Not If I See You First Penguin

In a sweeping epic of dazzling magic, soaring suspense, and dark longing, three immortal souls are united by fate and a fearless ambition that will change the course of history—even as it destroys their own way of life. . . . On an upper floor of a plush, high-security building on Central Park West, an elegant man sits in the office of Dr. Anne Kramer, confessing to the heinous murder that has horrified the modern world. Randolph

Sontime is renowned for his personal charm, and Dr. Kramer is fighting to keep from falling victim to it. For the first time in her life, she truly understands the meaning of the word “charisma.” Not knowing that her own destiny is irrevocably tied to his, Anne Kramer listens to the story of Sontime’s life. “It began with the magic, you see. And so, perforce, must I.” As a boy named Han at the House of Ra, an isolated oasis in the Egyptian desert of a far ancient time, Sontime lived in privilege. There

the chosen were trained in the science of alchemy-magic, philosophy, miracles. Only two other initiates were as skilled as he: Akan, quiet and studious, a boy whose thirst for knowledge was matched only by his hunger for truth; and Nefar, beautiful and brilliant, a girl as filled with wonder and unfathomable ambition as Han himself. Together they discovered that in union, theirs was a power unmatched in the physical world. But even in the House of Ra, there were

boundaries to be observed, knowledge that only the masters understood and feared. As the threesome's thirst for answers-and for each other-deepened, they were tempted by the dark arts that they had sworn to avoid. "Look at three magnificent youths who stand astride your world and scoff at the rules you must obey. . . . Look at us, and call us gods." Their power was palpable, their desire total-until the fateful moment when their alliance was forever damned, their gifts

horribly corrupted. A seductive work that seethes with mystery and passion, *The Alchemist* hurtles readers back through time to an era when magic was sacred and the workings of the world lay in the hands of a few gifted, but tortured souls. In a stunning feat of unbridled imagination, Donna Boyd has created her most hypnotic novel to date.

"What gives you a thrill Kristen?" The minute I saw Vincent Sorenson, I knew he was trouble. Arrogant. Controlling. Possessive. He was everything I craved, and nothing I needed. Unfortunately, I couldn't just avoid him. The higher ups at my company decided they needed his business, and I

was on the team to bring him in. Vincent Sorenson didn't seem as interested in business as he was in me, but I knew that was a door better left unopened. If I got involved with him, it would only unearth the pain I spent years trying to bury. I thought I had it under control, but I seriously underestimated Vincent's seductive charm and silver-tongue. I would soon find out how delicious it would feel to let myself fall into this forbidden surrender.

She even scores her PR firm's most important actor client and every woman's dream--Billy Fox. But will a steamy make-out session in a restaurant alley with her big-name client cost Sophie her job? And does she really want an escape from her life and her

loving, if imperfect, relationship with her investment banker boyfriend? The Star Attraction takes us on a wild ride through one woman's daytime soap come to life. "Alison Sweeney's novel is an entertaining, backstage glimpse at those who organize the lives of the Hollywood elite. It's great fun for any reader who secretly sneaks peeks at People magazine in the checkout line at the grocery store, and wonders, What if . . . ?" -- Jodi Picoult, New York

Times bestselling author of Lone Wolf and The Storyteller Publishers Weekly: Actress and reality show host Sweeney (The Mommy Diet) hits it out of the park with her engaging fiction debut about an L.A.-based star publicist who lets her love life get in the way of work Sweeney uses many familiar chick-lit tropes but does it very well and also infuses her story with insider-y Hollywood situations and realistic depictions of relationship woes. It all adds up to a pleasurable read, and a

particularly impressive first foray into this genre. Kirkus: A highly entertaining debut from Sweeney, host of The Biggest Loser and star of Days of Our Lives for 20 years. Sweeney's insider knowledge adds authenticity to this laugh-out-loud story of working and romancing in Los Angeles. What makes the book remarkable is not so much the plot but Sophie's reactions to what happens. You just have to love this girl. That sense of humor that can save a person in real life makes

this an extremely fun read.

This landmark work first published 20 years ago helped establish the field of African-American womanist theology. It is widely regarded as a classic text in the field. Drawing on the biblical figure of Hagar mother of Ishmael, cast into the desert by Abraham and Sarah, but protected by God Williams finds a

prototype for the struggle of African-American women. African slave, homeless exile, surrogate mother, Hagar's story provides an image of survival and defiance appropriate to black women today. Exploring the themes implicit in Hagar's story poverty and slavery, ethnicity and sexual exploitation, exile and encounter with God Williams traces parallels in the history of African-American women from slavery to the present day. A new womanist theology emerges from

this shared experience, from the interplay of oppressions on account of race, sex and class.

Sisters in the Wilderness offers a telling critique of theologies that promote "liberation" but ignore women of color. This is a book that defined a new theological project and charted a path that others continue to explore.

Imani's Moon Houghton Mifflin

A rollicking, character-driven narrative history about the nineteenth-century radicals--from Fanny Wright and Henry

David Thoreau to John Brown and William Lloyd Garrison--who demanded that the United States live up to its revolutionary ideals, and what their successes and failures can teach us today July 4, 1826, marked a turning point for the young United States. Even as Americans lit firecrackers to celebrate their country's fiftieth birthday, both John Adams and Thomas Jefferson were on their deathbeds. They left behind a country with a solid political system and a growing economy--as

well as increasing political division over slavery, which still tarnished the "land of the free." Luckily, a new generation of political thinkers was ready to take up the mantle and finish the revolution the Founding Fathers had started. They were men and women, black and white, fiercely devoted to a variety of causes that put them outside the mainstream--from the brilliant heiress Fanny Wright, whose choice to speak in front of mixed-gender crowds created almost as much

scandal as her calls to destroy the institution of marriage; to the radical abolitionist William Lloyd Garrison, whose nonviolent principles would be tested as the conflict over slavery pushed the nation to its breaking point; to the black nationalist Martin Delany, who smuggled escaped slaves across the Canadian border and funded John Brown's raid on Harpers Ferry--only to ally himself with Southern Confederates after the Civil War. Tracing the period from 1824 to

Reconstruction, American Radicals- How Nineteenth-Century Counterculture Shaped the Nation rediscovers these largely forgotten figures, and others, in all their heroism and complexity, and in so doing adds to our understanding of an often neglected but crucial period in America's stop-and-go journey toward living up to its promises. The result is a surprising, panoramic work of narrative history, one that offers important lessons for today's generation of radicals and resisters.

"Sisters in Arms is

heartwarming but fierce, a novel brimming with camaraderie and fire, starring women you'd love to make your friends. Prickly, musical Grace and bubbly, privileged Eliza may not make the most natural allies, but it's fight or die when they're thrown together in the Army's first class of female officers—and the first Black women allowed to serve their country in World War II. . . . Kaia Alderson's debut is a triumph!"— Kate Quinn, New York Times bestselling author of The

Rose Code Kaia Alderson's debut historical fiction novel reveals the untold, true story of the Six Triple Eight, the only all-Black battalion of the Women's Army Corps, who made the dangerous voyage to Europe to ensure American servicemen received word from their loved ones during World War II. Grace Steele and Eliza Jones may be from completely different backgrounds, but when it comes to the army, specifically the Women's Army Auxiliary Corps (WAAC), they are both

starting from the same level. Not only will they be among the first class of female officers the army has even seen, they are also the first Black women allowed to serve. As these courageous women help to form the 6888th Central Postal Directory Battalion, they are dealing with more than just army bureaucracy—everyone is determined to see this experiment fail. For two northern women, learning to navigate their way through the segregated army may be tougher than boot camp. Grace

and Eliza know that there is no room for error; they must be more perfect than everyone else. When they finally make it overseas, to England and then France, Grace and Eliza will at last be able to do their parts for the country they love, whatever the risk to themselves. Along the way, friendships will be forged, lives will be lost, and love will take root even in the harshest of circumstances, between the most unexpected of lovers. "What do you think of my fiction book writing?" the aspiring novelist extorted. "Darn," the editor hectored, in turn. "I can not publish your novel! It is full of what we in the business call 'really awful writing.'" "But how shall I absolve this dilemma? I

have already read every tome available on how to write well and get published!" The writer tossed his head about, wildly. "It might help," opined the blonde editor, helpfully, "to ponder how NOT to write a novel, so you might avoid the very thing!" Many writing books offer sound advice on how to write well. This is not one of those books. On the contrary, this is a collection of terrible, awkward, and laughably unreadable excerpts that will teach you what to avoid—at all costs—if you

ever want your novel published. In *How Not to Write a Novel*, authors Howard Mittelmark and Sandra Newman distill their 30 years combined experience in teaching, editing, writing, and reviewing fiction to bring you real advice from the other side of the query letter. Rather than telling you how or what to write, they identify the 200 most common mistakes unconsciously made by writers and teach you to recognize, avoid, and amend them. With hilarious "mis-examples"

to demonstrate each manuscript-mangling error, they'll help you troubleshoot your beginnings and endings, bad guys, love interests, style, jokes, perspective, voice, and more. As funny as it is useful, this essential how-NOT-to guide will help you get your manuscript out of the slush pile and into the bookstore.

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a

young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from

college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a

blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he

becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of

sentimentality. Mesmerizing, heartbreaking, Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page. Blackbird Publishing Problems can make you feel like God is far away, but they can also be the very things that bring you closer to him. She offers inspiration to live a life full of God's power rather than one that causes us to turn away and be paralyzed by problems. Living anchored in God's

Micah's warm and engaging style feels like a conversation with a dear friend. She encourages her readers to run to the Lord through every circumstance of life, and to experience His power in every part of their story.
