GIDEON JOHNNY

Indian Country Today

McFarland

Drawing on personal memoirs and interviews with Vietnam vets, the author conveys the perspectives of the American combat soldiers who bore the brunt of the fighting. He includes the political culture, recruiting, induction and training, the soldiers' experience, their homecoming, and aftermath.

Navy SEAL Sniper

Candlewick Press

Midnight Café: A Novel
Screenplay - An esoteric exploration into the contemporary life and culture of urban youth. Comedy, Punk Rock, Skate, Video Games, Science Fiction, Movies. Comedy 226 Pages.

Winter Music Xiphias Press

David begins the book as a scruffy Dennis-the-Menace like kid and ends the book as a vain, hunky womanizer.

Harry Potter - Sheet Music from the Complete Film Series

Hay House, Inc
American Music in the Twentieth Century

surveys the art music written in the United States during the last 100 years from the groundbreaking experiments of Charles Ives to the present day. Writing for the general reader, Kyle Gann describes the characteristic sounds of the diverse movements that have sprung up in this eventful period, while at the same time he sketches the changing social and cultural contexts for American concert music, and provides concise biographies of key figures.

MongoDB in Action

Coach House Books

A collection of short tales takes place on the rural back roads and remote back rooms of America and includes "Lie Big," in which a lovable liar regales others with tall tales; "How I Got Here," in which a prisoner writes an essay about what led to his incarceration; and the title story, in which a drifter finds meaning in his acquaintances with midwestern locals. By the author of *Found*. Original. 25,000 first printing.
Senator Albert Gore, Sr. HarperCollins
Collects reviews of music produced in the 1980's

and 90's, artists include Yoko Ono, Philip Glass, and Glenn Branca.

legendary Brazilian Jiu-

Jitsu and MMA master

Rickson Gracie comes a

riveting, insightful memoir

that weaves together the

story of Gracie's stunning

career with the larger

history of the Gracie

family dynasty and the

founding of the Ultimate

Fighting Championship,

showing how the

connection between mind

and body can be

harnessed for success

both inside and outside

the ring. Undefeated from

the late 1970s through his

final fight in the Tokyo

Dome in 2000, Rickson

Gracie amassed hundreds

of victories in the street,

on the mat, at the beach,

and in the ring. He has

joined the pantheon that

includes Bruce Lee, Chuck

Norris, and Jackie Chan as

one of the most famous

martial artists of the

twentieth century. Jiu-

Jitsu, the fighting style

developed and pioneered

by his family, has become

one of the world's most

prominent martial arts, and Vale Tudo, the “anything goes” style of Brazilian street fighting over which the Gracies had a monopoly, was an early precursor to the Ultimate Fighting Championship. Simply put, without the Gracie family, there would be no sport of “MMA,” no 4-billion-dollar UFC empire, and no “Brazilian Jiu-Jitsu” at strip malls all across America. In *Breathe*, for the first time, Rickson reveals the full story of how his father and uncles came to develop Jiu-Jitsu, what it was like to grow up among several generations of world-renowned fighters from the Gracie clan, and the principles and skills that guided him to his undefeated record. From learning to assert himself on the streets of Rio to gaining fame and honor in Japan and emerging through heartbreaking tragedy, the martial arts master shares tales of overcoming challenges, extolling universal virtues and showing readers how pride and ego are the enemies of success. With never-before-seen photos and profound insights into the sport and way of life that only a studied legend can provide, *Breathe* is an entertaining and

magnified view of an enduring legacy as well as an inspiring tale of weathering life’s complexities and overcoming them with style and grace.

[The Message and Meaning Behind 11:11 and Other Number Sequences](#)

Elevate Publishing
Best remembered as the father of Vice President Al Gore, Albert Gore, Sr., worked tirelessly in politics himself, a Democratic congressman and senator from 1939 to 1971 and a representative of southern liberalism and American reformism. In the first comprehensive biography of Gore, Kyle Longley has produced an incisive portrait of a significant American political leader and an arresting narrative of the shaping of a southern and American political tradition. His research includes archival sources from across the country as well as interviews with Gore’s colleagues, friends, and family. Longley describes how the native of Possum Hollow, Tennessee, became known during his political career as a maverick, a man who, according to one journalist, would “rock almost anybody’s boat.” For his actions, Gore often paid a heavy

price, personally and professionally. Overshadowed by others in Congress such as Lyndon Johnson, J. William Fulbright, Richard Russell, and Barry Goldwater, Gore nonetheless played a major role on the important issues of taxes, the Interstate Highway system, civil rights, nuclear power and arms control, and the Vietnam War. Longley situates Gore as part of a generation of politicians who matured on the messages of William Jennings Bryan, Woodrow Wilson, and Franklin Roosevelt. In the South, Gore belonged to a staunch group of liberals who battled traditional conservative forces, often within their own party. He and others such as Estes Kefauver, Frank Porter Graham, and Ralph Yarborough set the stage for subsequent generations, including that of Jimmy Carter and Jim Sasser, and later Bill Clinton, Al Gore, Jr., and John Edwards. From his career shines one encapsulating moment in 1952: squared off on the floor of the Senate against Strom Thurmond, who wanted Gore to sign the “Southern Manifesto” declaring southern resistance to

desegregation, Gore responded simply, classically, "Hell no."

111 Practices to Increase Your Spiritual Connection
Skyhorse

"Individually, you can go fast; but together, we can go far." That is the premise and inspiration behind *Piece it, Together!* We all want to be the best versions of ourselves. However, we sometimes forget that in order to accomplish that goal, we need each other. Everyone can be successful in their own right. This much is true. But when we work together, especially toward a common goal, we become something else. We become powerful beyond measure. At the heart of this project, *Piece it, Together!* is a timely tale that encourages teamwork, togetherness and unity. In order to get to a better tomorrow, we must lay the foundation today.

Love Monkey University of Toronto Press

Are you seeing number sequences like 11:11 and 4:44 everywhere you turn? If you always see the same numbers repeated – from license plates to receipts and digital clocks – it could be your angels sending you a message. Angels are

divine messengers who have existed in some form in almost every religion and culture since the dawn of time. In this digital age, they are finding new ways to remind you of your higher truth. Best-selling angel author Kyle Gray explains exactly what your angels are trying to tell you through these repeated sequences, from numbers 0 through 999 and popular digital clock combinations like 1:23, 21:12, 22:22, and 5:55. Whenever you need guidance from your angels, simply ask. Know that your angels are always listening and looking for an opportunity to send you a reminder that they are near.

Midnight Cafe

Bloomsbury Publishing USA

During the political upheavals of the mid-twentieth century, as imperialism was unraveling on a grand scale, writers from colonized and occupied spaces questioned the necessity and ethics of their histories. As empire "wrote back" to the self-ordained centres of the world, modes of representation underwent a transformation.

Exploring novels and diverse forms of literature

from regions in West Africa, the Middle East, and Indigenous America, *Maps of Empire* considers how writers struggle with the unstable boundaries generated by colonial projects and their dissolution. The literary spaces covered in the book form imaginary states or reimagine actual cartographies and identities sanctioned under empire. The works examined in *Maps of Empire*, through their inner representations and their outer histories of reception, inspire and provoke us to reconsider boundaries.

Simon and Schuster
New York Times Book Review Editor's Choice
"More than just a story of an abiding cultural preoccupation, *The Longing For Less* peels back the commodified husk of minimalism to reveal something surprising and thoroughly alive." -Jenny Odell, author of *How to Do Nothing* "Less is more": Everywhere we hear the mantra. Marie Kondo and other decluttering gurus promise that shedding our stuff will solve our problems. We commit to cleanse diets and strive for inbox zero. Amid the frantic pace and

distraction of everyday life, we covet silence-and airy, Instagrammable spaces in which to enjoy it. The popular term for this brand of upscale austerity, “minimalism,” has mostly come to stand for things to buy and consume. But minimalism has richer, deeper, and altogether more valuable gifts to offer. Kyle Chayka is one of our sharpest cultural observers. After spending years covering minimalist trends for leading publications, he now delves beneath this lifestyle's glossy surface, seeking better ways to claim the time and space we crave. He shows that our longing for less goes back further than we realize. His search leads him to the philosophical and spiritual origins of minimalism, and to the stories of artists such as Agnes Martin and Donald Judd; composers such as John Cage and Julius Eastman; architects and designers; visionaries and misfits. As Chayka looks anew at their extraordinary lives and explores the places where they worked—from Manhattan lofts to the Texas high desert and the back alleys of Kyoto—he reminds us that what we most require is presence, not absence. The result is

an elegant new synthesis of our minimalist desires and our profound emotional needs.

A Topography of World Literature Hal Leonard Corporation

In his second adventure, Smash has his hands full with old enemies and a few new ones--not to mention homework. 1/8.

The Lone Surfer of Montana, Kansas

WmMorrowPB

In a novel in verse, four troubled students--half-Japanese Tricia, Miguel, a Latin American refugee, Natalie, a new student with a painful past, and Kyle, a talented working-class boy--try to cope in spite of the responses of their poetry teacher.

The Osage Murders and the Birth of the FBI

Regnery Publishing

At the heart of this leadership story is the central idea that success—where purpose, talents and resources come together to meet the needs of others—cannot be achieved in isolation. In *The Kingmaker*, Kyle Ellis, the CEO of powerhouse PR firm Ellis International, is known in an elite circle of people as *The Kingmaker*. Unlike others in his field, Kyle has the ability to unlock the true potential within his clients

while guiding them to the world's highest levels of power. After years of masterfully engineering careers to the height of success, Kyle suddenly finds that an alarming number of his “Kings,” as they are known within his close network, are falling from power. Over the course of only a few short weeks, two of Kyle's most high-profile clients have collapsed into trouble. Kyle is forced to step in to play damage control not only to save their careers but, in one case, their very life. With longtime friend and driver Parker McIntosh offering keen insights into the motivations of people in their circle, the two form a perfect pairing to master the strategic chessboard of business and politics. *Piece It, Together!* Candlewick Press Eminent composer discusses music, culture, and the environment. *Grunts* Univ of California Press From 1999 to 2009, U.S. Navy SEAL Chris Kyle recorded the most career sniper kills in United States military history. Kyle earned legendary status among his fellow SEALs, Marines, and U.S. Army soldiers, whom he protected with deadly accuracy from rooftops

and stealth positions. Gripping and unforgettable, Kyle's masterful account of his extraordinary battlefield experiences ranks as one of the greatest war memoirs of all time. A native Texan who learned to shoot on childhood hunting trips with his father, Kyle was a champion saddlebronc rider prior to joining the Navy. After 9/11, he was thrust onto the front lines of the War on Terror, and soon found his calling as a world-class sniper who performed best under fire. he recorded a personal-record 2,100-yard kill shot outside Baghdad; in Fallujah, Kyle braved heavy fire to rescue a group of Marines trapped on a street; in Ramadi, he stared down insurgents with his pistol in close combat. Kyle talks honestly about the pain of war--of twice being shot, a experiencing the tragic deaths of two close friends. American Sniper also honors Kyle's fellow warriors, who raised hell on o and off the battlefield. And in first-person accounts throughout, Kyle's wife, Taya, speaks openly about the strains of war on their marriage and children, as well as on Chris.

King David Hay House, Inc
A difference between us bridged my fondness for a street that ran through the kitchen. It was evenly lined with the trees that line those kinds of streets. That autumn we had to gather the leaves from the floor. They fell when you quietly pulled down the shelves from inside the cabinets. 'I know the owner of the laundromat,' reflects the narrator of this extended poem, 'but can't remember his name, which could be for many reasons.' The laundromat is across the street from his apartment. The narrator, also nameless, is looking at it through his window but can't seem to get there to pick up all his clothes. The narrator then detours as he tries to navigate a city that is fracturing around him at the same time as he confronts the failure of poetry and memory inside the labyrinthine architecture of language 'This book is like a blindfolded staircase,' the narrator says. Poetry here is misused, a failed image. Written as a narrative essay that continuously dissects a never-finished conversation, and annotated with the fragments of poems that were maybe never written

about a childhood that maybe never took place, The Laundromat Essay is a spiralling poem about the pathology of failure and of forgetting, a poetic narrative of credible absurdity. In this debut, Buckley initiates and sustains a dialogue between language, experience and oblivion that departs incessantly into an autumnal landscape full of melancholy and metaphor. 'Kyle Buckley's debut book ends up as playful as it is intellectually stringent ... [his] asides about poetry's structural contradictions are made much more palpable by the fact that his poems are so damn good, even when they're presented as mere footnotes.' - Eye Weekly
Composing the North
Alfred Music
Fleeing Miami for southern California to escape the revenge of Junior, a ruthless drug kingpin, former undercover cop Val Duran is working in Hollywood when he falls for Kyle, who has problems of her own, but their romance soon becomes further complicated by the arrival of Junior. 75,000 first printing.
The Best of Yiruma
Touchstone Books

The Central Blue Ridge, taking in the mountainous regions of northwestern North Carolina and southwestern Virginia, is well known for its musical traditions. Long recognized as one of the richest repositories of folksong in the United States, the Central Blue Ridge has also been a prolific source of commercial recording, starting in 1923 with Henry Whitter's "hillbilly" music and continuing into the 21st century with such chart-topping acts as James King, Ronnie Bowman and Doc Watson.

Unrivaled in tradition, unequalled in acclaim and unprecedented in influence, the Central Blue Ridge can claim to have contributed to the musical landscape of Americana as much as or more than any other region in the United States. This reference work--part of McFarland's continuing series of Contributions to Southern Appalachian Studies--provides complete biographical and discographical information on more than 75 traditional recording (major commercial label) artists who are natives of

or lived mostly in the northwestern North Carolina counties of Alleghany, Ashe, Avery, Surry, Watauga and Wilkes, and the southwestern Virginia counties of Carroll and Grayson. Primary recordings as well as appearances on anthologies are included in the discographies. A chronological overview of the music is provided in the Introduction, and the Foreword is by the celebrated musician Bobby Patterson, founder of the Mountain and Heritage record labels.
