and they too shared in the historical development of the area. Of the five states covered in this book, Oman has a particular culture and history that distinguish it from its neighbors. It also is the state with the shortest coastline along the Persian Gulf. Most of Oman lies along the Gulf of Oman and the Arabian Sea. The main element that unites these countries is the nature of their involvement with people and nations beyond the region. In this book you will be detailing with the history information of each of the five states, Government, Politics, ruling system, Economy and more

*Bahrain, Oman, Qatar, And The Uae*  
 The Gulf States are the focus of great international interest – yet their fabulous evolution from pearl-fishing to oil-drilling, their individuality and variety, are screened by a thick cloud of petro-dollars. This book, first published in 1989, tells the story of their formation, their evolution from colonial dependency to statehood, and their transformation by oil. The result is an informed and balanced picture of the political, economic, religious and cultural character of the area. It is also a story of the powerful families and their sheikhs that have had to hurry these states into the modern world; of the interchanging role of political and

economic dependence, the influence of the oil industry, the influx of workers from abroad, and the varying forces acting on the Gulf States.

*Large-scale Regional Project Approved for the Governments of Bahrain, Oman, Qatar, and United Arab Emirates*

This report examines what binds and divides the six Gulf Cooperation Council (GCC) states—Bahrain, Kuwait, Oman, Qatar, Saudi Arabia, and the

United Arab Emirates—and presents the outlook for the GCC's evolution over the next ten years. The study aims to help policymakers better understand intra-GCC dynamics and prepare for future trends in a region with high stakes for U.S. strategic interests.
