Okonkwo is the greatest warrior alive, famous throughout West Africa. But when he accidentally kills a clansman, things begin to fall apart. Then Okonkwo returns from exile to find missionaries and colonial governors have arrived in the village. With his world thrown radically off-balance he can only hurtle towards tragedy. Chinua Achebe's stark

novel reshaped both African and world literature. This arresting parable of a proud but powerless man witnessing the ruin of his people begins Achebe's landmark trilogy of works chronicling the fate of one African community, continued in *Arrow of God* and *No Longer at Ease*.

This open anthology of British Literature encompasses the following eras: Romantic, Victorian, and Twentieth Century and Beyond. The selections represent the literature developed and developing within and through their respective eras. Considering the limitations that the very act of anthologizing imposes, not all that could be representative is included. But what is included, hopefully, is literature that was shaped by its era and that helped shape the literature that followed. This anthology includes contextualizing Introductions to each era, Biographies of each author, and Reading and Review Questions on each author's included works. This material offers basic signposts toward critical interpretation and understanding of the selections. But they do not impose or intend to shape that understanding so students can instead hone their critical thinking skills and synthesize historical, cultural, and aesthetic concepts. With this open anthology, students can compare the selections both within and across historical eras to analyze shared themes. The theme of personal identity as inherent or as socially constructed opens a constellation of related themes, many of which students may take for granted or have not critically examined. Students can understand the revolutionary aspects of the Romantic era by considering how static and determined class distinctions of the eighteenth century became more fluid and conditional in the nineteenth century. They can understand how the

Romantics, seeing past sources of identity within a stable class system catastrophically disrupted by revolutionary forces across Europe and ultimately within England, considered universal elements of individuality that were shared across all classes and that demonstrated fundamental equality among humans. Imagination became a touchstone of such shared humanity. Considering the theme of Imagination opens related themes of dream and nightmare, happiness and terror, truth and doubt (or self-truths and self-doubts). Categories of identity constructs--such as hero and monster--similarly become conditional or conditioned, for example, upon self-realization and social limitations. Students can consider how one era's literature influenced the next. Victorian poetry can suggest how revelation of self could be made objective and impersonal through dramatized monologues. A speaker's point of view can reveal truths about humanity--such as jealousy, control, hatred, and greed--that evoke both sympathy and rejection. Impersonality can then lead to the shifting impersonations of Modern literature. Ego and egotism can be deplored by Victorian writers but desired by the Moderns. The horrors of the twentieth century can subvert the heroics of the nineteenth. And the realization of these horrors can grow out of the very sense of individual rights that the Romantics expressed--rights shared across gender, race, and class. This anthology hopefully will open students (and readers) to the conversation that literature has held with readers in the past and is holding with us now.

A Wrinkle in Time is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.
