The story of the first German immigrants to northern Indiana is the story of the beginnings of South Bend. The predominant immigrant group from the 1840s to the 1870s, the Germans helped build South Bend from an isolated trading post into a thriving industrial city. They also played a key role in

transforming the surrounding wilderness into rich and fertile farmland. Using first-hand personal accounts and public documents, German Settlers of South Bend illustrates the lives of these pioneer immigrants and their growing city. The material has been collected from a large number of sources on both sides of the Atlantic, including more than 200 German letters from the 1840s to the 1870s that provide glimpses into the day-to-day lives of these early settlers and their families back in Germany. Descendants of immigrants from all over

the United States and Germany have come forward with genealogies, stories, and pictures, providing a far-reaching portrait of the times.

Sex, Lies & Lipstick Pinnacle Books
Megs Devonshire sets out to fulfill her younger brother George's last wish by uncovering the truth behind his favorite story. The answer provides hope and healing and a magical journey for anyone whose life has ever been changed by a book. 1950: Margaret Devonshire (Megs) is a seventeen-year-old student of mathematics and physics at Oxford University. When her beloved eight-year-old brother asks Megs if Narnia is real, logical Megs tells him it's just a book for children, and certainly not true. Homebound due to his illness, and remaining fixated on his favorite books,

George presses her to ask the author of the recently released novel *The Lion, the Witch and the Wardrobe* a question: "Where did Narnia come from?" Despite her fear about approaching the famous author, who is a professor at her school, Megs soon finds herself taking tea with C.S. Lewis and his own brother Warnie, begging them for answers. Rather than directly telling her where Narnia came from, Lewis encourages Megs to form her own conclusion as he slowly tells her the little-known stories from his own life that led to his inspiration. As she takes these stories home to George, the little boy travels father in his imagination than he ever could in real life. Lewis's answers will reveal to Megs and her family many truths that science and math cannot, and the gift she thought

she was giving to her brother—the story behind Narnia—turns out to be his gift to her, instead: hope. A captivating, standalone historical novel combining fact and fiction An emotional journey into the books and stories that make us who we are Includes discussion questions for book clubs

Historical Memory in Chinese Politics and Foreign Relations Harper Muse

His Callahan Destiny? Tighe Callahan is wild and free as the wind, until he starts chasing the beautiful River Martin. After he catches her—in a midnight seduction he'll never forget—Tighe learns he's about to become a daddy...three times

over! Not even an ornery bull can stop him from making River and their babies-to-be his. Standing down isn't in River's vocabulary. Tighe can insist on doing the honorable thing all he wants—she isn't tying the knot until the cowboy says he loves her. Only, now her wounded warrior's on some dangerous, life-changing quest. Tighe's finally ready to heed the message of his ancestors: defend his land and claim his woman. Because it's never too late to become the Callahan he was destined to be!

Theory and History Cambridge University Press

Before captivating America as Morticia in *The Addams Family*, actress Carolyn Jones appeared in 30 movies (including starring roles with Elvis Presley and Frank Sinatra) and had a decade-long

marriage to producer Aaron Spelling. But the road to Hollywood from her native Amarillo, Texas, was studded with rejection, typecasting, and unwanted comparisons to an actress who hated her: Bette Davis. Author James Pylant unveils the real Carolyn Jones, with access to her personal correspondence and journal, as well as interviews with her family, friends and fellow actors. What emerges is an intimate portrait of the iconic actress, a consummate professional who created a mystique not only for Morticia but for herself.-- Website.

How could the Chinese Communist Party (CCP) not only survive but even thrive,

regaining the support of many Chinese citizens after the Tiananmen Square crackdown of 1989? Why has popular sentiment turned toward anti-Western nationalism despite the anti-dictatorship democratic movements of the 1980s? And why has China been more assertive toward the United States and Japan in foreign policy but relatively conciliatory toward smaller countries in conflict? Offering an explanation for these unexpected trends, Zheng Wang follows the Communist government's ideological reeducation of the public, which relentlessly portrays China as the victim of foreign imperialist bullying during one hundred years of humiliation. By concentrating on the telling and teaching of history in today's China, Wang illuminates the thinking of

the young patriots who will lead this rising power in the twenty-first century. Wang visits China's primary schools and memory sites and reads its history textbooks, arguing that China's rise should not be viewed through a single lens, such as economics or military growth, but from a more comprehensive perspective that takes national identity and domestic discourse into account. Since it is the prime raw material for constructing China's national identity, historical memory is the key to unlocking the inner mystery of the Chinese. From this vantage point, Wang tracks the CCP's use of history education to glorify the party, reestablish its legitimacy, consolidate national identity, and justify one-party rule in the post-Tiananmen and post-Cold War era. The

institutionalization of this manipulated historical consciousness now directs political discourse and foreign policy, and Wang demonstrates its important role in China's rise.

Constantine's victory in 312 at the battle of the Milvian Bridge established his rule as the first Christian emperor. This book examines the creation and dissemination of the legends about that battle and its significance. Christian histories, panegyrics and an honorific arch at Rome soon commemorated his victory, and the emperor himself contributed to the myth by describing his vision of a cross in the sky before the battle. Through meticulous research into the late Roman narratives and the medieval

and Byzantine legends, this book moves beyond a strictly religious perspective by emphasizing the conflicts about the periphery of the Roman empire, the nature of emperorship and the role of Rome as a capital city. Throughout late antiquity and the medieval period, memories of Constantine's victory served as a powerful paradigm for understanding rulership in a Christian society.

Aeolian-Skinner Remembered Texas A&M University Press

Harry Callahan (1912-1999) is regarded as one of the most innovative and influential 20th century American photographers. By amplifying the abstract tendencies of New Vision in a lyrical mode evincing great sensitivity, he was able to overcome the prevailing

realist aesthetic in American photography. This retrospective presents Callahan's multi-faceted photographic oeuvre, the product of tireless and prolific creative labours over the course of nearly sixty years. With nearly 200 works, it shows the entire spectrum of Callahan's production.

This cookbook is a collection of my Italian-American grandma's most iconic recipes. My memories of my grandma are closely tied with the food she would make when I was growing up. This book captures the spirit of my grandma through the food she loved to share with her friends and family.

[Time, Space and Multiplicity in World Politics](#) Silkworm Books

This collection of essays by leading American film scholars charts a whole new territory in genre film criticism. Rather than assuming that genres are self-evident categories, the contributors offer innovative ways to think about types of films, and patterns within films, in a historical context. Challenging familiar attitudes, the essays offer new conceptual frameworks and a fresh look at how popular culture functions in American society. The range of essays is exceptional, from David J. Russell's insights into the horror genre to Carol J. Clover's provocative take on "trial films" to Leo Braudy's argument for the subject of nature as a genre. Also included are essays on melodrama, race, film noir, and the industrial context of genre production. The contributors confront the

poststructuralist critique of genre head-on; together they are certain to shape future debates concerning the viability and vitality of genre in studying American cinema.

University of North Texas Press

Than Shwe is one of the world's most notorious dictators, presiding over a military regime that persists in repressing and brutalizing its own people. Until now, his story has not been told. *Than Shwe: Unmasking Burma's Tyrant* provides the first-ever account of Than Shwe's journey from postal clerk to dictator, analyzing his rise through the ranks of the army, his training in psychological warfare, his belief in astrology, his elimination of rivals, and his ruthless suppression of dissent. Drawing on the insights of Burma Army

defectors, international diplomats, and others, Benedict Rogers provides a compelling account of the reclusive and xenophobic character of Than Shwe, and life in Burma under his rule. What others are saying This book explains General Than Shwe's extraordinary rise to power—and why it is futile to expect that any kind of “engagement” with his regime will lead to meaningful change and even a modest democratization of this troubled Southeast Asian country. Than Shwe is a tyrant, and tyrants don't negotiate their own demise. Anyone who still believes that is possible should read this book.—Bertil Lintner, author of *Burma in Revolt*. In this path-breaking book, Benedict Rogers shines a light into some of the darkest corners of Burma's military dystopia, and in so doing

exposes the cunning rise of a man who wraps himself in the trappings of Burma's ancient kings. Meticulously researched, powerfully written, and provocatively argued, this book deserves a place on the bookshelf of all of those interested in Burma, in Southeast Asia, and in the eternal struggle against tyranny and injustice.—Sean Turnell, author of *Fiery Dragons: Banks, Moneylenders and Microfinance in Burma Highlights* - A timely and penetrating inside look at the life of Burma's reclusive leader - Powerful exposé of the international crimes committed by the Than Shwe regime - Vivid account of Than Shwe's rise through the ranks of the military, the corruption of his family, the widespread rights violations inflicted on his people,

and the lives of his rivals, cronies, and potential successors

China's International Relations and Harmonious World University Press of Kentucky

Authors Bob Alexander and Donaly E. Brice grappled with several issues when deciding how to relate a general history of the Texas Rangers. Should emphasis be placed on their frontier defense against Indians, or focus more on their role as guardians of the peace and statewide law enforcers? What about the tumultuous Mexican Revolution period, 1910-1920? And how to deal with myths and legends such as One Riot, One Ranger? Texas Rangers: Lives, Legend,

and Legacy is the authors' answer to these questions, a one-volume history of the Texas Rangers. The authors begin with the earliest Rangers in the pre-Republic years in 1823 and take the story up through the Republic, Mexican War, and Civil War. Then, with the advent of the Frontier Battalion, the authors focus in detail on each company A through F, relating what was happening within each company concurrently. Thereafter, Alexander and Brice tell the famous episodes of the Rangers that forged their legend, and bring the story up through the twentieth century to the present day in the final chapters.

From Pocatello to Princeville: A History of

JonesTrading is the story of a family and a firm. The story begins in Ottawa, Canada, the name of the town being derived from an Algonquin word, Odawa, which means "to trade." "Go West, Young Man," said newspaper editor Horace Greeley and William H. Jones did just that, leaving Canada in the mid 1880s as a teenager to head west for Pocatello, Idaho, where he worked for the railroad. William later married Sarah "Sadie" Kelley and they went on to have three boys: George, Frank and Burt. The life of George Jones would change dramatically when the family moved to Los Angeles in 1911. Over the next decade, George would attend the University of California at Berkeley, serve as an officer in World War I, marry a woman who came from a long line of

trailblazing California women, and start his own investment firm with several classmates: Mitchum, Tully & Co. "Honest George" was so humble that he did not need or want his name on the door, but that would change in the early 1950s when his sons, Dick and George Jr., became partners in the firm and it became Mitchum, Jones & Templeton. When the firm was sold to Paine Webber in 1973, George E. "Bud" Jones Jr. set off to form his own firm, Jones & Associates, and under the leadership of Bud's son, Packy, that firm was rebranded as JonesTrading in 2004. Follow along on this fascinating journey of the American West, of the financial markets and of one family and firm that impacted the lives of so many over the last century.

History of Callahan County, Texas

Macmillan

As scholars and publics look for alternatives to what is understood as a violent Western world order, many claim that China can provide such an alternative through the Chinese dream of a harmonious world. This book takes this claim seriously and examines its effects by tracing the notion across several contexts: the policy documents and speeches that launched harmony as an official term under previous president Hu Jintao; the academic literatures that asked what a harmonious world might look like; the propaganda and mega events that aimed to illustrate it; the online spoofing culture that is used to criticise and avoid "harmonization"; and the incorporation of harmony into current president Xi Jinping's "Chinese

dream". This book finds contemporary Chinese society and international relations saturated with harmony. Yet, rather than offering an alternative to problems in "Western" thought, it counter-intuitively argues that harmony has not taken place, is not taking place, and will not take place. The argument unfolds as a contribution to wider debates on time, space and multiplicity in world politics. Offering analysis of the important but understudied concept of harmony, Nordin provides new and creative insights into wider contemporary issues in Chinese politics, society and scholarship. The book also suggests a creative and novel methodology for studying foreign policy concepts more broadly, drawing on critical thinkers in innovative ways and

in a new empirical context. It will be of interest to students and scholars of IR, Chinese foreign and security policy and IR theory.

Becoming Mrs. Lewis Macmillan

Along with the settlement of the Texas frontier came rustlers, public drunks, gunfighters, and other outlaws. A jail in which to incarcerate the lawbreakers was thus often the first public building raised in a new town. Later, as government developed, public buildings—notably county courthouses and jails—assumed not only practical but also symbolic importance. The architecture of these buildings in the nineteenth century reflected the power and status with which the community imbued the government; many of the same architects applied the aesthetic

standards of the day to both. In later years, the safety and at least limited comfort of the prisoners became concerns and jails were remodeled or abandoned to other uses in favor of modern, more utilitarian structures. In this heavily illustrated guide to the historic county jails of Texas, Ed Blackburn Jr. takes readers to each of the 254 counties in the state, presenting brief histories and of the counties and their structures that housed their criminals. He provides general information about the architecture and location of the buildings and, when possible, describes the present uses of those that have been decommissioned. Interviews with local officials, historians, and newspaper publishers have yielded colorful anecdotes for many of the jails.

Revealing photographs of many of the old jails have been gathered from local and archival sources, and Blackburn himself has taken pictures of extant buildings. Together, these words and images not only provide a survey of the way Texans have housed their criminals, but also, with the aid of thumbnail maps of county locations, offer residents and tourists throughout the state a guide to a fascinating aspect of architectural and cultural history.

Routledge

Now a USA TODAY and Publishers Weekly bestseller! Meet the brilliant writer, fiercely independent mother, and passionate woman who captured the heart of C.S. Lewis and inspired the books that still enchant and change us

today. When poet and writer Joy Davidman began writing letters to C. S. Lewis—known as Jack—she was looking for spiritual answers, not love. Love, after all, wasn't holding together her crumbling marriage. Everything about New Yorker Joy seemed ill-matched for an Oxford professor and the beloved writer of *The Chronicles of Narnia*, yet their minds bonded over their letters. Embarking on the adventure of her life, Joy traveled from America to England and back again, facing heartbreak and poverty, discovering friendship and faith, and against all odds, found a love that even the threat of death couldn't destroy. In this masterful exploration of one of the greatest love stories of modern times, we meet a brilliant writer, a fiercely independent mother, and a

passionate woman who changed the life of this respected author and inspired books that still enchant us and change us. Joy lived at a time when women weren't meant to have a voice—and yet her love for Jack gave them both voices they didn't know they had. At once a fascinating historical novel and a glimpse into a writer's life, *Becoming Mrs. Lewis* is above all a love story—a love of literature and ideas and a love between a husband and wife that, in the end, was not impossible at all. Praise for *Becoming Mrs. Lewis*: “*Becoming Mrs. Lewis* deftly explores the life and work of Joy Davidman, a bold and brilliant woman who is long overdue her time in the spotlight. Carefully researched. Beautifully written. Deeply romantic. Fiercely intelligent. It is both a

meditation on marriage and a whopping grand adventure. Touching, tender, and triumphant, this is a love story for the ages.” —Ariel Lawhon, New York Times bestselling author of *I Was Anastasia*

“Patti Callahan Henry breathes wondrous fresh life into one of the greatest literary love stories of all time . . . The result is a deeply moving story about love and loss that is transformative and magical.”

—Pam Jenoff, New York Times bestselling author of *The Orphan’s Tale* “It’s novel. And it’s a very good one. . . extraordinarily accurate. . . more accurate than most biographical essays that have been written about my

mother.” —Douglas Gresham, son of Joy Davidman, wife of C.S. Lewis

This expanded edition includes: Map of Oxford Expanded discussion guide with 20+ questions for book clubs Timeline of Jack’s and Joy’s Lives Joy’s (imagined) letter to Jack 10 Things You May Not Know About Joy Davidman and C. S. Lewis’s Love Story Behind-the-scenes essay: Oxford—The City
