ANNABEL SINGLETON

Unapologetically, Me. Createspace
Independent Publishing Platform
“Lara Williams makes a bold debut with

this razor-sharp, magnificently humane story collection.” —Entertainment Weekly
She finds herself single, twenty-nine, partially-employed, and about a half a stone overweight. Roller dexter of eligible friends rattling thin. Thirties breathing down her neck like an inappropriate uncle. She jogs. Looks good in turquoise. Finds herself punctuating gas “better out than in!” patting her stomach like a department

store Santa. This is who I am, she thinks. The women in Lara Williams’ debut story collection, *A Selfie as Big as the Ritz*, navigate the tumultuous interval between early twenties and middle age. In the title story, a relationship implodes against the romantic backdrop of Paris. In “One of Those Life Things,” a young woman struggles to say the right thing at her best friend’s abortion. In “Penguins,” a

girlfriend tries to accept her boyfriend's bizarre sexual fantasy. In "Treats," a single woman comes to terms with her loneliness. As Williams' characters attempt to lean in, fall in love, hold together a family, fend off loneliness, and build a meaningful life, we see them alternating between expectation and resignation, giddiness and melancholy, the rollercoaster we all find ourselves on. Give Us a Great Big Smile, Rosy Cole Jupiter Kids (Childrens & Kids Fiction) From celebrated photographer Andy Seliverstov, another volume of gorgeous images of little kids kissing, hugging, playing, laughing, jumping, and just generally loving the big dogs in their lives. "Nothing short of magical," the Today Show wrote about Seliverstov's first "Little Kids and Their Big Dogs" book. "You'll never see anything as adorable as these little kids with big dogs," agreed BuzzFeed. "Outrageously precious" added People magazine. This second volume contains a global assortment of some of the biggest dogs on the planet, from Irish Wolfhounds and Great Danes to lesser-known breeds like Spanish Mastiffs and Caucasian Shepherds. Also available are "Little Kids

and Their Big Dogs" greeting cards, a 2018 calendar, and, of course, Volume 1. Never Trust A Big Butt & A Smile CreateSpace Besides being a football coach at his Michigan High School, Mike Kersjes taught special education classes, dealing with children whose disabilities included Tourette syndrome, Downs Syndrome, dyslexia, eating disorders and a variety of emotional problems. One autumn Kersjes got the outlandish idea that his students would benefit from going to Space Camp, where, in conjunction with NASA, high school students compete in a variety of activities similar to those experienced by astronauts in training for space shuttle missions. There was only one problem: this program had been specifically designed for gifted and talented students, the best and the brightest from America's most privileged high schools. Kersjes believed that, given a chance, his kids could do as well as anybody, and with remarkable persistence broke down one barrier after another, from his own principal's office to the inner sanctum of NASA, until Space Camp opened its doors, on an experimental basis, to special ed

students. After nine months of rigorous preparation, during which the class molded itself into a working team, they arrived at Space Camp, where they turned in a performance so startling, so surprising, that it will leave the reader breathless. A truly triumphant story of the power of the human spirit. *Smile: A Graphic Novel* OUP Oxford Offers a gritty, no-holds-barred look at the darker side of the roving experience, reflecting on the effects of globalization on the casual traveler and revealing a treasury of insider travel industry secrets. *Elephant Coloring Book for Adults* Outskirts Press Ralph Johns, is a demented, insubordinate and totally unprofessional mystery shopper. Working mainly (or when he can be bothered to) for Chameleon Chopper. He gets paid to eat, drink, travel, ask endless drivelling questions and eventually to shop. This generally involving harassment of many shopkeepers. Knowing no bounds, Ralph tends to galivant around the North West of England, frequenting various alehouses, burger joints and hospitals along the way. This is a shopping list and travel journal

like no other. Ralph Johns, has one of those jobs that many people wonder if they exist, and probably think it's an urban myth. But he does in fact, yes, he gets paid to shop, to browse, and to ponder those stupid questions most normal folk wouldn't dare to ask. I know what you're thinking, it isn't as glamorous as it sounds? Well, top marks there reader, as alas for Ralph, it isn't. He'd like to shop, not that at heart he's a true shopper however, and what to some may seem like a dream come true is not to a professional mystery shopper. Working a regular 9-5 or better still, staying in bed, is the dream for Ralph. A drunken food obsessed loon, and bored of constantly querying everything, Ralph must eek through life and wonder what it is all about. You don't know he's there, what's his agenda, and why is he trying on that dress at least a few sizes too small... for him? The journey doesn't end here, continue within at your peril and enter the mad, mad world of, Ralph the mystery shopper!

Flatiron Books

You could be forgiven for thinking that the smile has no history; it has always been the same. However, just as different

cultures in our own day have different rules about smiling, so did different societies in the past. In fact, amazing as it might seem, it was only in late eighteenth century France that western civilization discovered the art of the smile. In the 'Old Regime of Teeth' which prevailed in western Europe until then, smiling was quite literally frowned upon. Individuals were fatalistic about tooth loss, and their open mouths would often have been visually repulsive. Rules of conduct dating back to Antiquity disapproved of the opening of the mouth to express feelings in most social situations. Open and unrestrained smiling was associated with the impolite lower orders. In late eighteenth-century Paris, however, these age-old conventions changed, reflecting broader transformations in the way people expressed their feelings. This allowed the emergence of the modern smile par excellence: the open-mouthed smile which, while highlighting physical beauty and expressing individual identity, revealed white teeth. It was a transformation linked to changing patterns of politeness, new ideals of sensibility, shifts in styles of self-presentation - and,

not least, the emergence of scientific dentistry. These changes seemed to usher in a revolution, a revolution in smiling. Yet if the French revolutionaries initially went about their business with a smile on their faces, the Reign of Terror soon wiped it off. Only in the twentieth century would the white-tooth smile re-emerge as an accepted model of self-presentation. In this entertaining, absorbing, and highly original work of cultural history, Colin Jones ranges from the history of art, literature, and culture to the history of science, medicine, and dentistry, to tell a unique and untold story about a facial expression at the heart of western civilization.

Human Anatomy Coloring Book Kinetic

Dandelions

In the spirit of *Come With Me*, this timely and charming tale about mask-wearing follows a little girl and her generous plan to find her own courage by helping those in her neighborhood find theirs. In a changing world, little Sophie is feeling a bit worried. She loves being outside and playing with her friends in her neighborhood. But going outside lately means wearing a mask—something Sophie is still trying to understand. It makes her nervous when she wants to be brave. And after taking a closer look outside her window, watching her neighbors adjusting to this new normal, she realizes she isn't the only one who feels a little scared. Which gives Sophie an idea. With her grandpa's help, she does something special for the people in her neighborhood. When Sophie sees her small acts of kindness spread, she realizes that with the help of friends in our communities, anyone can find their courage—and their smile.

An Easier and Better Way to Learn Anatomy. The human body is wondrously complex, with 700 muscles, 206 bones,

and countless cells and tissues ... but studying and remembering all of them can be overwhelming! Instead of rote memorization, the *Anatomy Coloring book* helps you take an interactive approach to learning anatomy through coloring. Not only can this take less time than memorizing from textbooks and flashcards, but the process thoroughly fixes anatomical concepts in your mind for easier visual recall later.

Flight of the Akeru - The Book of Milo
Xulon Press

There are two sides of D. Watkins--one, a professor, New York Times bestselling author, editor-at-large of Salon.com, and devoted husband and father. And the other, a boy raised in poverty during the height of a crack epidemic, who learned to survive on some of the most violent streets in America. It wasn't until Watkins was thirty that he realized that he wanted more than what money and street life offered--finding himself on the wrong side of pistols, slinging crack on street corners, and burying friend after friend--he wanted to escape, he wanted education, love, and joy. **BLACK BOY SMILE** poignantly illuminates the journey of his transformation. Watkins retraces his tumultuous childhood and his relationship with his dad, uncles, and other boys like him to shine a light on how generational hardship breeds toxic masculinity. In harrowing, searing prose, he recreates defining moments of his past to heal them. He shares candid recollections of being taken advantage of at nine by an older woman at camp--and how he coped

through stoic silence disguised as manhood--alongside lively and humorous portrayals of his first days in a college classroom and the quirks of attending an MFA program. We grow up with Watkins as he discovers a love for books, flirts with his future wife--an attorney--and becomes a father, finding joy for the first time. Watkins' pursuit of redemption is a valentine to Black boys. In beautiful, soul-shaking storytelling, he brings to life the contradictions, fears, and hopes of Black boys in urban cities and shows the path toward self-discovery on every page. **BLACK BOY SMILE** is a testimony that our strengths can often be found in our flaws--that when we acknowledge the fallacies of our past, we can uncover a brighter future. **BLACK BOY SMILE** is the story of a Black boy who healed.

A really cute book written in sweet and simple rhymes: "More than a starfish jumping in the sand, or a crazy alligator in a rock and roll band." Illustrated with silly drawings, sure to make any child smile. If you would like to order a different name and see most of the pages inside the book,

go to my website. I have many names available, or I can create a book for you with any name: kidsbookwithname.com
[Stories](#) BearManor Media
This book is a compilation of my thoughts--transformed into poems, quotes, and self notes. At the unseasoned age of 20, I can testify to life taking me through some expected changes and detours. There were many days that I couldn't speak, think, or even write clearly. Through silence, prayer, and this little writing outlet, I've learned so much. I've found inspiration in the most unexpected places. I've learned that it's okay to cry. It's okay to not know all the answers. It's okay to be you-- Unapologetically you. Sometimes, it's even okay to feel lost.. So long as you remember who you are. We're all destined for greatness and success. I pray this book opens minds, encourages smiles, and inspires creativity. Above all, I'm forever grateful to my Heavenly Father for his magnificent plan over my life.
