Developed from celebrated Harvard statistics lectures, *Introduction to Probability* provides essential language and tools for understanding statistics, randomness, and uncertainty. The book explores a wide variety of applications and examples, ranging from coincidences and paradoxes to Google PageRank and Markov chain Monte Carlo (MCMC). Additional

Crazy Horse and Custer Univ of California Press

What really sets the best managers above the rest? It's their power to build a cadre of employees who have great inner work lives—consistently positive emotions; strong motivation; and favorable perceptions of the organization, their work, and their colleagues. The worst managers undermine inner work life, often unwittingly. As Teresa Amabile and Steven Kramer explain in *The Progress Principle*, seemingly mundane workday events can make or break employees' inner work lives. But it's forward momentum in meaningful work—progress—that creates the best inner work lives. Through rigorous analysis of nearly 12,000 diary entries provided by 238 employees in 7 companies, the authors explain how managers can foster progress and enhance inner work life every day. The book shows how to remove obstacles to progress, including meaningless tasks and toxic relationships. It also explains how to activate two forces that enable progress: (1) catalysts—events that directly facilitate project work, such as clear goals and autonomy—and (2) nourishers—interpersonal events that uplift workers, including encouragement and demonstrations of respect and collegiality. Brimming with honest examples from the companies studied, *The Progress Principle* equips aspiring and seasoned leaders alike with the insights they need to maximize their people's performance.

The Professional Guinea Pig Harper Collins

At some point in their lives, millions of people have waited tables. And many remain haunted by nightmare scenarios where they are the sole server in a packed restaurant. For all those disenchanting current and former food service employees, Darron Cardoso (a.k.a. the Bitchy Waiter) has your back. Since 2008 he's vented his frustrations about everything from entitled has-beens to what "really" goes on in that fancy restaurant in a popular blog. A snarky mix of Sedaris, Bourdain, Bombeck, and Mo Rocca, Cardoso distills 30 years of food service into dark, funny tales that anyone who worked in the industry will relate to."

The Civil War and the West Custer's Trials A Life on the Frontier of a New America

In June of 1876, on a desolate hill above a winding river called "the Little Bighorn," George Armstrong Custer and all 210 men under his direct command were annihilated by almost 2,000 Sioux and Cheyenne. The news of this devastating loss caused a public uproar, and those in positions of power promptly began to point fingers in order to avoid responsibility. Custer, who was conveniently dead, took the brunt of the blame. The truth, however, was far more complex. A

TERRIBLE GLORY is the first book to relate the entire story of this endlessly fascinating battle, and the first to call upon all the significant research and findings of the past twenty-five years--which have changed significantly how this controversial event is perceived. Furthermore, it is the first book to bring to light the details of the U.S. Army cover-up--and unravel one of the greatest mysteries in U.S. military history. Scrupulously researched, A TERRIBLE GLORY will stand as a landmark work. Brimming with authentic detail and an unforgettable cast of characters--from Sitting Bull and Crazy Horse to Ulysses Grant and Custer himself--this is history with the sweep of a great novel.

The Fourth Industrial Revolution Open Road Media

Paul Turk's sequel to "Faith Beyond The Trials" continues to follow the lives of John and Anna Taylor. In "Trials of Hope," John has returned to the practice of law and becomes embroiled in a high stakes will contest between two wealthy siblings who are acrimonious rivals. To further compound matters, the attorney on the other side of the case is the same lawyer who sued John over the automobile accident he was involved in. In addition to the pressures bearing upon both John and Anna as a result of the probate litigation, the Taylors are also faced with the issue as to whether Anna will be able to become pregnant again. How will the Taylors hold up under the circumstances they are faced with and who will help them in their battles? Hope and perseverance are in great demand as one day slips into the next.

Testing the Limits of the United States Currency

Future economic growth lies in the value of experiences and transformations--good and services are no longer enough. We are on the threshold, say authors Pine and Gilmore, of the Experience Economy, a new economic era in which all businesses must orchestrate memorable events for their customers. The Experience Economy offers a creative, highly original, and yet eminently practical strategy for companies to script and stage the experiences that will transform the value of what they produce. From America Online to Walt Disney, the authors draw from a rich and varied mix of examples that showcase businesses in the midst of creating personal experiences for both consumers and businesses. The authors urge managers to look beyond traditional pricing factors like time and cost, and consider charging for the value of the transformation that an experience offers. Goods and services, say Pine and Gilmore, are no longer enough. Experiences and transformations are the basis for future economic growth, and The Experience Economy is the script from which managers can begin to direct their own transformations.

On (Not) Getting By in America Knopf

A new biography of General George Armstrong Custer that radically changes our view of the man and his turbulent times. Historian T.J. Stiles paints a portrait of Custer both deeply personal and sweeping in scope, proving how much of Custer's legacy has been ignored. He demolishes Custer's historical caricature, revealing a volatile, contradictory, intense person--capable yet insecure, intelligent yet bigoted, passionate yet self-destructive, a romantic individualist at odds with the institution of the military (he was court-martialed twice in six years). The key to understanding Custer, Stiles writes, is keeping in mind that he lived on a frontier in time. During Custer's lifetime,

Americans saw their world remade. In the Civil War, the West, and many areas overlooked in previous biographies, Custer helped to create modern America, but he could never adapt to it. His admirers saw him as the embodiment of the nation's gallant youth, of all that they were losing; his detractors despised him for resisting a more complex and promising future. He freed countless slaves, yet rejected new civil rights laws. He proved his heroism, but missed the dark reality of war for so many others. Native Americans fascinated him, but he could not see them as fully human. Intimate, dramatic, and provocative, this biography captures the larger story of the changing nation in Custer's tumultuous marriage to his highly educated wife, Libbie; their complicated relationship with Eliza Brown, the forceful black woman who ran their household; as well as his battles and expeditions. It casts surprising new light on a near-mythic American figure.--Adapted from book jacket.

Adventures and Unexpected Discoveries of Life Vintage

A portrait of the nineteenth-century cavalry commander traces his rise from an unpromising West Point graduate to a distinguished military leader, covering his complicated marriage, mythologized defeat at Little Big Horn, and enduring legacy.

How to Set Direction while Embracing Uncertainty Farrar, Straus and Giroux

A biography of the combative man whose genius and force of will created modern capitalism, documenting how Vanderbilt helped launch the transportation revolution, propel the Gold Rush, reshape Manhattan, and invent the modern corporation.

The Experience Economy Vintage

Acclaimed author and historian Mark K. Updegrave, head of the LBJ Foundation and presidential historian for ABC News, offers an illuminating account of John F. Kennedy's brief but transformative tenure in the White House. "Tremendously absorbing and inviting... An important book."—Doris Kearns Goodwin • "Elegant, concise, [and] knowing."—Michael Beschloss • "Rescues JFK from Camelot mythology."—Richard Norton Smith Nearly sixty years after his death, JFK still holds an outsize place in the American imagination. While Baby Boomers remember his dazzling presence as president, millennials more likely know him from advertisements for Omega watches or Ray Ban sunglasses. Yet his years in office were marked by more than his style and elegance. His presidency is a story of a fledgling leader forced to meet unprecedented challenges, and to rise above missteps to lead his nation into a new and hopeful era. Kennedy entered office inexperienced but alluring, his reputation more given by an enamored public than earned through achievement. In this gripping new assessment of his time in the Oval Office, Updegrave reveals how JFK's first months were marred by setbacks: the botched Bay of Pigs invasions, a disastrous summit with the Soviet premier, and a mismanaged approach to the Civil Rights movement. But the young president soon proved that behind the glamour was a leader of uncommon fortitude and vision. A humbled Kennedy conceded his mistakes, and, importantly for our times, drew important lessons from his failures that he used to right wrongs and move forward undaunted. Indeed, Kennedy grew as president, radiating greater possibility as he coolly faced a steady stream of crises before his tragic end. Incomparable Grace compellingly reexamines the dramatic, consequential White House years of a flawed but gifted leader too often defined by the Camelot myth that came after his untimely death.

Suitable Accommodations Harvard Business Press

A wry, moving collection of letters from the late J. F. Powers, "a comic writer of genius" (Mary Gordon) Best known for his 1963 National Book Award-winning novel, *Morte D'Urban*, and as a master of the short story, J. F. Powers drew praise from Evelyn Waugh, Flannery O'Connor, Saul Bellow, and Philip Roth, among others. Though Powers's fiction dwelt chiefly on the lives of Catholic priests, he long planned to write a novel of family life, a feat he never accomplished. He did, however, write thousands of letters, which, selected here by his daughter, Katherine A. Powers, become an intimate version of that novel, dynamic with plot and character. They show a dedicated artist, passionate lover, reluctant family man, pained aesthete, sports fan, and appreciative friend. At times wrenching and sad, at others ironic and exuberantly funny, *Suitable Accommodations* is the story of a man at odds with the world and, despite his faith, with his church. Beginning in prison, where Powers spent more than a year as a conscientious objector, the letters move on to his courtship, marriage, comically unsuccessful attempt to live in the woods, life in the Midwest and in Ireland, an unorthodox view of the Catholic Church, and an increasingly bizarre search for "suitable accommodations," which included three full-scale emigrations to Ireland. Here, too, are encounters with such diverse people as Thomas Merton, Eugene McCarthy, Robert Lowell, Theodore Roethke, Sean O'Faolain, Frank O'Connor, Dorothy Day, and Alfred Kinsey. An NPR Best Book of 2013

Winston Churchill and the Salvation of Free Government Cambridge University Press

"This volume unifies the concerns of Civil War and western history, revealing how Confederate secession created new and shifting borderlands. In the West, both Civil War battlefields and Civil War politics engaged a wider range of ethnic and racial distinctions, raising questions that would arise only later in places farther east. Likewise, the histories of occupation, reincorporation, and expanded citizenship during Reconstruction in the South have ignored the connections to previous as well as subsequent efforts in the West. The stories contained in this volume complicate our understanding of the paths from slavery to freedom for white as well as non-white Americans. By placing the histories of the American West and the Civil War and Reconstruction into one sustained conversation, this volume expands the limits of both by emphasizing how struggles over land, labor, sovereignty, and citizenship shaped the U.S. nation-state in this tumultuous era. This volume highlights significant moments and common concerns of this continuous conflict, as it stretched across the continent and throughout the nineteenth century"--Provided by publisher.

Custer's Trials A Life on the Frontier of a New America Vintage

Occupational Outlook Handbook Harvard Business Press

"An engrossing and tautly written account of a critical chapter in American history." --Los Angeles Times Nathaniel Philbrick, author of *In the Hurricane's Eye*, Pulitzer Prize finalist *Mayflower*, and *Valiant Ambition*, is a historian with a unique ability to bring history to life. *The Last Stand* is Philbrick's monumental reappraisal of the epochal clash at the Little Bighorn in 1876 that gave birth to the legend of Custer's Last Stand. Bringing a wealth of new information to his subject, as well as his characteristic literary flair, Philbrick details the collision between two American icons- George Armstrong Custer and Sitting Bull-that both parties wished to avoid, and brilliantly explains how the battle that ensued has been shaped and reshaped by national myth.

A Data Visualization Guide for Business Professionals Penguin

In this brilliant biography T. J. Stiles offers a new understanding of the legendary outlaw Jesse James. Although he has often been portrayed as a Robin Hood of the old west, in this ground-breaking work Stiles places James within the context of the bloody conflicts of the Civil War to reveal a much more complicated and significant figure. Raised in a fiercely pro-slavery household in bitterly divided Missouri, at age sixteen James became a bushwhacker, one of the savage Confederate guerrillas that terrorized the border states. After the end of the war, James continued his campaign of robbery and murder into the brutal era of reconstruction, when his reckless daring, his partisan pronouncements, and his alliance with the sympathetic editor John Newman Edwards placed him squarely at the forefront of the former Confederates' bid to recapture political power. With meticulous research and vivid accounts of the dramatic adventures of the famous gunman, T. J. Stiles shows how he resembles not the apolitical hero of legend, but rather a figure ready to use violence to command attention for a political cause—in many ways, a forerunner of the modern terrorist.

A good product roadmap is one of the most important and influential documents an organization can develop, publish, and continuously update. In fact, this one document can steer an entire organization when it comes to delivering on company strategy. This practical guide teaches you how to create an effective product roadmap, and demonstrates how to use the roadmap to align stakeholders and prioritize ideas and requests. With it, you'll learn to communicate how your products will make your customers and organization successful. Whether you're a product manager, product owner, business analyst, program manager, project manager, scrum master, lead developer, designer, development manager, entrepreneur, or business owner, this book will show you how to: Articulate an inspiring vision and goals for your product Prioritize ruthlessly and scientifically Protect against pursuing seemingly good ideas without evaluation and prioritization Ensure alignment with stakeholders Inspire loyalty and over-delivery from your team Get your sales team working with you instead of against you Bring a user and buyer-centric approach to planning and decision-making Anticipate opportunities and stay ahead of the game Publish a comprehensive roadmap without overcommitting

Sharing Clinical Trial Data Vintage

With a past of slavery and compliance, LeRoy has learned to pick his battles carefully. Johnny B, a quick-tempered Sioux, is still learning to control his anger. When dangerous circumstances bond

them together, the pair learn to navigate Reconstruction Era America and all its prejudices. They save an innocent man from hanging, reunite two old friends, assist in an honorable death for an elder Indian, and discover their worth as they steadily assimilate self-respect into their lives. From Jim Halverson's debut novel comes a tale of adventure, purpose, and the pursuit of self-actualization. Cowboys and psychology ride hand in hand, traveling a journey from living life on the edge to finding a place of belonging, joy, vulnerability, and distinction. Through trials along their trails, LeRoy and Johnny B transform people they meet, brand the world a better place, and reap the benefits.

The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Work is Theatre & Every Business a Stage Sterling

The sharp social critic and author of *Blood Rites* looks underneath the illusion of American prosperity at poverty and hopelessness in America. Reprint. 100,000 first printing.

Jesse James Knopf Books for Young Readers

Empire and Liberty brings together two epic subjects in American history: the story of the struggle to end slavery that reached a violent climax in the Civil War, and the story of the westward expansion of the United States. Virginia Scharff and the contributors to this volume show how the West shaped the conflict over slavery and how slavery shaped the West, in the process defining American ideals about freedom and influencing battles over race, property, and citizenship. This innovative work embraces East and West, as well as North and South, as the United States observes the 2015 sesquicentennial commemoration of the end of the Civil War. A companion volume to an Autry National Center exhibition on the Civil War and the West, *Empire and Liberty* brings leading historians together to examine artifacts, objects, and artworks that illuminate this period of national expansion, conflict, and renewal.
