**How to Lose Friends and Influence White People** Doubleday

Poignant, inspiring, funny and most importantly authentic, *How to Lose Friends and Influence White People* explores how to make a difference when championing change and racial equality. A powerful

and personal guide on how to be effective, no matter who you're trying to influence. Whether it's the racist relative sitting across the table at a family function, or the CEO blind to the institutional barriers to people of colour in the workplace, award-winning journalist and vivacious leader Antoinette Lattouf has some tips and advice on what to do. Unlike Dale Carnegie's *How to Win Friends and Influence People*, it won't advise you not to 'criticise, condemn or complain' but instead explores the fallout when you do just that. With searing insights into the popularity contests you'll forgo, and how to decide which races are worth running -- and crucially which simply aren't worth time or energy. With wit and warmth, drawing on her own experiences and some very public missteps others have taken, Antoinette Lattouf shows us that a world of allies and advocates will be a better place for all of us - you just need to learn how to make (and keep) them!

**Dear Freedom Writer** American Library Association

Much-anticipated non-fiction from the author of the Giller-longlisted, GG-shortlisted and Canada Reads-winning novel *Jonny Appleseed*. In the last few years, following the publication of his debut novel *Jonny Appleseed*, Joshua Whitehead has emerged as one of the most exciting and important new voices on Turtle Island. Now, in this first non-fiction work, Whitehead brilliantly explores Indigeneity, queerness, and the relationships between body, language and land through a variety of genres (essay, memoir, notes, confession). *Making Love with the Land* is a startling, heartwrenching look at what it means to live as a queer Indigenous person "in the rupture" between identities. In sharp, surprising, unique pieces—a number of which have already won awards—Whitehead illuminates this particular moment, in which both Indigenous and non-Indigenous peoples are navigating new (and old) ideas about "the land." He asks: What is our relationship and responsibility towards it? And how has the land shaped our ideas, our histories, our very bodies? Here is an intellectually thrilling, emotionally captivating love song—a powerful revelation about the library of stories land and body hold together, waiting to be unearthed and summoned into word.

A portrait of three couples successively occupying a suite at the Plaza. A suburban couple take the suite while their house is being painted and it turns out to be the one in which they honeymooned 23 (or was it 24?) years before and was yesterday the anniversary, or is it today? This tale of marriage in tatters is followed by the exploits of a Hollywood producer who, after three marriages, is looking for fresh fields. He calls a childhood sweetheart, now a suburban housewife, for a little sexual diversion. Over the years she has idolized him from afar and is now more than the match he bargained for. The last couple is a mother and father fighting about the best way to get their daughter out of the bathroom and down to the ballroom where guests await her or as Mother yells, "I want you to come out of that bathroom and get married!"—Publisher's description.

#1 NEW YORK TIMES BESTSELLER • The twentieth anniversary edition of the classic story of an incredible group of students and the teacher who inspired them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell Now a public television documentary,

Freedom Writers: Stories from the Heart In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of "unteachable, at-risk" students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank's diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the "Freedom Writers." Consisting of powerful entries from the students' diaries and narrative text by Erin Gruwell, The Freedom Writers Diary is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture Freedom Writers. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending college—and watch their own children follow in their footsteps. The Freedom Writers Diary remains a vital read for anyone who believes in second chances.

The effects of their work will last forever."—From the foreword by Anna Quindlen Now documented in a bestselling book, feature film, and public television documentary, the Freedom Writers phenomenon came about in 1994, when Erin Gruwell stepped into Room 203 and began her first teaching job out of college. Long Beach, California, was still reeling from the deadly violence that erupted during the Rodney King riots, and the kids in Erin's classroom reflected the anger, resentment, and hopelessness of their community. Undaunted, Erin fostered an educational philosophy that valued and promoted diversity, tolerance, and communication, and in the process, she transformed her students' lives, as well as her own. Erin Gruwell and the Freedom Writers went on to establish the Freedom Writers Foundation to replicate the success of Room 203 and provide all students with hope and opportunities to realize their academic potential. Since then, the foundation has trained more than 800 teachers around the world. Teaching Hope unites the voices of these Freedom Writer Teachers, who share uplifting, devastating, and poignant stories from their classrooms, stories that provide insight into the struggles and triumphs of education in all of its forms. Mirroring an academic year, these dispatches from the front lines of education take us from the anticipation of the first day to the disillusionment, challenges, and triumphs of the school year. These are the voices of teachers who persevere in the face of intolerance, rigid administration, and countless other challenges, and continue to reach out and teach those who are deemed unteachable. Their stories inspire everyone to make a difference

in the world around them.

The saga of the Freedom Rides is an improbable, almost unbelievable story. In the course of six months in 1961, four hundred and fifty Freedom Riders expanded the realm of the possible in American politics, redefining the limits of dissent and setting the stage for the civil rights movement. In this new version of his encyclopedic *Freedom Riders*, Raymond Arsenault offers a significantly condensed and tautly written account. With characters and plot lines rivaling those of the most imaginative fiction, this is a tale of heroic sacrifice and unexpected triumph. Arsenault recounts how a group of volunteers—blacks and whites—came together to travel from Washington DC through the Deep South, defying Jim Crow laws in buses and terminals and putting their lives on the line for racial justice. News photographers captured the violence in Montgomery, shocking the nation and sparking a crisis in the Kennedy administration. Here are the key players—their fears and courage, their determination and second thoughts, and the agonizing choices they faced as they took on Jim Crow—and triumphed. Winner of the Owsley Prize Publication is timed to coincide with the airing of the American Experience miniseries documenting the Freedom Rides "Arsenault brings vividly to life a defining moment in modern American history." --Eric Foner, *The New York Times Book Review* "Authoritative, compelling history." --William Grimes, *The New York Times* "For those interested in understanding 20th-century America, this is an essential book." --Roger Wilkins, *Washington Post Book World* "Arsenault's record of strategy sessions, church vigils, bloody assaults, mass arrests, political maneuverings and personal anguish captures the mood and the turmoil, the excitement and the confusion of the movement and the time." --Michael Kenney, *The Boston Globe*

**The Roots and Routes of Double Consciousness in American Counternarratives** Crown

The students of today tell their stories of adversity and growth in letters to the original Freedom Writers—authors of the #1 New York Times bestseller *The Freedom Writers Diary*—who write supportive and powerful letters in response. Over twenty years ago, the students in first-year teacher Erin Gruwell's high school class in Long Beach, California, were labeled "unteachable"—but she saw past that. Instead of treating them as scores on a test, she understood that each of them had a unique story to tell. Inspired by books like Anne Frank's diary, her students began writing their own diaries, eventually dubbing themselves the Freedom Writers. Together, they co-authored *The Freedom Writers Diary*, which launched a movement that remains incredibly relevant and impactful today. Their stories speak to young people who feel as if those around them do not care about their lives, their feelings, and their struggles. They want to be heard; they want to be seen. In *Dear Freedom Writer*, the next generation of Freedom Writers shares its struggles with abuse, racism, discrimination, poverty, mental health, imposed borders, LGBTQIA+ identity, and police violence. Each story is answered with a letter of advice from an original Freedom Writer. With empathy and honesty, they address these young people not with the platitudes of a politician or a celebrity, but with the pragmatic advice of people who have dealt with these same issues and come out on the other side. Through its eye-opening and inspiring stories, *Dear Freedom Writer* paints an unflinchingly honest portrait of today's youth and offers a powerful message of perseverance, understanding, and hope.

In this clarion call to pick up a pen and find yourself from "one of our most astute chroniclers of modern life" (*The New York Times Book Review*), #1 New York Times bestselling author Anna Quindlen shows us how anyone can write, and why everyone should. What really matters in life? What truly lasts in our hearts and minds? Where can we find community, history, humanity? In this lyrical new book, the answer is clear: through writing. This is a book for what Quindlen calls "civilians," those who want to use the written word to become more human, more themselves. *Write for Your Life* argues that there has never been a more important time to stop and record what we are thinking and feeling. Using examples from past, present, and future—from Anne Frank to Toni Morrison, from love letters written after World War II to journal reflections from nurses and doctors today—*Write for Your Life* vividly illuminates the ways in which writing connects us to ourselves and to those we cherish. Drawing on her personal experiences not just as a writer but as a mother and

daughter, Quindlen makes the case that recording our daily lives in writing is essential. When we write we not only look, we see; we not only react but reflect. Writing gives you something to hold onto in a changing world. "To write the present," Quindlen says, "is to believe in the future."
