Franz Kafka, the author has very nicely narrated the story of Gregou Samsa who wakes up one day to discover that he has metamorphosed into a bug. The book concerns itself with the themes of alienation and existentialism. The author has written many important stories, including 'The Judgement', and much of his novels 'Amerika', 'The Castle', 'The Hunger Artist'. Many of his stories were published during his lifetime but many were not. Over the course of the 1920s and 30s Kafka's works were published and translated instantly becoming landmarks of twentieth-century literature. Ironically, the story ends on an optimistic note, as the family puts itself back together. The style of the book epitomizes Kafka's writing. Kafka very

interestingly, used to present an impossible situation, such as a man's transformation into an insect, and develop the story from there with perfect realism and intense attention to detail. The Metamorphosis is an autobiographical piece of writing, and we find that parts of the story reflect Kafka's own life.

Great Expectations has had a long, active and sometimes surprising life since its first serialized appearance in All the Year Round between 1 December 1860 and 3 August 1861. In this new publishing and reception history, Mary Hammond demonstrates that while Dickens's thirteenth novel can tell us a great deal about the dynamic mid-Victorian moment into which it was born, its afterlife beyond the nineteenth-century Anglophone world reveals the full extent of its versatility. Re-assessing generations of Dickens scholarship and using newly discovered archival material, Hammond covers the formative history of Great Expectations' early years, analyses the extent and significance of its global reach, and explores the ways in which it has functioned as literature and stage, TV, film and radio drama from its first appearance to the latest film version of 2012. Appendices include contemporary reviews and comprehensive bibliographies of adaptations and translations. The book is a rich resource for scholars and students of Dickens; of comparative literature; and of publishing, readership, and media history.
