When Elvis Presley first showed up at Sam Phillips's Memphis-based Sun Records studio, he was a shy teenager in search of a sound. Phillips invited a local guitarist named Scotty Moore to stand in. Scotty listened carefully to the young singer and immediately realized that Elvis had something special. Along with bass player Bill Black, the trio recorded an old blues number called "That's All Right, Mama." It turned out to be Elvis's first single and the defining record of his early style, with a trilling guitar hook that swirled country and blues together and minted a sound with unforgettable appeal. Its success launched a whirlwind of touring, radio appearances, and Elvis's first break into movies. Scotty was there every step of the way as both guitarist and manager, until Elvis's new manager, Colonel Tom Parker, pushed him out. Scotty and Elvis would not perform together again until the classic 1968 "comeback" television special. Scotty never saw Elvis after that. With both

Bill Black and Elvis gone, Scotty Moore is the only one left to tell the story of how Elvis and Scotty transformed popular music and how Scotty created the sound that became a prototype for so many rock guitarists to follow. Thoroughly updated, this edition delivers guitarist Scotty Moore's story as never before

[Uncle John's Third Bathroom Reader](#) Hal Leonard Publishing Corporation

The fascination with tragedy and the subsequent theatre of voyeurism are part of human nature, especially when it involves our icons, celebrities and musicians. Knocking On Heaven's Door is the definitive book of rock 'n' roll, pop, R&B and blues deaths. Often, only the biggest selling artists are written about and sometimes it is the death of a personality that cements their iconic status. Knocking On Heaven's Door not only covers the rock legends who lived hard and died young, this detailed reference contains over 1,000 obituaries of music industry personalities, famous and obscure from mid-fifties to the present day. Alphabetical entries of all the important individuals, including: noteworthy producers, managers, songwriters, record company founders A&R men and even critics, puts all the information at your finger tips. Nick Talevski has spent a decade

researching this comprehensive and authoritative reference book and it will be an indispensable and practical addition to every music library, full of irresistible and intriguing information.

[Sam Phillips: The Man Who Invented Rock 'n' Roll](#) Hal Leonard Corporation

An American institution, Sun Records has a history with many chapters -- its Memphis origins with visionary Sam Phillips, the breakthrough recordings of Elvis Presley, and the studio's immense influence on the sound of popular music. But behind the company's chart toppers and legendary musicians there exists another story, told by Barbara Barnes Sims. In the male-dominated workforce of the 1950s, 24-year-old Sims found herself thriving in the demanding roles of publicist and sales promotion coordinator at Sun Records. Sims's job placed her in the studio with Johnny Cash, Roy Orbison, Jerry Lee Lewis, Charlie Rich, Carl Perkins, and other Sun entertainers, as well as the unforgettable Phillips, whose work made the music that defined an era. The Next Elvis: Searching for Stardom at Sun Records chronicles Sims's career at the studio, a pivotal time at this recording mecca, as she darted from disc jockeys to distributors. Sims not only entertains with personal stories of big personalities, but also brings humor to the challenges of a young woman

working in a fast and tough industry. Her disarming narrative ranges from descriptions of a disgraced Jerry Lee Lewis to the remarkable impact and tragic fall of DJ Daddy-O Dewey to the frenzied Memphis homecoming of Elvis after his military service. Collectively, these vignettes offer a rare and intimate look at the people, the city, and the studio that permanently shifted the trajectory of rock 'n' roll.

*Caught in a Trap* Little, Brown

This vivid celebration of blues and early rock 'n' roll includes some of the first and most illuminating profiles of such blues masters as Muddy Waters, Skip James, and Howlin' Wolf; excursions into the blues-based Memphis rock 'n' roll of Jerry Lee Lewis, Charlie Rich, and the Sun record label; and a brilliant depiction of the bustling Chicago blues scene and the legendary Chess record label in its final days. With unique insight and unparalleled access, Peter Guralnick brings to life the people, the songs, and the performance that forever changed not only the American music scene but America itself.

*Where Country & Western Met Rock 'n' Roll* Carl Perkins Blue Suede Shoes

Popular music, today, has supposedly collapsed into a 'retromania' which, according to leading critic Simon Reynolds, has brought a 'slow and steady fading of the artistic imperative to be original.' Meanwhile, in the estimation of philosopher Alain Badiou, a significant political event will always require 'the dictatorial power of a creation ex nihilo'. Everywhere, it seems, at least amongst commentators of a certain age and type, pessimism prevails with regards to the predominant aesthetic preferences of the twenty first century: popular music, supposedly, is in a rut. Yet when, if ever, did the political engagement kindled by popular music amount to more than it does today? The sixties? The punk explosion of the late 1970s? Despite an on-going fixation upon these periods in much rock journalism and academic writing, this book demonstrates that the utilisation of popular music to promote political causes, on the one hand, and the expression of dissent through the medium of 'popular song', on the other hand, remain widely in practice today. This is not to argue, however, for complacency with regards to the need for expressions of political dissent through popular culture. Rather, the book looks carefully at actual usages of popular music in political processes, as well as expressions of political feeling through song, and argues that there is much to encourage us to think that the demand for radical change remains in circulation. The question is, though, how necessary is it for politically-motivated popular music to offer aesthetic novelty?

**The Life** epubli

Looks at the history of rockabilly music, profiling such greats as Elvis, Jerry Lee Lewis, Carl Perkins, and Buddy Holly.

*The Rockabilly Goats* Gruff Book Sales Inc

Chronicles the history of blues music from its emergence in the early 1900s through the twentieth century, and describes the musical accomplishments of Leadbelly, Bessie Smith, Howlin' Wolf, Robert Johnson, Muddy Waters, Jimmy Reed, B.B. King, and others. Includes an audio CD.

*Alfred's Basic Adult Piano Course: Greatest Hits Book 1* Abacus

Boasting never-before-told stories of life on the road with a young Elvis, this comprehensive guide to Elvis' band gives an insider's view of how the band worked with him onstage, in the studio, and in movies, and features the first comprehensive look at their post-Presley lives and careers. Band members Scotty Moore, D. J. Fontana, and Bill Black created the Sun sound with Elvis, which has influenced such legendary performers as Ringo Starr, George Harrison, John Fogerty, and Charlie Watts. Based on interviews with Moore, Fontana, and the family of the late Bill Black, this resource provides first-hand insights that have never before seen print, as well as several previously unpublished photographs. Extensive coverage of the entire history of the band makes this book a must for Elvis fans, rockabilly aficionados, and anyone interested in the early history of rock 'n' roll.

*Eddie Cochran Songs* Omnibus Press

Published to coincide with the 40th anniversary of Elvis death. As well as being the greatest solo star of the 20th century, Elvis Presley's career is full of controversy and Spencer Leigh's new biography ELVIS PRESLEY: CAUGHT IN A TRAP sorts out facts from the fiction. What separated Elvis Presley from his contemporaries, just how important was Colonel Parker, how did he come to reinvent himself for Las Vegas, did he have to die so young, and why does his legend endure. How good a singer was he, how good an actor was he, and was he caught in a trap, perhaps set by Colonel Parker Spencer Leigh has spoken to band members, songwriters, friends, fans and many people who have worked with the King, and he examines the evidence with the scrutiny of a

forensic scientist. With a Foreword by RUSSELL WATSON, the 'People's Tenor'.

*Songs with Just 3 or 4 Chords* Bosworth Music

What is rock? This book offers a new and systematic approach to understanding rock by applying sociological concepts in a historical context. Deena Weinstein, a rock critic, journalist, and academic, starts by outlining an original approach to understanding rock, explaining how the form has developed through a complex and ever-changing set of relations between artists, fans, and mediators. She then traces the history of rock in America through its distinctive eras, from rock's precursors to rock in the digital age. The book includes suggested listening lists to accompany each chapter, a detailed filmography of movies about rock, and a wide range of visuals and fascinating anecdotes. Never separating rock music from the social, political, economic, and cultural changes in America's history, Rock'n America provides a comprehensive overview of the genre and a new way of appreciating its place in American society.

From the author of the critically acclaimed Elvis Presley biography: Last Train to Memphis brings us the life of Sam Phillips, the visionary genius who singlehandedly steered the revolutionary path of Sun Records. The music that he shaped in his tiny Memphis studio with artists as diverse as Elvis Presley, Ike Turner, Howlin' Wolf, Jerry Lee Lewis, and Johnny Cash, introduced a sound that had never been heard before. He brought forth a singular mix of black and white voices passionately proclaiming the vitality of the American vernacular tradition while at the same time declaring, once and for all, a new, integrated musical day. With extensive interviews and firsthand personal observations extending over a 25-year period with Phillips, along with wide-ranging interviews with nearly all the legendary Sun Records artists, Guralnick gives us an ardent, unrestrained portrait of an American original as compelling in his own right as Mark Twain, Walt Whitman, or Thomas Edison.

*The Popular Music Teaching Handbook* University of Illinois Press

This vivid celebration of blues and early rock 'n' roll includes some of the first and most illuminating profiles of such blues masters as Muddy Waters, Skip James, and Howlin' Wolf; excursions into the blues-based Memphis rock 'n' roll of Jerry Lee Lewis, Charlie Rich, and the Sun record label; and a brilliant depiction of the bustling Chicago blues scene and the legendary Chess record label in its final days. With unique insight and unparalleled access, Peter Guralnick brings to life the people, the songs, and the performance that forever changed not only the American music scene but America itself. This enhanced edition includes: Exclusive video footage prepared specifically for the enhanced eBook that has never been seen before. Rare audio clips.

**The Beatles in Hamburg** Little, Brown

Rock & roll was one of the most important cultural developments in post-World War II America, yet its origins are shrouded in myth and legend. Let's Rock! reclaims the lost history of rock & roll. Based on years of research, as well as interviews with Bo Diddley, Pat Boone, and other rock & roll pioneers, the book offers new information and fresh perspectives about Elvis, the rise of rock & roll, and 1950s America. Rock & roll is intertwined with the rise of a post-World War II youth culture, the emergence of African Americans in society, the growth of consumer culture, technological change, the expansion of mass media, and the rise of a Cold War culture that endorsed traditional values to guard against communism. Richard Aquila's book demonstrates that early rock & roll was not as rebellious as common wisdom has it. The new sound reflected the conservatism and conformity of the 1950s as much as it did the era's conflict. Rock & roll supported centrist politics, traditional values, and mainstream attitudes toward race, gender, class,

and ethnicity. The musical evidence proves that most teenagers of the 1950s were not that different from their parents and grandparents when it came to basic beliefs, interests, and pastimes. Young and old alike were preoccupied by the same concerns, tensions, and insecurities. Rock & roll continues to permeate the fabric of modern life, and understanding the music's origins reminds us of the common history we all share. Music lovers who grew up during rock & roll's early years as well as those who have come to it more recently will find Let's Rock an exciting historical and musical adventure.

*Portraits in Blues and Rock 'n' Roll* Hyperion

In this series of books, based on the hit podcast A History of Rock Music in 500 Songs, Andrew Hickey analyses the history of rock and roll music, from its origins in swing, Western swing, boogie woogie, and gospel, through to the 1990s, grunge, and Britpop. Looking at five hundred representative songs, he tells the story of the musicians who made those records, the society that produced them, and the music they were making. Volume one looks at fifty songs from the origins of rock and roll, starting in 1938 with Charlie Christian's first recording session, and ending in 1956. Along the way, it looks at Louis Jordan, LaVern Baker, the Ink Spots, Fats Domino, Sister Rosetta Tharpe, Jackie Brenston, Bill Haley, Chuck Berry, Elvis Presley, Little Richard, and many more of the progenitors of rock and roll.

*Go, Cat, Go!* Libraries Unlimited

John Lennon, Paul McCartney, George Harrison, and Ringo Starr are four of the most famous names in the history of music. In the 1960s, the Beatles became the bestselling pop band in the world, inspiring legions of fans and developing into popular music icons. Fifty years later, their recordings are still in demand. But none of this happened overnight. As Ian Inglis reveals in this tale of the band's early years, before they took the world by storm, the Beatles were little more than an inexperienced, semi-professional group of talented musicians in dire need of practice. Inglis tells the story of the Beatles in Hamburg, Germany, where their agent, Allan Williams, first sent them in August of 1960. In addition to showing how Hamburg itself played a role in the Beatles' remarkable story, Inglis details the difficulties they faced— unusual performance venues, age restrictions, and deportations—and the experiences and personalities that shaped them as performers and composers. Ultimately, Inglis explains, the Beatles not only became proficient musicians in Hamburg, but while there they began to build the reputation that would eventually make them the most popular band in the world. An illuminating look at the group's formative years, *The Beatles in Hamburg* is the perfect book for any one in thrall of Beatlemania or fan of popular music history. *The Life and Times of Carl Perkins, the King of Rockabilly* University of Toronto Press Million Dollar Quartet' is the name given to recordings made on Tuesday December 4, 1956 in the Sun Record Studios in Memphis, Tennessee. The recordings were of an impromptu jam session among Elvis Presley, Jerry Lee Lewis, Carl Perkins, and Johnny Cash. The events of the session. Very few participants survive. Includes interviews with the drummer and the sound engineer. A detailed analysis of the music played – and its relevance to subsequent popular music. The early lives and careers of the quartet – where they were in 1956. Relevant social and economic factors which meant that a massive audience of young people were keenly looking for a new kind of music they could call their own. The “reunions” of surviving members of the quartet. The emergence of the tapes, first on bootleg and then on legitimate CDs. The genesis of the stage show and its reception – the enduring appeal of the music.

**Rock Obituaries - Knocking On Heaven's Door** Alfred Music

A compendium of stories, proverbs, jokes, and trivia, which includes television quotes and facts, cartoon origins, Disney stories, and the wit and wisdom of Casey Stengel and Gracie Allen

**Americanaland** Chicago Review Press

The national-bestselling biography on the country singer and songwriter known as “The Man in Black.” In this, the definitive biography of an American legend, Robert Hilburn conveys the unvarnished truth about a musical superstar. Johnny Cash's extraordinary career stretched from his days at Sun Records with Elvis Presley and Jerry Lee Lewis to the remarkable creative last hurrah, at age 69, that resulted in the brave, moving “Hurt” video. As music critic for the Los Angeles Times, Hilburn knew Cash throughout his life: he was the only music journalist at the legendary Folsom Prison concert in 1968, and he interviewed both Cash and his wife June Carter just months before their deaths. Drawing upon a trove of never-before-seen material from the singer's inner circle, Hilburn creates an utterly compelling, deeply human portrait of a towering figure in country music, a seminal influence in rock, and an icon of American popular culture. Hilburn's reporting shows the astonishing highs and deep lows that marked the journey of a man of

great faith and humbling addiction who throughout his life strove to use his music to lift people's spirits. "Hilburn has written a brilliant story of an even more brilliant songwriter, warts and all."  
—Keith Richards "The ultimate Johnny Cash biography . . . Rock writer great Robert Hilburn goes

deep." —Rolling Stone "Veteran music writer Hilburn . . . masterfully separates fiction from fact in an exhaustive, but never exhausting, biography of the legendary musician...The personal

knowledge aided by extensive archival research and always compelling, accessible writing makes this an instant-classic music biography with something to offer all generations of listeners."  
—Kirkus Reviews (starred review)
