Once Upon a Time in the East Anchor

A story of desire, love, language, and the meaning of home set against the backdrop of Brexit London—from the award-winning author of *Nine Continents*. A Chinese woman moves from Beijing

to London for a doctoral program—and to begin a new life—just as the Brexit campaign reaches a fever pitch. Isolated and lonely in a Britain increasingly hostile to foreigners, she meets a landscape architect and the two begin to build a life together. *A Lover's Discourse* is an exploration of romantic love told through fragments of conversations between the two lovers. Playing with language and the cultural differences that her narrator encounters as she settles into life in post-Brexit vote Britain, the lovers must navigate their differences and their romance, whether on their unmoored houseboat or in a cramped and stifling apartment in east London. Suffused with a wonderful sense of humor, this intimate and tender novel asks what it means to make a home and a family in a new land. "Through her precise and unflinching language, a revealing account emerges of how one mind opens to another, how it processes each decision and moment of wondering." —USA Today "A fragmentary meditation on the nature of love, on desire and on connection between two humans . . . sets off cross-cultural echoes with the lightest of strokes." —The Guardian "Unlike Roland Barthes' book by the same name, Xiaolu Guo's *A Lover's Discourse* is a love story as a genuine dialogue, not only between lovers, but between languages, cultures, and philosophies. Swift, astute, and funny." —Siri Hustvedt, international-best-selling author

The latest novel from Orange Prize finalist Xiaolu Guo is the enchantingly comic story of a young Chinese woman's life as a film extra in hyper-modern, tumultuous Beijing. Though twenty-one-year-old Fenfang Wang has traveled 1,800 miles to seek her fortune in urban Beijing, she is ill-prepared for what greets her: a Communist regime that has outworn its welcome, a city in slap-dash development, and a sexist attitude more in keeping with her peasant upbringing than the country's progressive capital. But after mastering the fever and tumult of the city, Fenfang ultimately finds her true independence in the one place she never expected.

500 Proverbs, Idioms and Maxims Routledge

From one of our most important contemporary Chinese authors: a novel of language and love that tells one young Chinese woman's story of her journey to the West—and her attempts to understand the language, and the man, she adores. Zhuang—or “Z,” to tongue-tied foreigners—has come to London to study English, but finds herself adrift, trapped in a cycle of cultural gaffes and grammatical mishaps. Then she meets an Englishman who changes everything, leading her into a world of self-discovery. She soon realizes that, in the West, “love” does not always mean the same as in China, and that you can learn all the words in the English language and still not understand your lover. And as the novel progresses with steadily improving grammar and vocabulary, Z's evolving voice makes her quest for comprehension all the more poignant. With sparkling wit, Xiaolu Guo has created an utterly original novel about identity and the cultural divide.

The acclaimed novelist's award-winning memoir of growing up in a remote Chinese fishing village is “a rich and insightful coming-of-age story” (Kirkus). The acclaimed author of A Concise Chinese-English Dictionary for Lovers and I Am China, Xiaolu Guo grew up an unwanted child in a poor fishing village on the East China Sea. But a Taoist monk made a startling prediction to her grandmother: that Guo would prove herself to be a peasant warrior and grow up to travel the nine continents. In *Nine Continents*, Guo tells the story of a curious mind coming of age in an inhospitable country, and her determination to seek a life beyond the limits of its borders. From her family's village to a rapidly changing Beijing, to a life beyond China, *Nine Continents* presents a fascinating portrait of how the Cultural Revolution shaped families, and how the country's economic ambitions have given rise to great change. Z is a 23-year-old Chinese language student who has come to London to learn English. When the book begins she can barely ask for a cup of tea, but when language comes, so does love. As she gets to know British culture she also falls for an older English man who lives a resolutely bachelor life in Hackney. It's a million miles away from the small Chinese town she comes from, where her parents want nothing more for her than that she should follow them into the shoe business. Z learns about sex, humour, companionship and passion, but she also learns the painful truth that language is also a barrier and the more you know about it, the less you understand. Written in short chapters, each the definition of a word, this is a brilliantly clever book that pokes fun at England and China and explores the endless possibilities for misunderstanding between East and West, men and women.

Rock 'n' roll, revolution, and romance are seductively woven together in this intense and moving novel from the author of *Twenty Fragments of a Ravenous Youth* In her flat in north London, Iona Kirkpatrick sets to work on a new project translating a collection of letters and diaries by a Chinese musician. With each letter and journal entry, Iona becomes more and more intrigued with the unfolding story of two lovers: Jian, a punk rocker who believes there is no art without political commitment, and Mu, the young woman he loves as fiercely as his ideals. Iona cannot possibly know that Jian is mere miles away in Dover, awaiting the uncertain fate of a political exile. Mu is still in Beijing, writing letters to London and desperately trying to track Jian down.
