The Boy of a Thousand Faces Scholastic Inc.

As he was turning forty, Walt Whitman wrote twelve poems in a small handmade book he entitled "Live Oak, With Moss." The poems were intensely private reflections on his attraction to and affection for other men. They were also Whitman's most adventurous explorations of the theme of same-sex love, composed decades before the word "homosexual" came into use. This revolutionary, extraordinarily beautiful and passionate cluster of poems was never published by Whitman and has remained unknown to the general public—until now. New York Times bestselling and Caldecott Award-winning illustrator Brian Selznick offers a provocative visual narrative of "Live Oak, With Moss," and Whitman scholar Karen Karbiener reconstructs the story of the poetic cluster's creation and destruction. Walt Whitman's reassembled, reinterpreted Live Oak, With Moss serves as a source of inspiration and a cause for celebration.

Anatomy of Fear The Invention of Hugo Cabret A Novel in Words and Pictures

Dear Gram and Grampop, Please do not address yours truly as California anymore, California Morning Whipple being a foolish

name for a duck much less a girl. I call myself Lucy now. I cannot hate California and be California. I know you will understand. California doesn't suit Lucy Whipple -- not the name, not the place. But moving out West to Lucky Diggins, California, was her mama's dream-come-true. And now her brother, Butte, and sisters, Prairie and Sierra, seem to be Westerners at heart, too. For Lucy, Lucky Diggins is hardly a town at all -- just a bunch of ramshackle tents and tobacco-spitting miners. Even the gold her mama claimed was just lying around in the fields isn't panning out. Worst of all, there's no lending library! Dag diggety! So Lucy vows to be plain miserable until she can hightail it back East where she belongs. But Lucy California Morning Whipple may be in for a surprise -- because home is a lot closer than she thinks... When California Morning Whipple's widowed mother uproots her family from their comfortable Massachusetts environs and moves them to a rough mining camp called Lucky Diggins in the Sierras, California Morning resents the upheaval. Desperately wanting to control something in her own life, she decides to be called Lucy, and as Lucy she grows and changes in her strange and challenging new environment. Here Karen Cushman helps the American Gold Rush spring to colorful life, just as she did for medieval England in her previous two books, *Catherine*, *Called Birdy* and *The Midwife's Apprentice*, which won Newbery Honor status and a Newbery Medal respectively.

NYPD sketch artist Nate Rodriguez possesses a remarkable gift. From the smallest clues—an off-hand comment, a brief flash of fear in a victim's eyes—he is able to create an uncanny likeness of the assailant. Now Detective Terri Russo needs his help to solve a particularly shocking series of murders, perpetrated by a psychopath who enjoys drawing pictures of his crimes before committing them. Nate is being asked to enter the dark, twisted mind of a monster—to re-create a face that no one has lived to identify. A Russian Tale Mahwah, N.J. : Troll Associates

Beyond its housing estates and identikit high streets there is another Britain. This is the Britain of mist-drenched forests and unpredictable sea-frets: of wraith-like fog banks, druidic mistletoe and peculiar creatures that lurk, half-unseen, in the undergrowth, tantalising and teasing just at the periphery of human vision. How have the remarkably persistent folkloric traditions of the British Isles formed and been formed by the psyches of those who inhabit them? In this sparkling new history, Carlyne Larrington explores the diverse ways in which a myriad of fantastical beings has moulded the nation's cultural history. Fairies, elves and goblins here tread purposefully, sometimes malignly, over an eerie landscape that also conceals brownies, selkies, trows, knockers, boggarts, land-wights, Jack o'Lanterns, Barguests, the sinister Nuckleavee and Black Shuck: terrifying hell-hound of the Norfolk coast with eyes of burning coal. Ranging from Shetland to Jersey and from Ireland to East Anglia, while evoking the Wild Hunt, the ghostly bells of Lyonesse and the dread fenlands haunted by Grendel, this is a book that will captivate all those who long for the wild places: the mountains and chasms where giants lie in wait

There, his family flourishes for generations as brilliant actors until 1900, when young Leontes Marvel is banished from the stage. Nearly a century later, runaway Joseph Jarvis seeks refuge with an uncle in London. Albert Nightingale's strange, beautiful house, with its mysterious portraits and ghostly presences, captivates Joseph and leads him on a search for clues about the house, his family, and the past.
