Note di primavera. Scarpette rosa Gruppo Albatros Il Filo
 In the nonfiction tradition of John Berendt and Erik Larson, the author of the #1 NYT bestseller *The Lost City of the Monkey God* presents a gripping account of crime and punishment in the lush hills surrounding Florence as he seeks to uncover one of the most infamous figures in Italian history. In 2000, Douglas Preston fulfilled a dream to move his family to Italy. Then he discovered that the olive grove in front of their 14th century farmhouse had been the scene of the most infamous double-murders in Italian history, committed by a serial killer known as the Monster of Florence. Preston, intrigued, meets Italian investigative journalist Mario Spezi to learn more. This is the true story of their search for--and identification of--the man they believe committed the crimes, and their chilling interview with him. And then, in a strange twist of fate, Preston and Spezi themselves become targets of the police investigation. Preston has his phone tapped, is interrogated, and told to leave the country. Spezi fares worse: he is thrown into Italy's grim Capanne prison, accused of being the Monster of Florence himself. Like one of Preston's thrillers, *The Monster of Florence*, tells a remarkable and harrowing story involving murder, mutilation, and suicide--and at the center of it, Preston and Spezi, caught in a bizarre prosecutorial vendetta. *Foglio commerciale di Milano.  "I ricordi sanno di antico, narrano un mondo genuino ormai quasi del tutto smarrito" è questo il nodo centrale del libro di Rosemy che, grazie ai profumi e ai sapori della sua infanzia e dei suoi innumerevoli viaggi, ci fa rivivere in prima persona i suoi ricordi d'infanzia, permeati da un grande affetto e profondo amore. Quello di Rosemy è "Un desiderio ardente di mettere per iscritto questo mio amore per i viaggi, i ricordi, la memoria della mia infanzia e per Termoli." "Un raccontare sereno di una speranza senza condizionamenti, di un intimo e puro grazie per il dono della vita: un documentario sulla natura e le sue bellezze, sulla storia e le sue nefandezze. Un racconto che alla maniera di un film registrato in dvd, non conoscerà la parola fine grazie a coloro che avranno la pazienza e la cortesia di leggerlo. Rosemy Conoscenti nasce ad Ameglia (SP) il 25 ottobre del 1959. Si diploma al Liceo Classico Vescovile di Pontremoli ed in seguito frequenta il corso quadriennale di teologia. Amante del bel canto, dei classici e della scrittura, pubblica la sua prima raccolta di poesia I richiami del tempo nel 1988. Nel 1998 esce una seconda raccolta di poesie Antares dello scorpione e nel 2009 vede la luce il suo primo libro autobiografico La casa di Cerri. Sposata e madre di tre figli, ha insegnato storia delle religioni sia alle scuole medie

che alle elementari, lasciando poi l'insegnamento per dedicarsi ai figli. Ha partecipato con successo a vari premi letterari aggiudicandosi il "S. Domenichino" nella categoria poesia singola. Attualmente si dedica alla stesura di altri racconti e romanzi sia autobiografici che di invenzione. Questa è la sua seconda esperienza con il gruppo Albatros il Filo dopo il successo del suo libro *Hotel Meridiano*.

Religious Narratives in Italian Literature after the Second Vatican Council Diarkos

This book presents a semiotic study of the re-elaboration of Christian narratives and values in a corpus of Italian novels published after the Second Vatican Council (1960s). It tackles the complex set of ideas expressed by Italian writers about the biblical narration of human origins and traditional religious language and ritual, the perceived clash between the immanent and transcendent nature and role of the Church, and the problematic notion of sanctity emerging from contemporary narrative.

Da una storia vera un romanzo d'amore e di guerra romantico, drammatico, sorprendente La vera storia di cento uomini e donne che, da tutta Europa, scesero dal cielo e dai sentieri dell'Appennino Reggiano, guidati dalle magiche note di una cornamusa scozzese, per attaccare il quartier generale della Linea Gotica. Il loro coraggio contribuì ad accelerare l'avanzata degli Alleati e la fine della guerra e della dittatura. In quell'inferno due bambine ricevettero in dono due bracciali di sterline. Da Operazione Tombola - nome in codice dell'operazione segreta - nacquero cinque amori per la vita. Sessantasei anni dopo, grazie ad internet, il filo d'Arianna della storia riunisce dieci protagonisti di allora: si intrecciano così amori, ideali, sogni, e come in una favola quei bracciali rivelano alle due bambine di allora, diventate nonne, la storia di due coraggiosi soldati.

This book investigates one concrete compounding pattern in

present-day Italian within a larger overview of Italian compounding. Various accounts and classifications of Noun + Noun combinations in Italian are reviewed, with special focus on the status of the lexical integrity hypothesis. The author sets out to propose an integrated approach to the Noun + Noun compounding pattern, rigorously based on large representative data sets that were extracted from the Italian web corpus ItWaC as both automatically and manually post-processed frequency lists. On the basis of such data, it is aimed to show the behaviour of various subtypes of Noun + Noun compounds. Starting out with the Bisetto-Scalise classification, the author carefully examines the status of coordinate compounds, ATAP compounds (i.e., the group comprising attributive and appositive structures) and subordinate compounds (comprising verbal-nexus and grounding compounds), discussing both theoretical and empirical implications of this classification scheme. Moreover, the original Bisetto-Scalise model is supplemented with further classification levels in order to capture specific compounding types such as relational (i.e. inherently trinominal) compounds. A major merit of the present study lies in the quantitative dimension of the data it deals with. In light of this data, the author emphasizes the gradient nature of the traditional dichotomy between syntax and compounding. The book will thus appeal not only to the linguists interested specifically in Italian word-formation, but also to a larger community of scholars who seek a more general view of the word-formation phenomena.

The study contains a synchronical description of the San Giorgio variety of the Slovene dialect spoken in the Resia valley (Val Resia/Rezjanska dolina) situated in north-eastern Italy. The following linguistic levels are analysed: phonology, morphonology and morphology. Apart from this some remarks on syntax and a lexicon have been included. The first chapter contains an overview of existing descriptive publications on Resian. Taking this overview as a starting point the choice of exactly the San Giorgio variety as the topic of this study is accounted for and the need for not only phonological, but also morphological analysis is made pointed out. The chapter further contains information on the native speakers whose speech is analysed and on the various methods used to obtain the dialect material. In the second chapter the phoneme inventory is presented, along with information on realisations, (optional) neutralisations and sandhi phenomena. Notwithstanding the considerable amount of phonetic detail given, the first and foremost aim of this chapter remains the quest for phonological oppositions and their functioning. In the third chapter the morphological alternations that occur in the substantive, adjective and verb categories are being treated. Instead of dividing this information over the respective chapters on these categories, the alternations are presented together in a separate chapter, because some of the more frequent of them occur in all these word classes. However,

through a classification by accent classes alternations concerning the location of stress are treated together with the word class they occur in. The third through seventh chapter inclusive contain the morphology of the substantive (chapter 4), the adjective (chapter 5), the pronoun, the numeral and the article (chapter 6) and the verb (chapter 7), respectively. In each chapter, together with an inventory of the attested desinences, an overview is given of rare desinences, of irregular declinations/conjugations and of the distribution of alternative desinences.

Questa raccolta di poesie e di racconti popolari anonimi in dialetto molisano tracciano il percorso di due storie che, pur diversificate, si compenetrano e si completano a vicenda: la storia individuale dell'autore e la storia collettiva della società di un paese del Sud. Le immagini di un mondo apparentemente immobile e arcaico si alternano alle vicende di una realtà storica complessa e tormentata, nel cui magma vecchio e nuovo si scontrano e si fondono. This collection of poems and anonymous folktales in the Molisan dialect traces the unfolding of two stories which, although distinct, interweave and complete each other: the author's individual story and the story of a town in the South of Italy. The images of an apparently immobile and archaic world alternate with the events of a complex and tormented historical reality, in whose magma the new and the old clash and fuse.
