Organizational Behavior SAGE Publications

*Get 12 months FREE access to an

interactive eBook when purchasing the paperback*. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. The book is built around an organising framework designed to help students understand individual behaviour and learn

how to influence and motivate others, build relationships and lead change. New case studies including on topics such as virtual teams, equal pay and the gender wage gap and the use of apps at work introduce timely and relevant discussions to help foster student engagement are included with the interactive eBook . The new 2nd edition includes: A new Emotions

and moods chapter that delves into topics like emotional intelligence, emotional contagion and affective neuroscience. A new Power and Politics chapter that unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter, rigorously updated with the latest research to include expanded coverage of Machiavellian leadership, ethical decision making and organisational design through change. Best Practice in Research in Action boxes as well as Toolkit Activities and Self-Assessments have been added to make the text even ore hands on and practical. The book is supported by online resources, including a coursepack for instructors consisting of assessment tools, assignable SAGE Premium video, sample course syllabi and lecture notes. Whilst for students, there is a study site that includes eFlashcards, chapter summaries, video resources and access to SAGE journal content. Suitable reading for students on Organizational Behavior modules. *Interactivity only available

through VitalSource eBook included as part of paperback product (ISBN 9781544331294). Access not guaranteed on second-hand copies (as access code may have previously been redeemed)*. *Student Value Edition* Prentice Hall Master organizational behavior concepts with this self-study book and become a leader of better management practices. After reading this book, you will be able to answer the following questions: What is organizational behavior? What are best practices for managing topics such as office politics, diversity, learning and development, and stress in the workforce? How do organizations develop and retain talent? How can an organization develop high performance work systems that maximize outcomes at all levels What are the skills of an effective leader who creates a high-performance work culture? Like people, organizations have different personalities that are impacted by more than just the brand identity. *Organizational Behavior Essentials You Always Wanted To Know* covers dimensions of the relationships between an organization at the individual, group and overall organizational levels and their

impact on one another. If you have ever questioned how organizations adapt to the changing demands of the twenty-first century, then *Organizational Behavior Essentials You Always Wanted To Know* is the resource you need. Theories in organizational behavior can help leadership determine how their organization should respond to the many conditions impacting the twenty-first century workforce, including new technologies, market conditions, natural disasters, labor shortages, among others. The book's structure moves seamlessly through every level of an organization as it explores the best practices for developing and retaining talent. Starting with the individual worker, the book explores the group dynamics of the workplace, how best to utilize human resources departments, and ultimately, how to be an effective leader in a high-performance workplace. This easy-to-read guide will help you put theory into practice. With chapter quizzes to reinforce concepts and a glossary of key terms, *Organizational Behavior Essentials You Always Wanted To Know* is a must have introductory guide for newcomers and a resource for seasoned

professionals. About the Series The Self-Learning Management series is designed to help students, new managers, career switchers and entrepreneurs learn essential management lessons. This series is designed to address every aspect of business from HR to Finance to Marketing to Operations, be it any industry. Each book includes basic fundamentals, important concepts, standard and well-known principles as well as practical ways of application of the subject matter. The distinctiveness of the series lies in that all the relevant information is bundled in a compact form that is very easy to interpret.

Pearson College Division

Organizational Behavior: For a Better Tomorrow, 2nd Edition is a unique, blended approach to the subject, combining traditional core competencies with contemporary research and innovative practices. The textbook's distinctive dual presentation integrates

“conventional” and “sustainable” organizational behavior (OB) to help students understand how creativity, collaboration, and ethical decision-making can positively impact people, organizations, and entire communities. This fully-updated second edition provides a balanced, real-world approach that strengthens critical thinking skills, enables students to explore the rationale for sustainable OB practices, and illustrates and how values and ethics influence business decisions in the real world. Rather than focusing only on the short-term, bottom-line approach of traditional OB, the text discusses a comprehensive range of topics, from current trends in popular media and scholarly literature, to addressing the current and long-term needs and goals of organizational stakeholders.

Essentials of Organizational Behavior M.E. Sharpe

Compiled by three of the most influential authors in the field, CLASSICS OF ORGANIZATION THEORY, Eighth Edition is a collection of the most enduring works in organization theory. To help students grasp important themes, perspectives,

and theories, the authors describe what organization theory is, how it has developed, and how its development has coincided with events and changes in other fields. This highly acclaimed reader is not simply a retelling of the history of organization theory; its evolution is told through the words of the distinguished theorists themselves. The readings in this edition have been thoroughly reviewed and updated. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from

companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- For one-semester undergraduate and graduate level courses in Organizational Behavior. Concise fundamentals for students. Ultimate flexibility for instructors. This bestselling, brief alternative for the OB course covers all the key concepts needed to understand, predict, and respond to the behavior of people in real-world organizations. This text also includes cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course. The eleventh edition contains expanded and updated coverage on international issues, as well as new sections on the management of information, safety and emotions at work,

risk aversion, self-determination theory, managing information, and downsizing. Accompanied by mymanagementlab! See the hands in the air, hear the roar of discussion—be a rock star in the classroom. mymanagementlab makes it easier for you to rock the classroom by helping you hold students accountable for class preparation, and getting students engaged in the material through an array of relevant teaching and media resources. Visit mymanagementlab.com for more information.

Organizational Behavior Essentials You Always Wanted To Know Sage Publications, Incorporated

Robbins: Leading the way in OB Written as an alternative to Robbins' larger Organisational Behaviour text, OB: The Essentials is an applied and focused text that will help your students to quickly grasp the essential elements of OB. In an engaging 13 chapter format, this book retains the fluid writing style, academic rigour and extensive use of examples that are trademark features of the Robbins texts. While there are less chapters, the book continues to provide cutting-edge content that is often missing in other OB

books – this is not merely a subset of material from Robbin's Organisational Behaviour text; it was written from the ground up to present all the essential content in a shorter format. This new text will have broad appeal; particularly to visual learners who will appreciate the lively design and extensive use of examples and photographs to aid comprehension and retention of concepts. New co-author Dr Michael Jones of the University of Wollongong brings his avid enthusiasm for student education as well as a solid research background in motivation, commitment and business operations to the new text. Reviewers and users of the Robbins texts regularly report that they are 'conversational', 'interesting', 'student-friendly' and 'very clear and understandable'. Packed full of pedagogical features that will engage and stimulate your students, OB: The Essentials will ensure that they are getting a sound understanding of OB. Features such as the 'Applying Knowledge' and 'Student Challenge' boxes prompt students to apply and think strategically about what they have just learnt. Organizational Behavior, Student Value

Edition Routledge

For courses in organizational behavior. A streamlined presentation of key organizational behavior concepts. *Essentials of Organizational Behavior* teaches students how to communicate and interact within organizations, through real-world scenarios. The text offers comprehensive coverage of key organizational behavior (OB) concepts, making each lesson engaging and easy to absorb. Students can use the book's concepts to apply what they've learned to their own education, future career plans, and other organizational endeavors. Currently used at more than 500 colleges and universities worldwide, *Essentials of Organizational Behavior* serves as a popular resource so students can learn and understand the most important concepts in OB. With updated research and the integration of contemporary global issues, the 14th Edition focuses on the most relevant OB concepts that resonate with students. MyLab™ Management not included. Students, if MyLab is a recommended/mandatory component of the course, please ask your instructor for the correct ISBN and course ID. MyLab

should only be purchased when required by an instructor. Instructors, contact your Pearson rep for more information. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts.

Essentials of Organizational Behaviour, Global Edition Pearson

Why does organizational behavior matter—isn't it just common sense? *Organizational Behavior: A Skill-Building Approach* helps students answer this question by providing insight into OB concepts and processes through an interactive skill-building approach. Translating the latest research into practical applications, authors Christopher P. Neck, Jeffery D. Houghton, and Emma L. Murray unpack how managers can develop essential skills to unleash the potential of their employees. The text examines how individual characteristics, group dynamics, and organizational factors affect

performance, motivation, and job satisfaction, providing students with a holistic understanding of OB. Packed with critical thinking opportunities, experiential exercises, and self-assessments, the new Second Edition provides students with a fun, hands-on introduction to the fascinating world of OB. Organizational Behavior Essentials of Organizational Behavior, Student Value Edition

Organizational Behavior is a multidimensional product to allow for student development in knowledge, analysis, synthesis and personal development with pedagogical features designed to bring Organizational Behavior to life. This product reframes the content of organizational behavior to reflect the inherent interdependence of factors that explain human behavior. Traditional OB topics are introduced as part of an integrated framework for answering practically-relevant questions about why people behave as they do and how to effectively self manage and influence others.

Organizational Behavior Prentice Hall Organizational Behavior: Essential

Theories of Motivation and Leadership analyzes the work of leading theorists. Each chapter includes the background of the theorist represented, the context in which the theory arose, the initial and subsequent theoretical statements, research on the theory by the theory's author and others (including meta-analysis and reviews), and practical applications. Special features including boxed summaries of each theory at the beginning of each chapter, two introductory chapters on the scientific method and the development of knowledge, and detailed and comprehensive references, help make this text especially useful for graduate courses in Organizational Behavior and Industrial/Organizational Psychology. *Essentials of Organizational Behavior, Global Edition* SAGE Publications A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior exists today in a constant state of evolution and change. Casual readers of publications like the New York Times, The Economist and the Wall Street Journal will learn about the

dynamic nature of organizations in today's ever-changing business environment. Organizational Behavior is designed to meet the scope and sequence requirements of the introductory course on Organizational Behavior. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the Organizational Behavior course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity

throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

An Evidence-Based Approach SAGE Publications

Organizational Behavior: A Critical-Thinking Perspective, by Christopher P. Neck, Jeffery D. Houghton, and Emma L. Murray, provides insight into OB concepts and processes through a first-of-its kind active learning experience. Thinking Critically challenge questions tied to Bloom's taxonomy appear throughout each chapter, challenging students to apply, analyze, and create. Unique, engaging case narratives that span several chapters along with experiential exercises, self-assessments, and interviews with business professionals foster students' abilities to think critically and creatively, highlight real-world applications, and bring OB concepts to life. leadership, creativity and innovation, and the global society. Authors Afsaneh Nahavandi, Robert B. Denhardt, Janet V. Denhardt, and Maria P. Aristigueta focus on the interactions among individuals, groups, and organizations to illustrate how various organizational behavior topics fit together. This text challenges students to develop greater personal, interpersonal, and organizational skills in business environments, as well as utilize their own strengths and the strengths of others to achieve organizational commitment and success.

Organizational Behavior Elsevier

Taking a managerial approach and demonstrating the application of behavioural science within the workplace, this text focuses on the essential topics of organisational behaviour. The Essentials text is a new concise version of the long established market leader Management & Organisational Behaviour which has set standards in pedagogy and authorship that few texts have matched. The accessibility of writing style and clarity of presentation makes unfamiliar theory relevant, easily understood and logically applied to the world of work. In 12

chapters, the Essentials version focuses on the core topics of the discipline in a recognisable sequence, starting from the level of individual, though to the group, and finally the organisation.
