Now you can get the collection of rituals and wisdom that has helped start thousands of people on a Pagan path for over thirty-five years?Magical Rites from the Crystal Well by Ed Fitch. "The Crystal Well" was a small magazine that was published at a time when little information was available on Wicca, Witchcraft, and Paganism. Because of this, the rituals from that magazine circulated far and wide. Today, decades later, they are still popular. Why? Because they're some of the most beautiful, magical, and lyrical rituals ever written. These wonderful rituals have been collected in a beautifully illustrated book. Among the many rituals and techniques you'll find in Magical Rites from the Crystal Well are: - Rites for all of the seasons, including Midsummer, Lammas, Winter, and more. - The Rite of Calling Down the Moon - The Ceremony of Cakes and Wine - The Feast of the Full Moon - Storm Magic - Magical Dance - Building an Astral Temple - Pathworking - A Handfasting

Rite - Rite of Dedication and Protection for an Infant Each rite includes complete instructions, with every word and every action clearly explained. The book also includes Pagan lore, such as the Rede of Chivalry, tips on forming a Pagan training group, how to tell if your pet is also your familiar, and much more. Almost every page has an elegant illustration. This book is not just filled with important ideas and rites that you can use, it's also beautiful to behold.

The Demon Lover was first published in 1927, the same year as H.P. Lovecraft's The Call of Cthulhu. Dion Fortune was among a generation of occult horror writers that formed popular culture's obsession with secret societies, vampires, demons, ritual magic, and dark powers lurking in the shadows. What sets Fortune apart from so many of her contemporaries is her deep knowledge of the inner workings of magical orders, rites, and practices, and her own freethinking on occult subjects, demonstrated in the classic Psychic Self-Defense and The Mystical Qabalah.

As a girl growing up in Hong Kong, Eva Wong heard and memorized many tales told to her by Hong Kong's finest professional storytellers, by actors on the radio, and by her grandmother. These popular tales of the Taoist immortals were also often dramatized in Chinese operas. The stories are of famous characters in Chinese history and myth: a hero's battle with the lords of evil, the founder of the Ming dynasty's treacherous betrayal of his friends, a young girl who saves her town by imitating rooster calls. Entertaining and often provocative, these tales usually include a moral. The immortals are role models in Chinese culture, as well as examples of enlightenment. Some of the immortals were healers, some were social activists, some were aristocrats, and some were entrepreneurs. The tales chosen by Eva Wong here are of the best-known immortals among the Chinese. Their names are household words and their stories are told and retold by one generation to the next.

Offers the reader an in-depth look at what occultism can be to the rational and well-trained practitioner. Fortune presents a clear discussion, sweeping aside our cultural assumptions and stereotypes. She is able to place occultism in its proper place as a philosophy that employs scientific and rational methodology to explore the meaning of life, while retaining religious overtones. She reveals the heart of occult ethics and ideals that occult research seeks to aid people in achieving enlightenment.

In the last two decades we have had many books and proceedings of conferences on the history, formulas and incantations of magic in antiquity, both in East and West, but this is the first book of its kind that focuses on the material aspects of magic, such as gems, rings, drawings, grimoires, amulets and figurines. In recent years scholars have focused not only on the discourse and practices of magic in antiquity, but also on its practitioners, literary stereotypes and historical shifts. Much less attention, however, has been paid to the material that was used by the magicians for their curses and incantations. Yet there is no magic without materiality. The practice of magic required a specialist expertise that knew how to handle material such as lead, gold, stones, papyrus, figurines or voodoo dolls. That is why we present new insights on the materiality of magic by studying both the materials used for magic as well as the books in which the expertise was preserved.--Publisher.

The Cosmic Doctrine is a condensed blueprint outline of God's manifestation in this creation. Complex indeed! But what has tended to bother some about the Cosmic Doctrine teaching has been the almost total emphasis in explaining evolution simply as being the psychic nuts and bolts of God. Leaving one with the impression that God may be reduced from a Great and Infinite Being to a kind of mechanical Newtonian clockwork. However there is much more to it than that. The higher up the planes you go, although esoteric theory tends to describe it as all more abstract, in actual fact things become so much more complex, vibrant, vivid, bursting, and brimming with life in incredible profusion. It is another form of experience however. The broadest, though simple, analogy would be to liken the existence on the higher levels as something after the order of a Bach fugue - which could indeed seem to some a rather dry abstraction, but which to the attuned and educated ear is a revelation of divinity, harmony and celestial order. 2012 Reprint of 1945 Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. Israel Regardie, born Francis Israel Regudy (1907-1985) was an occultist and writer, author of books on the Hermetic Order of the Golden Dawn. The exercise known as the "Middle Pillar" was devised by the Hermetic Order of the Golden Dawn. Regardie expanded upon it and made it public over 60 years ago in the first edition of this book. Since that time, the exercise has been altered and adapted for just about any spiritual use you could think of. It is a mainstay of many Western traditions of magic. The exercise is intended as a technique to break the barrier between the conscious and unconscious. This classic work provides an introduction to magic and occultism while providing directions as to how to perform the Qabalistic Cross, the Lesser Banishing Ritual of the Pentagram and the Middle Pillar exercise. It remains a classic book in the field.

The Magus, or Celestial Intelligencer; being a Complete System of Occult Philosophy is a handbook of the occult and ceremonial magic compiled by Francis Barrett and published in 1801. This book facilitated the modern revival of magic by making information from otherwise rare books readily available. It may have influenced novelist Edward Bulwer-Lytton and occultist Eliphas Levi. More controversially, it has been identified as an influence on Joseph Smith, Jr., founder of the Latter Day Saint movement, in Reed C. Durham, Jr.'s speech "Is There No Help for the Widow's Son?"

Reproduction of 1801 Edition.

Immediately following Britain's declaration of war in 1939, Dion Fortune began a series of regular letters to members of her magical order, the Fraternity of the Inner Light, who were unable to hold meetings due to wartime travel restrictions. With enemy planes rumbling overhead, she organised a series of visualisations to formulate "seed ideas in the group mind of the race", archetypal visions to invoke angelic protection and uphold British morale under fire. "The war has to be fought and won on the physical plane," she wrote, "before physical manifestation can be given to the archetypal ideals. What was sown will grow and bear seed." As the war developed, this was consolidated with further work for the renewal of national and international accord. For the first time the Fraternity's doors were opened to anyone who wanted to join in and learn the previously secret methods of esoteric mind-working. With unswerving optimism she guided her fraternity through the dark days of the London Blitz, continuing her weekly letters even when the bombs

came through her own roof. Introduction and commentary by Gareth Knight.

A new edition of an occult classic, which includes a new introduction by Mary K. Greer, author of *Women of the Golden Dawn*, and a new afterword with excerpts from rarely seen documents by Fortune herself describing how the book came about. After finding herself the subject of a powerful psychic attack in the 1930s, famed British occultist Dion Fortune wrote this detailed instruction manual on protecting oneself from paranormal attack. This classic psychic self-defense guide explains how to understand the signs of a psychic attack, vampirism, hauntings, and methods of defense. Everything you need to know about the methods, motives, and physical aspects of a

psychic attack and how to overcome it is here, along with a look at the role psychic elements play in mental illness and how to recognize them. This is one of the best guides to detection and defense against psychic attack from one of the leading occult writers of the twentieth century.

**The Sphere of Marcus Manilius Made an English Poem** Cambridge English

An occult classic and a Dion Fortune bestseller of strongly growing interest. Fortune was one of the first to bring this “secret tradition” to a wider audience with her clear and comprehensive exploration of the Qabalah tradition. *The Mystical Qabalah* remains a classic in its clarity, linking the broad elements of Jewish traditional thought—probably going back to the Babylonian captivity and beyond—with both Eastern and Western philosophy and later Christian insights. The Qabalah

could be described as a confidential Judaic explanation of the paradox of “the Many and the One”—the complexity and diversity within a monotheistic unity. Whereas the Old Testament outlines the social and psychological development of a tightly knit “chosen group” culture, the supplementary Qabalah provides a detailed plan of the infrastructure behind the creative evolutionary process. *The Mystical Qabalah* devotes a chapter to each of the ten schematic “God-names,” the qualities or Sephiroth which focus on the principal archetypes behind evolving human activity: the Spiritual Source; the principles of Force and Form; Love and Justice; the Integrative principle or the Christ Force; Aesthetics and Logic; the dynamics of the Psyche; and, finally, the Manifestation of life on Earth in a physical body.
