D'Amato, and Pete

Domenici; Jonathan Winer, Deputy Asst. Sec. of State for International Narcotics and Law Enforcement Affairs; Stanley Morris, Financial Crimes Enforcement Network, Dept. of the Treasury; George Weise, Commissioner, U.S. Customs Service; Jeffrey Lang, Deputy U.S. Trade Rep.; Alan Abel, Coopers and Lybrand, L.L.P.; Robert Leiken, New Moment, Inc.; and Michael Miles, The Miles Group, Inc.
Causa para Matar (Un Misterio de Avery

Black—Libro 1) Springer
 Esta valiosa investigación ha sido el punto de partida para la estrategia del gobierno de López Obrador contra el huachicoleo. "El cártel negro es el trabajo más amplio, mejor documentado y más descarnado acerca de la grave incursión de la delincuencia organizada en Pemex. Ana Lilia Pérez, una periodista fuerte, incisiva y acuciosa, presenta en este libro la que probablemente sea su más acabada y potente investigación

periodística." -Carmen Aristegui Durante los gobiernos de Vicente Fox Quesada y Felipe Calderón Hinojosa, se desarrolla el "cártel negro", un conglomerado de funcionarios, trabajadores, empresarios, contratistas, inspectores, contralores, agentes aduanales, dirigentes y miembros del sindicato petrolero, políticos, ordeñadores, tapineros, huachicoleros, extorsionadores, defraudadores, contrabandistas y lavadores de dinero que,

alineados con los traficantes de droga, se consolidan como una organización empresarial paralela a Pemex, al grado de competirle en el mercado nacional e internacional de los combustibles. En estas páginas se documentan escrupulosamente las acciones del crimen organizado en la industria petrolera de México: la creación de compañías fachada, los contratos simulados, la ordeña de pozos y ductos, así como el saqueo en las áreas con mayor blindaje. Es un

trabajo periodístico decisivo que se ha construido a partir de informes confidenciales, bitácoras del área de seguridad de Pemex, auditorías de la Secretaría de la Función Pública, testimonios de testigos protegidos y, sobre todo, de expedientes reservados en términos de seguridad nacional que la autora logró desclasificar tras una larga batalla. Así se devela cómo la empresa petrolera quedó de rodillas ante la mafia. El cártel negro es una

ventana al fangoso inframundo en el que se convirtió a Pemex, producto de muchos años de saqueo, corrupción e impunidad. ENGLISH DESCRIPTION This invaluable investigation has been the starting point for Governor López Obrador's strategy against huachicoleo, or gasoline theft. The Black Cartel is the broadest, best-documented, and starkest work about the serious foray of organized crime in Pemex. In this book, Ana Lilia Pérez, a strong, insightful, and

diligent journalist, presents what may be her most powerful, complete investigation. During the terms of Vicente Fox Quesada and Felipe Calderón Hinojosa, the “cartel negro” was formed: a conglomerate of government workers, businesspeople, contractors, inspectors, auditors, customs agents, managers and members of the oil syndicates, politicians, bottomfeeders, gas thieves, extortionists, swindlers, smugglers, and money launderers who,

aligned with the drug dealers, have consolidated as a business organization in parallel to Pemex, to the point of competing in the national and international oil market. In these pages, the organized crime of the Mexican oil industry is scrupulously documented: the creation of shell companies, simulated contracts, and the looting of even the most well-protected areas. It is a decisive journalistic work that has been constructed based on confidential

information, security logs from Pemex, audits of government agencies, testimonies of protected witnesses, and above all, of secret documents that the author managed to get declassified after a long battle. In this way, she reveals how the oil industry was helpless against the mafia. The Black Cartel is a window into the thorny underworld that is Pemex: a product of many years of looting, corruption, and impunity.

Cartel El Corazon Negro Routledge

This captivating resource covers the bloody history of Mexican drug cartels from their rise in the 1980s to the latest round of brutal violence, which has seen more than 125,000 Mexican citizens killed over the past decade. This comprehensive reference work offers a detailed exploration of the vicious drug organizations that have enveloped Mexico in extreme violence since the 1980s. Organized alphabetically, the book features more than 200 entries on the major

individuals and organizations that have dominated Mexico's booming illegal drug trade, as well as the Mexican armed forces and police units that have faced off against them in the escalating War on Drugs. The book opens with illuminating essays that provide context for Mexico's cartels and the long-running War on Drugs and explore the impact of the cartels on the United States. The A-Z entries that follow include such topics as Vincente Fox, "El Chapo" Guzman,

the Golden Triangle, Operation Border Star, and the Sinaloa and Zetas cartels. Other entries focus on various anti-drug campaigns, crucial events, and weaponry favored by the cartels. The entries are augmented by an expansive chronology, a colorful glossary, and an extensive bibliography. *El sendero oscuro* Buffalo Head Media In Uneven Landscapes of Violence, Muñoz Martínez argues that the nexus of criminality, illegality and violence are an integral

and defining features of neo-liberal state formation in Mexico after 2000.

Uneven Landscapes of Violence Duke University Press

The popular history of narco-Mexico has long been narrowly framed by the U.S. “War on Drugs.” Stereotypes

overemphasize the criminal agency of celebrity drug lords.

Common understanding of the narco world is rooted in mythology and misunderstanding, and the public narrative has

consistently downplayed links to respected individuals and legitimate society. In *Drug Wars and Covert Netherworlds* sociologist and criminologist James H. Creechan draws on decades of research to paint a much more nuanced picture of the transformation of Mexico’s narco cartels. Creechan details narco cartel history, focusing on the decades since Richard Nixon declared the War on Drugs. With sobering detail, Creechan unravels a web of government

dependence, legitimate enterprises, covert connections, and violent infighting. He details how drug smuggling organizations have grown into powerful criminal mafias with the complicit involvement of powerful figures in civil society to create covert netherworlds. Mexico is at a moment of change—a country on the verge of transition or perdition. It can only move forward by examining its history of narco-connections spun and re-spun over the last fifty years.

Bloodlines iUniverse
Este libro ha sido escrito por David Tangye y Graham Wright, asistentes personales de Ozzy Osbourne y Bill Ward respectivamente, cuenta la historia de Black Sabbath desde sus comienzos hasta el abandono de Ozzy a finales de los 70's. El pertenecer al entorno directo de la banda les permitió conocer de primera mano cómo era su día a día. Aquí podrás encontrar desde anécdotas cachondas típicas de Ozzy y

compañía, hasta detalles de las grabaciones de sus míticos primeros discos. Todo contado desde el respeto y la amistad que une a los autores con la banda hasta el día de hoy. Se trata de la traducción al español del libro "How Black Was Our Sabbath: A View From The Crew". El libro en español incluye un capítulo extra dedicado a la reunión de la banda, su disco "13" y su tour mundial, en el cual volvió a participar Graham. Todas las fotos incluídas son inéditas y pertenecen al archivo

personal de los autores. *Qué negro fue nuestro Sabbath* Createspace Independent Publishing Platform
Inheriting a Galway cottage may change a troubled woman's life—but not the way she hopes—in this thriller from an "original, grimly hilarious" author (The Washington Post). Kate Mitchell's in the process of kicking her heroin addiction—with the help of alcohol—when a letter arrives informing her that her aunt in Ireland has passed away and

bequeathed her a home near the ocean. This could be the start of a new and better life for Kate, far away from Brooklyn, where she and her surviving brothers are each struggling with their own dark pasts. But Aunt Mary didn't die peacefully—quite the opposite. The pair of thugs responsible for her murder had plans for her house: namely, turning it into a lovely seaside meth lab. One of Mary's killers, however, finds his focus shifting when he spots a photo of the dead

woman's American niece, who bears a striking resemblance to the late opera singer Maria Callas, the beloved object of his obsession. When Kate and her brothers arrive to claim her inheritance, they're going to find something other than a piece of paradise . . . "Nobody writes like Ken Bruen, with his ear for lilting Irish prose and his taste for the kind of gallows humor heard only at the foot of the gallows." —The New York Times "Bruen has a rich and mordant writing style,

full of offbeat humor."

Chased across the world by police and criminals alike, Matthias Callaghan eludes them by hiding in Australia. With his girlfriend Samantha, he starts a new life in the belief that he hasn't left traces behind allowing Interpol, the Russian Mafia and a London gangster named Flint to find him. Six months later he finds out that he's wrong. Once again on the

run, he and Samantha escapes to Bali where they try to come to grips with Callaghan's quandary. The pair settles on a daring plan to remove all threats to Callaghan's existence and allow him to recover his true identity. "Ekemar packs this original, complex tale with action and intrigue from stem to stern ... A thrill ride to a series packed with complex characters, motives, and themes that will delight and perhaps trouble, but not disappoint, fans of this

series." - Kirkus Reviews
"This book gets four out of four stars from me. It had all the right ingredients for a great read: crime, horror, family problems, international intrigue and even romance." - Onlinebookclub Reviews
"The intricacy with which it is developed, the cohesiveness that weaves the story lines together, and the suspense that is built through the skillfully constructed flashbacks and timely changes of scene combine to form a very intelligently written manuscript in the

fiction/suspense genre. ... The plot is wonderfully complex and creative without being overly complicated; it is very absorbing in the sense that good mysteries are intricate and reflect life's complexity. The reader is constantly kept in suspense as the intrigue builds ... In fact, the plot and the story lines are quite original and inventive!" - Amazon Editorial Review

THE RIVETING TRUE

STORY OF HOW THE FBI
BROUGHT DOWN THE
FEARSOME MIGUEL
TREVÍÑO, LEADER OF LOS
ZETAS, MEXICO'S MOST
VIOLENT DRUG CARTEL.

Drugs, money, cartels: this is what FBI rookie Scott Lawson expected when he was sent to the border town of Laredo, but instead he's deskbound writing intelligence reports about the drug war. Then, one day, Lawson is asked to check out an anonymous tip: a horse was sold at an Oklahoma auction house for a record-topping price,

and the buyer was Miguel Treviño, one of the leaders of the Zetas, Mexico's most brutal drug cartel. The source suggested that Treviño was laundering money through American quarter horse racing. If this was true, it offered a rookie like Lawson the perfect opportunity to infiltrate the cartel. Lawson teams up with a more experienced agent, Alma Perez, and, taking on impossible odds, sets out to take down one of the world's most fearsome drug lords. In Bloodlines,

Emmy and National Magazine Award-winning journalist Melissa del Bosque follows Lawson and Perez's harrowing attempt to dismantle a cartel leader's American racing dynasty built on extortion and blood money. Throwing back the curtain on the inner workings of cartel kingpins and law enforcement agencies, del Bosque turns more than three years of research and her decades of reporting on Mexico and the border into a gripping narrative about greed and

corruption. Bloodlines offers us an unprecedented look at the inner workings of the Zetas and US federal agencies, and opens a new vista onto the changing nature of the drug war and its global expansion.

El cártel negro / The Black Cartel Taylor & Francis
An intriguing story of a down on his luck American and his inopportune introduction to Mexican Drug Cartel family. His fiftieth birthday party ends in a wild week in the slammer,

then an unwanted vacation he had always dreamed of. Wild, wacky, sad, surreal, love, longing, laughter. Drama and Reality collide. What plays in Mexico, this time won't stay in Mexico. Come take a ride with Robert "Buddy" Rich through the inter-workings of a Sheriff's Department and the menacing, savage life of a Mexican Drug Cartel family. Fasten your seat-belt, you are in for a bumpy ride....

Narco Estado Routledge
By combining chronological coverage,

analytical breadth, and interdisciplinary approaches, these two volumes—Histories of Solitude and Histories of Perplexity—study the histories of Colombia over the past two centuries as illustrations of the histories of democracy across the Americas. The volumes bring together over 40 scholars based in Colombia, the United States, England, and Canada working in various disciplines to discuss how a country that has been consistently presented as a rarity in Latin America

provides critical examples to re-examine major historical problems: republicanism and liberalism; export economies and agrarian modernization; populism and cultural politics of state formation; revolutionary and counterinsurgent Cold War violence; neoliberal reforms and urban development; popular mobilization and counterhegemonic public spheres; political ecologies and environmental struggles; and labors of memory and

the challenge of reconciliation. Contributors are sensitive to questions of subjectivity and discourse, observant of ethnographic details and micro-politics, and attuned to macro-perspectives such as transnational and global histories. These volumes offer fresh perspectives on Colombia and will be of great value to those interested in Latin American and Caribbean history. *Diccionario técnico Akal de términos musicales*

Cuando en 2017 el Catedrático Fernando Quirós presentó su candidatura para dirigir nuestro Departamento, lo hizo convencido de la ventaja que le daba conocer las «dos almas»

del entonces recién nacido Departamento de Periodismo y Nuevos Medios, fruto de la fusión de dos Departamentos preexistentes que el Profesor Quirós conocía muy bien. Una de sus promesas entonces fue avanzar en la integración académica e investigadora de aquellas dos almas. Y he aquí un resultado de ese esfuerzo: treinta y ocho profesores de nuestro Departamento compartiendo conocimientos, especialmente con sus alumnos, en este proyecto

común de alma única, donde el lector podrá encontrar reflexiones y conocimientos puestos al día sobre diversos ámbitos del Periodismo y de la Comunicación, desde lo último en tecnologías aplicadas hasta el impacto de la pandemia de la Covid-19 en el consumo de medios.

Congressional Record

Vanderbilt University Press

'War' is no exaggeration in discussing the bloodshed that has terrorized Mexico in the past decades. As rival cartels battle for control of a billion-dollar drug trade, the body count - 23,000 dead in five years - and sheer horror beggar the imagination of journalistic witnesses. Cartel gunmen have attacked schools and

rehabilitation centers, and murdered the entire families of those who defy them. Reformers and law enforcement officials have been gunned down within hours of taking office. Headless corpses are dumped on streets to intimidate rivals, and severed heads are rolled onto dancefloors as messages to would-be opponents. And the war is creeping northward, towards the United States. El Narco is the story of the ultraviolent criminal organizations that have turned huge

areas of Mexico into a combat zone. It is a piercing portrait of a drug trade that turns ordinary men into mass murderers, as well as a diagnosis of what drives the cartels and what gives them such power. Veteran Mexico correspondent Ian Grillo traces the gangs from their origins as smugglers to their present status as criminal empires. The narco cartels are a threat to the Mexican government - and their violence has now reached as far as North Carolina. El Narco is required

reading for anyone concerned about one of the most important news stories of the decade. The Medellin Cartel Bloomsbury Publishing USA
Through political and cultural analysis of representations of the so-called war on drugs, Oswaldo Zavala makes the case that the very terms we use to describe drug traffickers are a constructed subterfuge for the real narcos: politicians, corporations, and the military. Though Donald Trump's

incendiary comments and monstrous policies on the border revealed the character of a deeply depraved leader, state violence on both sides of the border is nothing new. Immigration has endured as a prevailing news topic, but it is a fixture of modern society in the neoliberal era; the future will be one of exile brought on by state violence and the plundering of our natural resources to sate capitalist greed. Yet the realities of violence in Mexico and along the

border are obscured by the books, films, and TV series we consume. In truth, works like *Sicario*, *The Queen of the South*, and *Narcos* hide Mexico's political realities. Alongside these examples, Zavala discusses Charles Bowden, *2666* by Roberto Bolaño, and other important Latin American writers as examples of those who do capture the realities of the drug war. Translated into English by William Savinar, *Drug Cartels Do Not Exist* will be useful for journalists,

political scientists, philosophers, and writers of any kind who wish to break down the constructed barriers—physical and mental—created by those in power around the reality of the Mexican drug trade.

Odisea nº 13 Camila Winter

This volume brings forward a descriptive approach to the translation and reception of African American women's literature in Spain. Drawing from a multidisciplinary

theoretical and methodological framework, it traces the translation history of literature produced by African American women, seeking to uncover changing strategies in translation policies as well as shifts in interests in the target context, and it examines the topicality of this cohort of authors as frames of reference for Spanish critics and reviewers. Likewise, the reception of the source literature in the Spanish context is described by reconstructing the values

that underlie judgements in different reception sources. Finally, this book addresses the specific problem of the translation of Black English into Spanish. More precisely, it pays attention to the ideological and the ethical implications of translation choices and the effect of the latter on the reception of literary texts.

Blanco y negro Editorial GEDISA

Turns grammar review into a fun, culturally enriching experience by placing it in a realistic meaningful context. This

is achieved through the inclusion of brief readings, lots of realia and photos, and profiles of famous Hispanics. Self-contained chapters allow instructors to cover material in whatever order they prefer. Crystal clear grammatical explanations are immediately applied in dialogues and prose. English is used to help clarify more difficult points. Direction lines and exercises are written entirely in Spanish. Unique "Escenas" illustrate vocabulary and provide a springboard for

conversations and activities. For example, a busy restaurant and buying clothes. Closely coordinated with the accompanying reader and workbook to reinforce key grammatical and vocabulary points.

The Black Cartel

Akashic Books

The book takes a hard hitting look at the drug wars taking place in Mexico between competing gangs, cartels, and mercenary factions; their insurgency against the Mexican state; the narco-violence and

terrorism that is increasingly coming over the border into the United States, and its interrelationship with domestic prison and street gangs. Analysis and response strategies are provided by leading writers on 3GEN gang theory, counterterrorism, transnational organized crime, and homeland security. *Narcos Over the Border* is divided into three sections: narco-opposing force (NARCO OPFOR) organization and technology use; patterns of violence and corruption

and the illicit economy; and United States response strategies. The work also includes short introductory essays, a strategic threat overview, an afterword and selected references. Specific topics covered include: advanced weaponry, internet use, kidnappings and assassinations, torture, beheadings, and occultism, cartel and gang evolutionary patterns, drug trafficking, street taxation, corruption, and border firefights. This book was published as a special issue of *Small*

Wars and Insurgencies. African American Women's Literature in Spain Bloomsbury Publishing USA
The Latin American novel burst onto the international literary scene with the Boom era--led by Julio Cortázar, Gabriel García Márquez, Carlos Fuentes, and Mario Vargas Llosa--and has influenced writers throughout the world ever since. García Márquez and Vargas Llosa each received the Nobel Prize in literature, and many of the best-known

contemporary novelists are inspired by the region's fiction. Indeed, magical realism, the style associated with García Márquez, has left a profound imprint on African American, African, Asian, Anglophone Caribbean, and Latinx writers. Furthermore, post-Boom literature continues to garner interest, from the novels of Roberto Bolaño to the works of César Aira and Chico Buarque, to those of younger novelists such as Juan Gabriel Vásquez, Alejandro Zambra, and

Valeria Luiselli. Yet, for many readers, the Latin American novel is often read in a piecemeal manner delinked from the traditions, authors, and social contexts that help explain its evolution. The Oxford Handbook of the Latin American Novel draws literary, historical, and social connections so that readers will come away understanding this literature as a rich and compelling canon. In forty-five chapters by leading and innovative scholars, the Handbook provides a comprehensive

introduction, helping readers to see the region's intrinsic heterogeneity--for only with a broader view can one fully appreciate García Márquez or Bolaño. This volume charts the literary tradition of the Latin American novel from its beginnings during colonial times, its development during the nineteenth and the first half of the twentieth century, and its flourishing from the 1960s onward. Furthermore, the Handbook explores the regions, representations

of identity, narrative
trends, and authors that

make this literature so
diverse and fascinating,
reflecting on the Latin

American novel's position
in world literature.
