## MARISSA WILLIAMSON

### Development and Gender Capital in India Hamish Hamilton

This book focuses on the entwinement of politics and medicine and power and knowledge in India during the age of empire. Using the powerful metaphor of 'pathology' - the science of the origin, nature, and course of diseases - the author develops and challenges a burgeoning literature on colonial medicine, moving beyond discussions of state medicine and the control of epidemics to everyday life, to show how medicine was a fundamental ideology of empire. Related to this point, and engaging with postcolonial histories of biopower and modernity, the book highlights the use of this racially grounded medicine in the formulation of modern selves and subjectivities in late colonial India. In tracing the cultural determinants of biological race theory and contextualizing the understanding of race as pathology, the book demonstrates how

racialism was compatible with the ideologies and policies of imperial liberalism. Medicine, Race and Liberalism in British Bengal brings together the study of modern South Asia, race theory, colonialism and empire and the history of medicine. It highlights the powerful role played by the idea of 'pathology' in the rationalization of imperial liberalism and the subsequent projects of modernity embraced by native experts in Bengal in the 'long' nineteenth century.

Fox Chapel Publishing  
It's no secret that certain social groups have predominated India's business and trading history, with business traditionally being the preserve of particular 'Bania' communities. However, the past four or so decades have seen a widening of the social base of Indian capital, such that the social profile of Indian business has expanded beyond recognition, and entrepreneurship and commerce in India are no longer the exclusive bastion of the old mercantile castes. In this meticulously researched book ? acclaimed for being the first social

history to document and understand India's new entrepreneurial groups ? Harish Damodaran looks to answer who the new 'wealth creators' are, as he traces the transitional entry of India's middle and lower peasant castes into the business world. Combining analytical rigour with journalistic flair, India's New Capitalists is an essential read for anyone seeking to understand the culture and evolution of business in contemporary South Asia.

In recent times, the coconut-flavoured cuisine of the Malayalis has gained immense popularity. Appam and Istoo, Avial and Olan, Irachi Biryani and Pathiri, all these and more are now served in restaurants and homes all over India. In this collection, the author hilights recipes that are considered to be specialities of dofferent regions and communities

of the state, from the typical vegetarian hindu dishes of Palakkad to the syrian christian delicacies of Tranvancore.

Shivya Nath quit her corporate job at age twenty-three to travel the world. She gave up her home and the need for a permanent address, sold most of her possessions and embarked on a nomadic journey that has taken her everywhere from remote Himalayan villages to the Amazon rainforests of Ecuador. Along the way, she lived with an indigenous Mayan community in Guatemala, hiked alone in the Ecuadorian Andes, got mugged in Costa Rica, swam across the border from Costa Rica to Panama, slept under a meteor shower in the

national and religious independence. He also provides a history of printing in India.

Offend, Shock, or Disturb is a comprehensive examination of free speech under the Indian Constitution. It explores Indian free speech jurisprudence from a doctrinal, comparative, and philosophical perspective. Taking as its point of departure the constitutional guarantee of the freedom of speech and expression—Articles 19(1)(a) and 19(2) of the Constitution of India—the book discusses, clause by clause, the development of law from colonial times to present-day controversies. Issues relating to public order, sedition, obscenity and pornography, hate speech, film and online censorship, privacy and defamation, the contempt of court, the nature of speech and the relationship between free speech and economic structure, and the inter-relationships between them have been comprehensively examined. As free speech campaigns gain intensity by the day, the book

presents the myriad understandings and limitations of the free speech law, and suggests possible pathways for the future.

A Beautiful Body Project: The Bodies of Mothers  
First in a series of books with a strong media platform of truthful photographs and stories to celebrate the irreplaceable beauty of women and the body positive movement happening all over the world. A Beautiful Body Project is an upcoming series of book volumes and an online media platform dedicated to women and body image, celebrated through the sharing stories about motherhood, aging, cancer, stillbirths, miscarriages, weigh-gain, weight-loss, dysmorphia, and beyond. Founder Jade Beall has been a photographer, a massage therapist, and an inspiring dance teacher for women for over a decade. Her work is touching thousands of lives around the world. This book, along with all subsequent volumes, will feature my signature non-digitally-augmented & no-air-brushing images of

women, just as they are. This is the heart of the project, to reshape images of women in mass media, to celebrate us as us, nothing more, nothing less. The Beautiful Body Pledge - which in turn sums up the purpose of the book series - is as follows: I want to join the movement and agree to love my body more and more each day, to use kind words towards myself and towards other women, to be a role-model for future generations of mothers, and to choose to be empowered knowing that I am not alone, and that by coming together, we can reshape body image in mass-media, build self-esteem, and explore vulnerability as a collective. Jade Beall is a world-renowned Photographer specializing in truthful images of women to inspire feeling irreplaceably beautiful as a counter-balance to the airbrushed photo-shopped imagery that dominates mainstream media. Her recent work A Beautiful Body Project has touched 100,000's of women's lives and garnered global attention from media outlets including the BBC, The Huffington Post & beyond. Jade's book series and media platform

feature untouched photos of women alongside their stories of their journeys to build self-esteem in a world that thrives off women feeling insecure. Jade's dream is to inspire future generations of women to be free from the unnecessary self-suffering and embrace their beauty just as they are.

The Indian Family in Transition Springer

This book presents a feminist mapping of the articulation and suppression of female desire in Hindi films, which comprise one of modern India's most popular cultural narratives. It explores the lineament of evil and the corresponding closure of chastisement or domesticity that appear as necessary conditions for the representation of subversive female desire. The term 'bad' is used heuristically, and not as a moral or essential category, to examine some of the iconic disruptive women of Hindi cinema and to uncover the nexus between patriarchy and other hierarchies, such as class, caste and religion in these representations. The twenty-one essays examine the politics of female desire/s from the

1930s to the present day - both through in-depth analyses of single films and by tracing the typologies in multiple films. The essays are divided into five sections indicating the various gendered desires and rebellions that patriarchal society seeks to police, silence and domesticate. The Liberation of Sita D C Books

Transcultural Negotiations of Gender probes into how gender is negotiated along the two axes of 'belonging' and 'longing' - the twin desires of being located within a cultural milieu, while yearning for either what has passed by or what is yet to come. It also probes into the category of 'transculturality' itself, by examining how not only does it pertain to the coming together of cultures from diverse spatial locations, but how shifts over time and changing performative modes and technological means of articulation, within what may be presumed to be the same culture, can also lead to the 'transcultural'. The volume comprises four sections. Part I, '(Be)longing in Time', examines negotiation of gender through transcultural acts of

myths, rituals and religious practices being revised and revisited over time. Part II, '(Be)longing in Space', studies how gender is renegotiated when people from different spaces interact, as also when public spaces and domains themselves become sites of such negotiations. In Part III, 'Performing (Be)longing', such transcultural negotiations are located in the context of changing modes of performance, considering particularly that gender itself is performative. The final section, 'Modernity, Technology and (Be)longing', traces how gender becomes transculturally negotiated in a space like India, with the advent of modernity and its companion technology.

Current Affairs Refresher 2020 Reaktion Books

The book takes us on a journey of the loves of Krishna, his lilas, kridas, his madhurya and above all the raas lila. But Krishna is not only for the royalty and nobility, he belongs to the people, the potter and the puppeteer, the bride and the mother, for he is celebrated at every village fair and town. Equally the modern artist does not remain untouched by the magic

of Krishna and depicts him on his palette. And as the journey ends we are privy to some of the most glorious moments of five magnificent centuries of Krishna paintings.

The over-the-top musicals of Bollywood may be the most familiar aspect of Indian popular culture, but there are many more, all explored in this fascinating volume. *Pop Culture India! Media, Arts, and Lifestyle* follows the rise of modern India's pop culture world, especially since the 1980s, when relaxed censorship and economic liberalization led to an explosion in movies, music, mass media, consumerism, spiritual practices, and more. It is a captivating introduction to a diverse nation whose appetite for entertainment has led to some surprising twists and turns in recent history. How did a popular Indian television series spark a change in government and the rise of Hindu nationalism? Are some Bollywood film companies laundering money for organized crime, or even al Qaeda? What accounts for the overwhelming popularity of that quaint vestige of

colonialism, cricket? The answers, and many more intriguing insights, await the reader in *Pop Culture India!*

*Prema Vahini* Workman Publishing

Indian society has undergone many rapid changes in the relatively short time that has elapsed since the country gained independence. These changes have created their own pulls and pressures and the one segment of Indian society that has, perhaps, been most affected is women. While the rest of the world is changing, they are nearly always required to conform to age-old and traditional images and stereotypes. This absorbing collection of twenty-one articles, some previously published and others especially commissioned, examines and challenges the various roles ascribed to women in the context of a rapidly changing society. There are two concerns that bind the essays together--first, that the reality of women's subordination can best be understood by traditional and mythical portrayals of women; and, second, that this understanding must be balanced by a sensitivity to the "immediate" context (for

example, the present-day violence against a woman's person and personhood). The contributors to this volume belong to a wide variety of backgrounds ranging from activists to academics. Between them, they provide perspectives from the grassroots and also the disciplines of anthropology, psychology and sociology. The book is divided into five sections which cover (a) contextual, analytical and theoretical views of women; (b) empirical research organized around existing stereotypes about men and women; (c) an exploration of common forms of violence against women; (d) the way women are portrayed in diverse media (e.g., films and television); and (e) a description of the growing efforts to sensitize people to the inequalities between the sexes. Providing as it does a coherent analysis and fresh perspective concerning the issues and problems that affect women's lives in India, this book will appeal to all those who wish to know about and understand the position of women in Indian society. "This book is especially useful for

getting one's bearings in the symbolic dimension of India's women. . . commendable for it critically spotlights, as no other collection has, a range of topics and problems important in Indian feminism. For all libraries with South Asia holdings." --Religious Studies Review "Any student looking for an introductory book on the issues confronting Indian women will find [this book] both comprehensive and insightful....[It] provides an important contribution to the development of alternative theoretical perspectives in feminism." --Amita Handa, Ontario Institute for Studies in Education

The ultimate recipe resource: an indispensable treasury of more than 2,000 foolproof recipes and 150 test kitchen discoveries from the pages of Cook's Illustrated magazine.

There is a lot to know about cooking, more than can be learned in a lifetime, and for the last 20 years we have been eager to share our discoveries with you, our friends and readers. The Cook's Illustrated Cookbook represents the fruit of that labor. It contains 2,000 recipes, representing almost our entire repertoire. Looking back over this work as we edited this volume, we were reminded of some of our greatest hits, from Foolproof Pie Dough (we add vodka for an easy-to-roll-out but flaky crust), innumerable recipes based on brining and salting meats (our Brined Thanksgiving Turkey in 1993 launched a nationwide trend), Slow-Roasted Beef (we salt a roast a day in advance and then use a very low

oven to promote a tender, juicy result), Poached Salmon (a very shallow poaching liquid steams the fish instead of simmering it in water and robbing it of flavor), and the Ultimate Chocolate Chip Cookies (we brown the butter for better flavor). Our editors handpicked more than 2,000 recipes from the pages of the magazine to form this wide-ranging compendium of our greatest hits. More than just a great collection of foolproof recipes, The Cook's Illustrated Cookbook is also an authoritative cooking reference with clear hand-drawn illustrations for preparing the perfect omelet, carving a turkey, removing meat from lobsters, frosting a layer cake, shaping sandwich bread, and more. 150 test kitchen tips throughout the book solve real home-cooking problems such as how to revive tired herbs, why you shouldn't buy trimmed leeks, what you need to know about freezing and thawing chicken, when to rinse rice, and the best method for seasoning cast-iron (you can even run it through the dishwasher). An essential collection for fans of Cook's Illustrated (and any discerning cook),

The Cook's Illustrated  
Cookbook will keep you

cooking for a lifetime -

and guarantees  
impeccable results.
