This practical text equips students with the fundamental information and skills needed to be effective case managers, covering such central issues as the responsibilities of case management, competencies needed for ethical and multicultural case management, participation in interdisciplinary and interorganizational teams, and engagement in advocacy and leadership. The first-person experience of a client and her case managers draws students into the text. To ensure that the book offers current and accurate information, the authors interviewed human service case managers nationwide about their jobs, skills, challenges, and clients. These interviews, combined with current research and numerous case studies,

make GENERALIST CASE MANAGEMENT: A METHOD OF HUMAN SERVICE DELIVERY, 5th Edition, realistic and relevant. The text also aligns with NASW case management standards and helps to prepare students for earning C-SWMC certification and the HS-BCP credential. Easy Navigation for E-Readers: Whether you're reading this ebook from start to finish or jumping from chapter to chapter as you develop your itinerary, Fodor's makes it easy to find the information you need with a single touch. In addition to a traditional main table of contents for the ebook, each chapter opens with its own table of contents, making it easy to browse. Full-Color Photos and Maps: It's hard not to fall in love with central Italy as you flip through a vivid full-color photo album. Explore the layout of city centers and popular neighborhoods with easy-to-read full-color maps. Plus, get an overview of Italian geography with the convenient atlas at the end of the ebook. Bonus Reading for the Love of Italy: In addition to the quintessential travel tips you expect in a Fodor's guide, we've included three excerpts from exceptional books about Italy. Immerse yourself in Italy with cultural insights from these top-selling authors: Frances Mayes (EVERY DAY IN TUSCANY) Beppe Severgnini (LA BELLA FIGURA) Joseph Bastianich and

David Lynch (VINO ITALIANO) Explore Central Italy: No place better epitomizes the greatness of the Renaissance than Florence, where there's a masterpiece around every corner, from Michelangelo's David to Botticelli's Venus. The central regions of Tuscany and Umbria are characterized by midsize cities and small hilltop towns, each with its rich history and art treasures. Highlights include the walled city of Lucca; Pisa and the Leaning Tower, Siena, home of the Palio; and Assisi, the city of St. Francis. In between, the gorgeous countryside produces some of Italy's finest wine. Note: This ebook edition includes photographs and maps that will appear on black-and-white devices but are optimized for devices that support full-color images.

When we think of Scottish literature we think first of the urban grit which came from Edinburgh and Glasgow or the rural poetry of the Highlands and Islands. No-one thinks of Falkirk. Who ever came out of Falkirk? The place may be on the map due to engineering innovations such as the Falkirk Wheel and the iconic Kelpies

sculpture but the town's contribution to our nation's literature has so far been overlooked. Edited and introduced by author and playwright, Alan Bissett - originally from Hallglen in Falkirk - this collection features established writers from the area such as Aidan Moffat, the lyrical genius behind the band Arab Strap; Gordon Legge, who was key to the 'Rebel Inc' movement of the 1990s; Janet Paisley, one of Scotland's leading Scots language voices; and Brian McCabe, arguably one of Scotland's most accomplished short-story writers. Alongside them are a host of new and young talents, as well as unseen poetry unearthed from Falkirk Archives. Together, these voices create a compelling picture of Falkirk.

The existence of fiat currencies has long been cited as one of the major contributing factors to the challenges facing contemporary economies, and the current monetary system is not only a key source of exorable increases in interest rates but also a principal cause of inflation and decline in the value of money in many

countries. The editors argue that an Islamic monetary system, with its specific money concepts, interest-free financial institutions, and monetary policy embedded in real growth, provides a solution to this conundrum. Contributions from many world-renowned experts consider a wide array of topics, ranging from the theoretical concepts of money and banking in conventional and Islamic economics to the historical journey of money from precious metals to plastic money and digital currency today. The book outlines the problems that sprout from interest-based banking and multiple debt structures. It then mirrors the Islamic concepts of money as well as idiosyncrasies of its monetary policy. Supported with meticulous research and empirical evidence, the book demonstrates the efficacy of Islamic monetary system in delivering real growth along with equitable distribution of wealth and prosperity in the economy. It additionally acquaints the readers with juristic debates about money and monetary policy. This is essential reading for both students and researchers in Islamic economics, banking, and finance,

expertly promoting a fair and just economic system that emerges as a result of interest-free banking and monetary policy based on Islamic principles.
