 "Whenever there is a problem, repeat over and over: All is well. Everything is working out for my highest good. Out of this situation only good will come. I am safe." In this healing tour de force, best-selling authors Louise L. Hay and Dr. Mona Lisa Schulz have teamed up for an exciting reexamination of the quintessential teachings from *Heal Your Body*. *All Is Well* brings together Louise's proven affirmation system with Mona Lisa's knowledge of both medical science and the body's intuition to create an easy-to-follow guide for health and well-being. And, for the first time ever, they present scientific evidence showing the undeniable link between the mind and body that

makes these healing methods work. Bringing focus and clarity to the effects of emotions on the body, *All Is Well* separates the body into seven distinct groups of organs—or emotional centers—that are connected by their relationship to certain emotions. Structured around these emotional centers, the authors outline common imbalances and probable mental causes for physical illness. They also include case studies that show a complete program for healing that draws from all disciplines, including both traditional and alternative medicine, affirmations, nutritional changes, and so much more. Using the self-assessment quiz, the holistic health advice, and an expanded version of Louise's original affirmation chart, you can learn how to heal your mind and body with affirmations and intuition and live a balanced, healthy life.

 "A much-needed guidebook . . . a treasure chest of insights." — Caroline Myss, M.D.
 "[A] brilliant new work . . . profound healing advice." — Brian L. Weiss, M.D. Many of us grapple with how to stay happy, calm, and focused in a world that seems to get more complex by the minute. How do we keep our wits about us, our mood stable, and our memory intact when our brains and bodies are bombarded with information and influences from every side? This one-of-a-kind resource combines cutting-edge science with compassion and wisdom to offer answers we can really use. *Heal Your Mind* continues the three-pronged healing approach that Dr. Mona Lisa Schulz and Louise Hay pioneered together in *All Is Well: Heal Your Body with Medicine, Affirmations, and Intuition*. Here, it's applied to aspects of the mind ranging

can use what we learn from others to make changes in our own lives. I hope this book will allow you to realize that you, too, have the strength within to change, and to find solutions on your own—that is, to seek the answers that are within you." — Louise L. Hay

Updated Edition, with a Revised Cover!

"This book is a collection of letters I've received and answered over the years from people all over the world. The letters express deep concerns about 20 different topics—including addictions, dis-ease, family relationships, the inner child, and parenting, just to name a few. Almost all of the people who have written to me have wanted to change themselves—and their world—in some way. In my replies, I've tried to be the catalyst that helps these individuals accomplish their goals. I think of myself as a stepping-stone on a pathway of self-discovery. Perhaps you will see some aspect of yourself in these pages. It is my belief that by reading about other people's challenges and aspirations, we can see ourselves and our own problems in different ways. Sometimes we

can use what we learn from others to make changes in our own lives. I hope this book will allow you to realize that you, too, have the strength within to change, and to find solutions on your own—that is, to seek the answers that are within you." — Louise L. Hay

Since its publication in 1984, Louise Hay's international bestseller *You Can Heal Your Life* has sold over 40 million copies worldwide. Now, in *MIRROR WORK: 21 DAYS TO HEAL YOUR LIFE*, the popular teacher and author offers the first book dedicated to her signature practice for personal transformation. The Mirror Principle, one of Louise's core teachings, holds that our experience of life mirrors our relationship with ourselves; unless we see ourselves as loveable, the world can be a dark and lonely place. Mirror work—looking at oneself in a mirror and repeating positive affirmations—is Louise's powerful method for learning to love oneself and experience the world as a safe and loving place. Like her successful video course, *Loving Yourself*, *MIRROR WORK* lays out a 21-day program of teachings and exercises to help readers deepen their relationship with themselves and live a joyous and fulfilling life. "Doing mirror work," Louise tells readers, "is one of the most loving gifts you can give yourself." Each of the 21 days is organized around a theme, such as monitoring self-talk, overcoming fear, releasing anger, healing relationships, forgiving self and others, receiving prosperity, and living stress-free. The daily program involves an exercise in front of the mirror, affirmations, journaling, an inspiring Heart Thought to ponder, and a guided meditation. Packed with practical guidance and support, presented in Louise's warmly personal words, *MIRROR WORK*—or Mirror Play, as she likes to call it—is designed to help readers:

- Learn a deeper level of self-care
- Gain confidence in their own inner guidance system
- Develop awareness of their soul gifts
- Overcome resistance to change
- Boost self-esteem
- Cultivate love and compassion in their relationships with self and others

In just three weeks, the reader can firmly establish the practice of Mirror Work as an ongoing vehicle for positive growth and self-care, and a path to a full, rich life.

Best-selling author Louise L. Hay has spent her life teaching people that their thoughts create their lives, and she has written numerous books for adults that have helped them discover their own self-worth. Similarly, Louise has always believed that if children could learn the power of their thoughts early on, their journey through life would be happier and more rewarding, with fewer struggles along the way. Within these pages, there are wonderful examples of kids turning "negative" thoughts such as worry, anger, and fear into positive words and actions that express joy, happiness, and love. There are also tips that show children how they can apply affirmations to their daily lives. Vibrant illustrations and simple text make these concepts easy to understand for even the youngest child. "Colors and numbers have a lot of significance for us. We each have our own personal number vibrations and personal color vibrations. Some of these numbers, such as our date of birth, are permanent. We also have temporary personal colors that change with the calendar. By consciously surrounding ourselves with our personal colors, we become more in tune with the cosmic forces. Colors and numbers are useful to our lives and attitudes. They may form a basis for our affirmations and declarations about ourselves, which is exactly the purpose of this book. May every Colors & Numbers day be a joyous one for you!" — Louise L. Hay
