The Dictionary of Difficult Words Kar-Ben Publishing™

Steven Levitt and Stephen Dubner single-handedly showed the world that applying counter-intuitive approaches to everyday problems can bear surprising results. Think Like a Freak will take readers further inside this special thought process, revealing a new way of approaching the decisions we make, the plans we create and the morals we choose. It answers the question on the lips of everyone who's read the previous books: How can I apply these ideas to my life? How do I make smarter, harder and better decisions? How can I truly think like a freak? With short, highly entertaining insights running the gamut from "The Upside of Quitting" to "How to Succeed with No Talent," Think Like a Freak is poised to radically alter the way we think about all aspects of life on this planet.

Cain's Jawbone Disney Electronic Content

The #1 New York Times bestselling sequel to Words of Radiance, from epic fantasy author Brandon

Sanderson at the top of his game. In Oathbringer, the third volume of the New York Times bestselling Stormlight Archive, humanity faces a new Desolation with the return of the Voidbringers, a foe with numbers as great as their thirst for vengeance. Dalinar Kholin's Alethi armies won a fleeting victory at a terrible cost: The enemy Parshendi summoned the violent Everstorm, which now sweeps the world with destruction, and in its passing awakens the once peaceful and subservient parshmen to the horror of their millennia-long enslavement by humans. While on a desperate flight to warn his family of the threat, Kaladin Stormblessed must come to grips with the fact that the newly kindled anger of the parshmen may be wholly justified. Nestled in the mountains high above the storms, in the tower city of Urithiru, Shallan Davar investigates the wonders of the ancient stronghold of the Knights Radiant and unearths dark secrets lurking in its depths. And Dalinar realizes that his holy mission to unite his homeland of Alethkar was too narrow in scope. Unless all the nations of Roshar can put aside Dalinar's blood-soaked past and stand together—and unless Dalinar himself can confront that past—even the restoration of the Knights Radiant will not prevent the end of civilization. Fahrenheit 451 Kar-Ben Publishing™

Six murders. One hundred pages. Millions of possible combinations... but only one is correct. Can you solve Torquemada's murder mystery? In 1934, the Observer's cryptic crossword compiler, Edward Powys Mathers (aka Torquemada), released a novel that was simultaneously a murder mystery and the most fiendishly difficult literary puzzle ever written. The pages have been printed in an entirely haphazard order, but it is possible - through logic and intelligent reading - to sort the pages into the only correct order, revealing six murder victims and their respective murderers. Only three puzzlers have ever solved the mystery of Cain's Jawbone: do you have what it takes to

join their ranks? Please note: this puzzle is extremely difficult and not for the faint-hearted.

The Ziz and the Hanukkah Miracle The Hardest Word

NEW YORK TIMES BESTSELLER • From the veteran political journalist and 60 Minutes correspondent, a deep dive into the history, evolution, and current state of the American presidency, and how we can make the job less impossible and more productive—featuring a new post-2020–election epilogue “This is a great gift to our sense of the actual presidency, a primer on leadership.”—Ken Burns Imagine you have just been elected president. You are now commander-in-chief, chief executive, chief diplomat, chief legislator, chief of party, chief voice of the people, first responder, chief priest, and world leader. You’re expected to fulfill your campaign promises, but you’re also expected to solve the urgent crises of the day. What’s on your to-do list? Where would you even start? What shocks aren’t you thinking about? The American presidency is in trouble. It has become overburdened, misunderstood, almost impossible to do. “The problems in the job unfolded before Donald Trump was elected, and the challenges of governing today will confront his successors,” writes John Dickerson. After all, the founders never intended for our system of checks and balances to have one superior Chief Magistrate, with Congress demoted to “the little brother who can’t keep up.” In this eye-opening book, John Dickerson writes about presidents in history such as Washington, Lincoln, FDR, and Eisenhower, and in contemporary times, from LBJ and Reagan and Bush, Obama, and Trump, to show how a complex job has been done, and why we need to reevaluate how we view the presidency, how we choose our presidents, and what we expect from them once they are in office. Think of the presidential campaign as a job interview. Are we asking the right questions? Are we looking for good campaigners, or good presidents? Once a candidate gets the job, what can they do to thrive? Drawing on research and interviews with current and former White House staffers, Dickerson defines what the job of president actually entails, identifies the things that only the president can do, and analyzes how presidents in history have managed the burden. What qualities make for a good president? Who did it well? Why did Bill Clinton call the White House “the crown jewel in the American penal system”? The presidency is a job of surprises with high stakes, requiring vision, management skill, and an even temperament. Ultimately, in order to evaluate candidates properly for the job, we need to adjust our expectations, and be more realistic about the goals, the requirements, and the limitations of the office. As Dickerson writes, “Americans need their president to succeed, but the presidency is set up for failure. It doesn’t have to be.”

Towers Falling Simon and Schuster

A NEW YORK TIMES BESTSELLER • “A memoir in essays about so many things—growing up in an abusive cult, coming of age as a lesbian in the military, forced out by homophobia, living on the margins as a working class woman and what it’s like to grow into the person you are meant to be. Hough’s writing will break your heart.” —Roxane Gay, author of *Bad Feminist* Searing and extremely personal essays, shot through with the darkest elements America can manifest, while discovering light and humor in unexpected corners. As an adult, Lauren Hough has had many

identities: an airman in the U.S. Air Force, a cable guy, a bouncer at a gay club. As a child, however, she had none. Growing up as a member of the infamous cult The Children of God, Hough had her own self robbed from her. The cult took her all over the globe—to Germany, Japan, Texas, Chile—but it wasn't until she finally left for good that Lauren understood she could have a life beyond "The Family." Along the way, she's loaded up her car and started over, trading one life for the next. She's taken pilgrimages to the sights of her youth, been kept in solitary confinement, dated a lot of women, dabbled in drugs, and eventually found herself as what she always wanted to be: a writer. Here, as she sweeps through the underbelly of America—relying on friends, family, and strangers alike—she begins to excavate a new identity even as her past continues to trail her and color her world, relationships, and perceptions of self. At once razor-sharp, profoundly brave, and often very, very funny, the essays in *Leaving Isn't the Hardest Thing* interrogate our notions of ecstasy, queerness, and what it means to live freely. Each piece is a reckoning: of survival, identity, and how to reclaim one's past when carving out a future. A VINTAGE ORIGINAL *Different Seasons* Little, Brown Books for Young Readers

An instant New York Times Bestseller! The new uplifting book from Matt Haig, the #1 New York Times bestselling author of *The Midnight Library*, for anyone in search of hope, looking for a path to a more meaningful life, or in need of a little encouragement. Named by *The Washington Post* as one of the best feel-good books of 2021. “It is a strange paradox, that many of the clearest, most comforting life lessons are learnt while we are at our lowest. But then we never think about food more than when we are hungry and we never think about life rafts more than when we are thrown overboard.” *THE COMFORT BOOK* is Haig’s life raft: it’s a collection of notes, lists, and stories written over a span of several years that originally served as gentle reminders to Haig’s future self that things are not always as dark as they may seem. Incorporating a diverse array of sources from across the world, history, science, and his own experiences, Haig offers warmth and reassurance, reminding us to slow down and appreciate the beauty and unpredictability of existence.

What a Way to Start a New Year! Frances Lincoln Children's Books

Three simple words—“I love you”—capture the heart of Jesus’ life and ministry. These three words form the bottom line and top drawer of all his teachings. And they remain the three hardest words in the world to get right. Two pronouns and a verb have never been so difficult to grasp, much less to practice. Popular culture has ruined love’s reputation by redefining it first as romance, and then as lust. But it’s not just the meaning of the word love that causes so much confusion. To fully understand love, we also need to find out who we are in God’s eyes and whom we are commanded to love. Following Jesus can be described as the daily practice of all three words: I. Love. You. There is nothing more rewarding, and nothing more risky. Join Leonard Sweet in this eye-opening, life-altering exploration of three simple, one-syllable words. After all, the lifestyle of love is the only life that Jesus calls you to live. There is nothing more challenging than adopting the three-word lifestyle of Jesus as your own. Perhaps you have wondered why love seems to work for everyone else, but not for you. Or maybe you’ve done your best to love those around you, but it seems that life has drained your last drop of trust and affection. Nothing is better than love when it’s right; and nothing is more destructive than attempts at love that fail to follow the Jesus prescription for a healthy life. Jesus devoted his earthly life to saying these three words—I love you—and teaching us how to say them. As Jesus defined love, it takes everything you’ve got...and then even more, which only God can give. The lifestyle of love is not something you can master on your own, but Jesus is ready to show you how. Starting today, you can learn to live “I love you”—the three hardest words in the world to get right. Leonard Sweet, PhD, serves as the E. Stanley Jones Professor of Evangelism at Drew Theological School in Madison, New Jersey. He is also a Distinguished Visiting Professor at George Fox University in Newberg, Oregon, and founder and president of SpiritVenture Ministries. He has written many books, including *Out of the Question...* Into the Mystery and the trilogy *SoulTsunami*, *AquaChurch*, and *SoulSalsa*.
