 Athenian Steel The Hellenium Book
 ATHENIAN STEEL is a unique, violent, and sexy blend of gritty historical fiction and cosmic SF set during the Peloponnesian War. The story is rich in historical detail, featuring bloody and brutal battles, but at its heart is the complex, dysfunctional, and ever-evolving anti-romance between Demosthenes and his star-born ally Thalassia.

 Join Demosthenes and Thalassia as they blaze a trail of slaughter and ruin across the ancient world in The Hellenium. Praise for Athenian Steel from Amazon US/UK customers: "It is the best book I have read in the last 15 years and easily makes it in

my top 10 of all time (most of which are Hugo or Nebula award winners).

 It is thus recommended that you read the main novel, Book 1 of the Hellenium, first.
 The Hellenium, takes place in an ancient world depicted with brutal realism, weaving threads of cosmic SF into bloody and graphic historical fiction. At the heart of the series is the ever-evolving, dysfunctional relationship between Demosthenes and Thalassia, whose 'anti-romance' will leave a trail of slaughter and ruin down the centuries.

 Athenian Steel is a superbly written if unlikely mix of historical and speculative fiction. The author has complete, accurate, and comprehensive knowledge of Athenian and Spartan history, especially the ghastly violence, into which he weaves a theme of extraterrestrial and extra-human strangeness and power.

 I understand this novella to be an alternative ending to the eventual Athenian Steel series.
 Unless you have read Athenian Steel (first book) or visited the author's website, the characters' backgrounds are thin. Don't worry, the action is good and I'm headed for the first book soon.
