Ian Thorpe's achievements in the water are nothing short of phenomenal. He has won a record-holding eleven World Championship titles and ten Commonwealth Games gold medals. He has broken twenty-two world records and won five gold, three silver and one bronze Olympic medals. Having been under the spotlight since he was a young teenager, Thorpe retired from competitive swimming in 2006 because of the intense pressure he felt, but five years later he decided to make a hugely publicised comeback. Thorpe is one of the world's most successful sportsmen, but it is the way he has managed his triumphs and his commitment to helping others that have earned him respect and admiration internationally. Thorpe's autobiography follows him all the way from his childhood in Sydney right up to the London Olympics. This is a man who has had highs and lows away from the pool, who has led an extraordinary life of an elite athlete that most of us will never know, who has faced up to his own demons, and who has the courage to come back and stake his claim for the ultimate goal once more.

'This is the book I wished I'd had to turn to.' Gary Barlow Gary Barlow is one of the most successful British musicians and songwriters of all time, but fifteen years ago, as he himself admits, he hit rock bottom - he was out of shape, out of work, depressed. Food for him had become an addiction, a means not only of comfort but almost of self-medication as he grappled with the cruel twists of fate of musical stardom. In 2003, as he struggled with the disappointment of an underperforming solo career alongside the tireless media taunts; Gary turned to food. Relentlessly. In the space of nine years he had been on 20 diets in the hopes of a resolution to all his woes. After asking the doctor what the 'cure' for obesity was, it sunk in that he was the only one who could take control of his health. Gary describes this realisation and the task that lay ahead - 'it was like being at the foot of a massive mountain'. So how did he go from an obese, out-of-work and depressed pop icon, to a superstar of music and TV and an accomplished musical songwriter and producer who is full of vitality, fitter, happier and more successful than ever before. What happened? In his extraordinarily honest memoir *A Better Me*, Gary tells of his journey back to professional success and mental and physical health. From reforming Take That to critical and commercial acclaim and reigniting his own legendary songwriting career; to overcoming his weight problems and crippling obsession with food; to TV judging panel stardom on *The X Factor* and *Let It Shine* and at last finding balance in both his personal and professional life. *A Better Me* is a remarkably frank memoir of Gary's life as he battled with weight, stress, fitness and depression, and staged one of the most thrilling professional comebacks in years. In his warm, witty and authentic voice, he recounts his story with compelling insight, captivating honesty

and a human side that people rarely see. Here is one of the UK's most beloved pop stars open, honest and raw and as we've never seen him before.

Black Hawk, so named after the sacred medicine bag he carried with him, was a warrior and a leader of a tribe of Sauk Native Americans in the American Midwest circa 1800. He rose to leadership during a tumultuous time for his people, as they were pressed on all sides by the warlike British, the ruthlessly expansionist Americans, and the grudges and jealousies of neighboring tribes. He lived as a warrior for much of his early life, when the War of 1812 between the British and the Americans forced the Sauk to take sides and enter the fray. Angered by the Americans' demands they sign shaky treaties to cede their land, the tribe fought for the British until the toll of the war forced the tribe to bow out. After the war, Black Hawk signed a peace treaty with the Americans, but a series of misunderstandings once again brought tensions between the Sauk and the Americans to a head. When a group of under-trained Illinois militia mistakenly opened fire on the Sauk, Black Hawk began what is known as the Black Hawk War, leading raids against American forts and settlements in an effort to reclaim their ancient land. Even though Black Hawk managed to convince other tribes to join his cause, the war was quickly lost and Black Hawk captured. He was then taken on a tour of the vast East Coast cities in an attempt to impress upon him America's overwhelming might. Despite his status as a former enemy, he was treated with dignity and respect by his captors before they granted him a small house and plot of land in Iowa to live out the rest of his days. His autobiography was dictated to a translator, Antoine Le Clair, and written down by his amanuensis and publisher, J. B. Patterson. The story Black Hawk tells is a vivid one of life on the prairie, rich with tradition and meaning, but riven equally by war and bloodshed. As he reminisces about the bucolic life he and his ancestors once led and compares it with the hardships his people are facing, his sorrow becomes palpable; and as his days draw to a close, the reader sees that even to Black Hawk, the fate of his people appears inevitable. An Autobiography Vintage

Christened Reginald Dwight, he was a shy boy with Buddy Holly glasses who grew up in the London suburb of Pinner and dreamed of becoming a pop star. By the age of twenty-three, he was performing his first gig in America, facing an astonished audience in his bright yellow dungarees, a star-spangled T-shirt and boots with wings. Elton John had arrived and the music world would never be the same again. His life has been full of drama, from the early rejection of his work with song-writing partner Bernie Taupin to spinning out of control as a chart-topping superstar; from half-heartedly trying to drown himself in his LA swimming pool to disco-dancing with the Queen; from friendships with John Lennon, Freddie Mercury and George Michael to setting up his AIDS Foundation. All the while, Elton was hiding a drug addiction that would grip him for over a decade. In *Me* Elton also writes powerfully about getting clean and changing his life, about finding love with David Furnish and becoming a father. In a voice that is warm, humble and open, this is Elton on his music and his relationships, his passions and his mistakes. This is a story that will stay with you, by a living legend.

The award-winning poet reinvents a genre in a stunning work that is both a novel and a poem, both an unconventional re-creation of an ancient Greek myth and a wholly original coming-of-age story set in the present. Geryon, a young boy who is also a winged red monster, reveals the volcanic terrain of his fragile, tormented soul in an autobiography he begins at the age of five. As he grows older, Geryon escapes his abusive brother and affectionate but ineffectual mother, finding solace behind the lens of his camera and in the arms of a young man named Herakles, a cavalier drifter who leaves him at the peak of infatuation. When Herakles reappears years later, Geryon confronts again the pain of his desire and embarks on a journey that will unleash his creative imagination to its fullest extent. By turns whimsical and haunting, erudite and accessible, richly layered and deceptively simple, *Autobiography of Red* is a profoundly moving portrait of an artist coming to terms with the fantastic accident of who he is. A NEW YORK TIMES NOTABLE BOOK OF THE YEAR National Book Critics Circle Award Finalist "Anne Carson is, for me, the most exciting poet writing in English today." --Michael Ondaatje "This book is amazing--I haven't discovered any writing in years so marvelously disturbing." --Alice Munro "A profound love story . . . sensuous and funny, poignant, musical and tender." --The New York Times Book Review "A deeply odd and immensely engaging book. . . . [Carson] exposes with passionate force the mythic underlying the explosive everyday." --The Village Voice

Kim Hyesoon's poems "create a seething, imaginative under-and over-world where myth and politics, the everyday and the fabulous, bleed into each other" (Sean O'Brien, *The Independent*) *Winner of The Griffin International Poetry Prize and the Lucien Stryk Asian Translation Award* The title section of Kim Hyesoon's powerful new book, *Autobiography of Death*, consists of forty-nine poems, each poem representing a single day during which the spirit roams after death before it enters the cycle of reincarnation. The poems not only give voice to those who met unjust deaths during Korea's violent contemporary history, but also unveil what Kim calls "the structure of death, that we remain living in."

Autobiography of Death, Kim's most compelling work to date, at once reenacts trauma and narrates our historical death—how we have died and how we survive within this cyclical structure. In this sea of mirrors, the plural "you" speaks as a body of multitudes that has been beaten, bombed, and buried many times over by history. The volume concludes on the other side of the mirror with "Face of Rhythm," a poem about individual pain, illness, and meditation.

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.
