Nursing Forms "Long-term care" (LTC) is a term that can refer to any post-acute or extended-care setting: from nursing homes to assisted living facilities to adult day care centers to home health care. The patients who receive care in these settings may be any age or gender, but the modal LTC patient is elderly. Brief description of document (s) The provisions of this part contain the requirements

that an institution must meet in order to qualify to participate as a SNF in the Medicare program, and as a nursing facility in the Medicaid program. They serve as the basis for survey activities for the purpose of determining whether a facility meets the requirements for participation in Medicare and Medicaid.
