Seize control of your financial future with rock-solid advice from two of the world's leading investment experts Investors today

are bombarded with conflicting advice about how to handle the increasingly volatile stock market. From pronouncements of the "death of diversification" to the supposed virtues of crypto, investors can be forgiven for being thoroughly confused. It's time to return to the basics. In the 10th Anniversary Edition of *The Elements of Investing: Easy Lessons for Every Investor*, investment legends Burton G. Malkiel and Charles D. Ellis deliver straightforward, digestible lessons in the investment rules and principles you need to follow to mitigate risk and realize long-term success in the markets. Divided into six essential elements of

investing, this concise book will teach you how to: Focus on the long-term and ignore short-term market fluctuations and movements Use employer-sponsored plans to supercharge your savings and returns and minimize your taxes Understand crucial investment subjects, like diversification, rebalancing, dollar-cost averaging, and indexing So, forget the flavor of the week. Stick with the timeless and invaluable advice followed by the world's most successful retail investors.

We have been told for ages that technology would make our lives easier. Instead, we increasingly find ourselves drowning in

tedious tasks and feeling trapped in the daily grind—overflowing calendars, endless to-do lists, and a never-ending stream of interruptions. And since we're always connected, our work never seems to end. Imagine a world where technology finally starts taking care of all the boring stuff so you can focus on what really matters to you. Where smart AI apps empower you to create anything you can imagine, and even things you never would have thought of. Where you have the power to redesign work around your life, not the other way around. This is the era of "No Work." It's not about escaping work but about using our skills and leveraging the

possibilities unlocked by AI so that our days are primarily comprised of the things we are passionate about. Because that's how we can create something extraordinary. Inside this book, you'll find hundreds of practical examples and tips: How to find, select, and use the right digital tools for anything you do. How to make your productivity skyrocket with AI and reclaim your time. How to do things your way—with greater freedom by automating more tasks. How to craft the work you want, whether you're an entrepreneur or an employee. How to seize new opportunities and build a future-proof career. The book will provide you with loads of tips

on the best apps and tools that are part of the AI revolution, but the real magic is how it changes the way you think. You'll learn new skills and timeless principles that will keep you ahead of the game, no matter how AI changes the way we work. FILIP DRIMALKA (pronounced like "Phil Dream") is a digital innovation expert and a sought-after European consultant on technology adoption. He is the founder of Digiskills, Digitask, and Digi Challenge - projects that are helping hundreds of companies and tens of thousands of individuals upskill and thrive in the digital age. Filip resides in the "Central European hot spot" - Brno, with his wife and two

children. When he's not driving digital transfor - mation, you can find him skiing, surfing, or mountain biking. He doesn't just write about No Work. He actually lives it.

Can you learn to be lucky? Self-made millionaire Denise Duffield-Thomas not only believes this is possible, she knows it's possible. From being broke, hating her office job and generally having a life that made her completely miserable, Denise went on to travel the world and make all of her dreams come true within the space of a few years. She attracted more than half a million dollars-worth of free travel, scholarships, prizes and bank errors in her

favour, and in this book she reveals how you can do the same. Whether you're already lucky and want to attract even more into your life, or you feel like your luck is just about to run out, *Lucky Bitch* will show you how to take action in areas of your life that are lacking in magic. With her trademark humour and encouragement, Denise gives clear and effective instructions based on the principles of the Law of Attraction to get you closer to living your dream life. You'll also learn the 'Ten Lucky Bitch Commandments' and how to use them to create luck in all areas of life, including business and money. This book has already changed the lives of tens of

Germania Morgan
James Publishing
By presenting the
conditions, methods

and techniques of monetisation of business models in the digital economy, this book combines implementation of the theoretical aspects of monetisation with the presentation of practical business solutions in this field. The scope of the book includes the relationship between the monetisation and scalability degree of business models. The book describes the place and role of the digital business ecosystem in the process of digital transformation. It demonstrates ideological and functional conditions for the use of the concept of sharing to design innovative business models while also presenting a multi-dimensional approach

to the use of Big Data and their monetisation in the context of business models. Digital Business Models shows the place and role of ecological and social factors in building digital business models that are part of the concept of the circular economy and presents the contemporary conditions of a sustainability concept that meets the ethical challenges of doing digital business. It demonstrates how important the social factors of business model design and the creation of social value are in modern business and demonstrates. The book explores the servitisation of digital business models using digital technologies and features case studies on the effective

solutions of business models that use servitisation as a factor supporting the monetisation of business models. Written for scholars exploring the efficiency and effectiveness of business models related to contemporary concepts – Sharing Economy, Circular Economy, Network Economy, Big Data, so on – and those designing business models taking into account social aspects, it will also be of direct interest to entrepreneurship courses.

The 16-Word Sales Letter(tm) is a copy system that has generated over \$120 million dollars for Agora Financial in the last two years alone.

It's a simple formula that could help you generate millions in online sales... No matter how competitive your niche is....No matter what kind of product or service you're selling...And no matter your level of experience.That's because it can not only help you identify a new big idea for your market, but also help you structure your sales message for maximum emotional impact. If you're a copywriter, marketer or entrepreneur, you're about to discover a secret that could help you dominate your market, crush your competitors, and potentially add millions to your business and personal bank accounts.Advanced Praise for The 16-Word

Sales Letter(tm) "This is the book I've been waiting for. For years, I've been asking myself: How can a guy whose native language is not even English be one of the best U.S. copywriters in history? Now I have the answer... nicely reduced to a simple, understandable formula. And the best thing is that it's a usable formula. Anyone seriously interested in copywriting should discover Evaldo's secret." --Bill Bonner, Founder of Agora. "It's not often that I come upon a copywriting strategy that feels new to me. And even less frequently do I encounter one that is both new and exciting. Evaldo Albuquerque's "16 Word Sales Letter(tm)" is such a

strategy. I'm going to recommend this as a must-read to all my copywriting proteges." --Mark Ford, best-selling author and chief growth strategist for Agora. "Evaldo is the world's greatest copywriter you've never heard of. Why haven't you heard of him? Because while others are selfpromoting ... heck, while they're eating, sleeping and relaxing... he's cranking out the next blockbuster. He never stops. He's a 9-figure sales machine and our business's secret weapon. This book is your blueprint to how the machine dominates. Read it and put it into action. Your royalty check will thank you." --Peter Coyne, founder of Paradigm Press, Agora Financial's largest imprint. "I'm

recommending this book to everyone in my company, and making it required reading for all new hires. When it comes to books on "writing" I try to read everything new, and no matter how many books I pick up, I rarely find any ideas that are innovative (or even useful), but this book shattered my expectations--I found page after page packed with fresh ideas. It's engaging to read, and very easy to implement the writing techniques. Evaldo has uncovered a new way to write sales copy that is perfect for today's buyers; I really love this book, and after you turn the first two pages, you'll see exactly why. It's a must-read primer for anyone who writes sales copy.... Read this

book--and learn from one of the best." --Oren Klaff, best-selling author of Pitch Anything and Flip the Script "Few people know his name. Yet, those at the highest levels of direct response advertising consider Evaldo Albuquerque the Michael Jordan of modern financial copywriting. His new book, The 16 Word Sales Letter(tm), reveals for the first time the secret to his astonishing success. In split tests, the selling formula Evaldo reveals in his book has won, repeatedly, against ad copy written by the world's top copywriters. When asked at a recent seminar I gave what are the two best books I've ever read on copywriting, my

answer was Breakthrough Advertising by Eugene Schwartz and The 16 Word Sales Letter(tm) by Evaldo Albuquerque." --Caleb O'Dowd, www.roitips.com

The life of being a teenager is already challenging but when at a young age you lose your brother to Leukemia it truly shifts your world. For this teenager losing her brother was the domino that fell and changed her life. A story that deals with the concept of perfectionism and how her parents shifted their thought pattern when her little brother died to her being everything that she can be and more. Sitting in her health

class as her teacher talks about mental health and everyone is ignoring her, she begins to flip through the health book realizing that the changes she has been going through were breaking her mental health. Her parents seemed to be judging her on everything from her clothes being the best to her looks, grades, not allowing her to play sports because they didn't want her to get hurt. So many things in her life changed when her brother died, and she felt herself breaking under this pressure that until this day she couldn't quite put into words. Now her weight loss, inability to sleep, wanting to disappear, working to smile in public while privately hating herself all made

sense. Like in any situation she had to find the words to ask for help. With the assistance of her teacher, she is directed to the school counselor who brings her parents in and as a family they begin to address her mental health, saving her life. This is a story of a mental health struggle that she didn't know she had until someone randomly presented her situation in a health book. Sometimes we need help and don't know it, don't ask for it and don't know how to climb out of the dark whole alone. But the lesson is always a simple one, there is always someone ready to help you, just find the courage to ask. *Story may be adjusted to fit any gender performer. Authors

Affiliate marketing is a great way to earn a small income online or create a business that

can make you a big fortune. This business model is one of the easiest ways to start generating an income and build an online business. There is no or little investment needed to start and you don't need to be an expert to get going. This may sound too good to be true but you really can run a business from a laptop anywhere you have an Internet connection. Affiliate marketing is a business that has the ability to be repeatable once you develop a system that has given you results. Once you have the pieces in place you will then duplicate and reuse those promotions over and over again. By cloning your promotions you have created a system you can use to make you

money anytime you want. So, why isn't everyone doing this and becoming an affiliate marketer? The answer is simple. Most people don't

understand what it is and even if they do they think it is too hard and don't want to put the work in to create a profitable system.
