Learning all the notes on the fretboard taking too long? Or worse - seems impossible? This book will unlock all the notes in 5 Simple steps! Why Should I learn the Fretboard? Throughout my years of experience with the guitar, I have come across multiple "pro guitarists" who cannot name the note they just played. Learning guitar theory with no knowledge about the names of the fretboard is comparable to learning complex arithmetic equations without knowing numbers! This book will make sure you don't end up like one of those guitarists! Here is why you should learn the fretboard: Understand how notes are arranged on the fretboard Create a mind map to navigate through the fretboard Communicate the ideas you have in your head to written format or to other musicians Create various visual references to make the fretboard less daunting And lots more Why Should I buy this book? It's only fair to ask yourself this question before spending your hard-earned money on anything. Here is what you'll find inside: The whole process of learning the fretboard simplified into 5 easy steps A step by step approach which will give you results even if you are a complete beginner 35+ exercises and tips to make sure you get results as fast as humanly possible The theory behind every concept for those who need it Countless memory techniques to make the process as simple as possible Beginner friendly - no prior music experience required All this taught in less than a day! Why this book from among the 100 others? I know there are multiple books out there that teaches you the exact same things. They have a lot more reviews and have been out for longer than this book. But here is how this book is different: Unique memory techniques which cannot be found elsewhere High-quality pictures and diagrams to give you the whole picture Free bonus material including fretboard

diagrams, Flashcards, Reference material and lots more! Gives you results faster than any book out there! I hope that was enough reasons to make you jump onto the book! So, what are you waiting for? Scroll up and click the BUY NOW button to get access to such a goldmine!

Learning the Fingerboard of the Six String Bass Createspace Independent Publishing Platform

On odd days, Tripp uses a school practice room to let loose on a borrowed guitar. Eyes closed, strumming that beat-up instrument, Tripp escapes to a world where only the music matters. On even days, Lyla Marks uses the same practice room. To Tripp, she's trying to become even more perfect—she's already a straight-A student and an award-winning cellist. But when Lyla begins leaving notes for him in between the strings of the guitar, his life intersects with hers in a way he never expected. What starts as a series of snippy notes quickly blossoms into the sharing of interests and secrets and dreams, and the forging of a very unlikely friendship. Challenging each other to write songs, they begin to connect, even though circumstances threaten to tear them apart. From beloved author Mary Amato comes a YA novel of wit and wisdom, both heartfelt and heartbreaking, about the power of music and the unexpected chords that draw us together.

For 6-String Bass with 36 Fretboards Per Page and 8 Frets Hal Leonard Corporation (Guitar Educational). The updated edition of this bestseller features more songs, updated lessons, and a full audio CD! This book will show you how to play lead and rhythm anywhere on the fretboard, in any key; play a variety of lead guitar styles; play chords and progressions anywhere on the fretboard; expand your chord vocabulary; and learn to think musically the way the pros do. Each chapter presents a pattern and shows how to use it, along with playing tips and guitar insights. Absolute beginners can follow the diagrams and instruction, and intermediate to advanced players can use the chapters non-sequentially to increase their understanding of the guitar.
