### **Let's Do Mental Maths for Ages 10-11** Pascal Press

Gem's Mental Maths and Workbook is the first series that combines exercises in Mental Maths with a Workbook section. The exercises are planned and graded to make the maths practice enjoyable to the learners. This series will help students to develop a habit of logical thinking, a scientific temper, reasoning ability and a positive attitude towards mathematics.

*250 Quick Quizzes to Sharpen Math Skills Every Day of the School Year* Vikas Publishing House

The First Mental Arithmetic Answers book provides the correct answers to all the questions contained in the corresponding workbook. Answers to the Check-up tests are included, together with the photocopiable Group record sheets and an additional photocopiable Check-up.

*Targeting Mental Maths Year 5* Frank Schaffer Publications

Matched to the demands of the National Curriculum and the new arithmetic tests at Key Stages 1 and 2, the Let's Do Arithmetic workbooks have been carefully devised to match the appropriate age and stage of your child. Each book contains 40 tests, which become progressively more challenging throughout to ensure progress can be made. With a recording chart for checking progress and full answers to aid your assessment, this book is the perfect way to test understanding of basic arithmetic concepts and prepare for the timed National Tests that your child will be encountering in school.

*Ages 5 - 8* Coordination Group Publication

Mental Maths for Ages 5 to 7 is the teacher's book which accompanies the Mental Maths Starter Book.

*Mental workout* A&C Black

Each book in this exciting new Andrew Brodie series contains more than 800 mental maths questions specially devised to boost children's confidence by providing plenty of practice in all the key mathematical areas of the national curriculum. The structure of each test follows the same pattern but the questions get progressively more difficult as children work their way through the book. Tips provided by 'Digit' the dog and word puzzles in the

form of 'Andrew Brodie Brain Booster' boxes provide extra elements to support children's learning and challenge them further. Fun stickers featuring Digit the dog for every page make sure children are rewarded for their efforts!

### **Targeting Mental Maths - 1** Crown

These student books give practice in applying basic mathematical skills, and encourage children to think about all aspects of number. As well as questions of recall and basic mental manipulation, for which answers only are required, there are also problems to intrigue and fascinate children.

### **Mental Arithmetic** Mental Arithmetic

Ages 4 to 6 years. Mental Maths procedures can help a child to quickly compute their answers. It is an amazing tool to use for calculation especially in the present time. This series serves this purpose accurately. It will help to sharpen the child's calculating skills and also develop an aptitude for mathematics.

### **Mental Maths - 5** Math Solutions

"New wave mental maths is a series of student workbooks, written to provide a comprehensive and structured daily mental maths program for students in Australian primary schools."-- Foreword.

*Bk. 5 Answers* Oswaal Books and Learning Private Limited

Level: KS1 Subject: Maths An engaging Times Tables activity book to really help boost your child's progress at every stage of their learning! Including helpful questions and answers, this Maths book provides reassurance whilst supporting your child's learning at home.

*Targeting Mental Maths - 5* Collins

First Multiplication Level: KS1 Subject: Maths Help children learn key maths skills with the friendly students of Ladybird Class!
