This 2017 Article IV Consultation highlights that the economy of Lao People's Democratic Republic continues to perform well, supported by a favorable external environment and strong flows of foreign direct investment from its dynamic neighbors. Growth in 2017 was supported by the expansion of electricity exports,

construction activity and financial services, but moderated to 6.8 percent as a result of the prohibition on illegal logging, tighter credit conditions and fewer tourist arrivals. Looking ahead, the outlook is positive, with growth on the order of 7 percent per year. Downside risks stem from high public debt and deficits, pockets of weakness, and high dollarization in the banking sector, and a vulnerable external position with low gross international reserves.

The government has strengthened policy and reform implementation in recent months. All Quantitative Performance Criteria (QPCs) for end-March and three out of nine Structural Benchmarks (SBs) for the Third Review were met. One additional SB was implemented with delay. Growth picked up to 2.5 percent in the first quarter, and confidence has improved, albeit it continues to be affected by divisions in the coalition government, risks of security and migration spillovers from Libya, and higher international oil prices. Inflation has accelerated and weighs on the purchasing power notably of the less well-off, while international reserves remain below prudent levels.

Climate change is one of the biggest challenges of 21st century. In the pursuit to combat climate change, renewable energy is seeing a boom in growth. Wind energy is leading the way as it offers a sustainable option. Harnessing energy from the wind and turning it into electricity has many advantages. It does not lead to air or water pollution. *Wind Power: Practical Aspects* focuses on developing wind power projects in India. It covers factors such as the selection of suitable sites, wind turbines, erection, and commissioning. The book also analyses and explains estimation of energy and cost. Various departments and organizations involved in the process of project approval and implementation are included in detail. The book explains grid management, repowering, development of offshore wind power projects and wind-solar hybrid power projects. Probable accidents in wind power projects, remedial measures, important statistical data of India and the world are also covered.

This book basically consist of compilation of all GST FORMS prescribed under CGST Act, 2017/CGST Rules, 2017 and compilation of relevant provisions of CGST Act 2017 and CGST Rules 2017 [as amended till 31.10.2020] together with all Notifications, Circulars, Orders issued during 01.07.2017 to 31.10.2020. Government has issued more than 400 Notifications and more than 100 Circulars and Orders during last three years, which are relevant to the subject matter of this book, and these references are difficult to view at one place chronologically, when needed for tracking of Compliances of GST provisions as governed by the various GST FORMS. This eBook is aimed at mitigating such difficulty, by arranging all those Notifications, Circulars, provisions of Act and Rules chronologically, at one place, subject wise, so that it becomes easy reference for reader to access and view them, when needed, instantly. Accordingly, we have created 19 groups of FORMS and all the provisions of Act and Rules and Notifications, Circulars, Orders have been placed below each Group for easy reference. Apart from these 19 groups few more groups have been created for Compilation of Late fee and interest waiver notifications, compilation of provisions of newly inserted Section 168A in CGST Act, 2017 and notifications and circulars issued thereunder. We have also compiled all other allied GST acts for ready reference. With the introduction of Central Goods and Services Tax Act, the Government decided to move towards IT based implementation of GST Law across India. More than 180 different FORMS have been introduced under this legislation for monitoring the Compliances and most of these forms are mandatorily required to be filed Electronically. As on

date more than 150 Forms are already available on GSTN Portal for Taxpayers as well as Tax Authorities. On this background, these Forms assume extreme importance when it comes to implementation of the GST Law and therefore this book will be handy for Business / Industry / Trade as well as Government and Statutory Auditors while tracking the Compliance for past three years. We are hopeful that this Compilation will be useful for all stakeholders. We propose to update this book periodically and we are open for any suggestion from stakeholders. Disclaimer Utmost care has been taken to download and reproduce and compile these notifications, Forms, Circulars, Orders, GST flyers from CBIC.gov.in official website, however for any reference of the provisions of Act, Rules, Notifications, Circulars and Orders for litigation purpose before judicial authorities, should be drawn from official website of the Govt.

Despite achieving macroeconomic stability, there is not much improvement in Cameroon's social indicators. To achieve higher and more inclusive growth, the report mentioned that problems in sectors such as infrastructure and a reduction in per capita income and mounting costs of fuel subsidies should be attended to. Due diligence should be exercised to control the expenditure chain and to better track the flow of funds. Better cooperation between national and regional bodies should be initiated for financial stability.

The research finds the majority of the higher education student financial aid programs are managed by the states or private

agencies or foundations in the world. Their financial aid policies are continuously changing and improving to adopt contemporary situations and changing time. Likewise, the GB higher education student loan policy improvement can be done by continuously reviewing the system, which is necessary for GB to strengthen its higher education student loan program in Bangladesh.

This thematic third volume of the Asia Small and Medium-Sized Enterprise Monitor 2021 focuses on the digitalization of microfinance in Bangladesh. The MSME sector provides much of the income in rural Bangladesh, but its growth is constrained by limited access to affordable finance. This volume reports on a 2021 baseline study carried out in Bangladesh to pilot a randomized controlled trial to determine whether a digitalized group-based credit scheme could be introduced at an affordable price. The findings provide justification for further study on the digitalization of microfinance.
