## **AUTUMN HINTON**

---

**Direct Government in California** Longman Publishing Group  
Each issue concentrates on a different topic.

**California Government in National Perspective** Routledge  
This best-seller offers a unique approach to California government that blends political data with economic, cultural, and demographic trends, and analyzes the link between the economy and the political process. *California Government and Politics Today*, Ninth Edition, is written by a college professor who is also an elected official in California, offering a unique insider's view that will engage and inform students. This completely

updated new edition encourages political activism and the development of the reader's own unique political views. *California Government and Politics Today* Cengage Learning California State and Local Government: An Overview, Perspectives, & Politics offers a thorough introduction to California state, regional, and local government. The book covers all core areas of government--the executive, legislative, and judicial branches--as well as California's historical development, political parties, campaigns and elections, state finances and budget process, collaborative partnerships, eminent domain, and many other topics. It is appropriate for courses at the college and advanced high school levels in political science, American government, and California state and local government, planning, and public administration. A significant challenge in California is

the state's ability to provide sustainable and livable communities as it continues to grow. Therefore, California State and Local Government discusses relevant issues such as blueprint planning, livable community strategies, and other topics, offering examples of each. The importance of regional, multi-government, and private-sector partnerships and collaboratives is also discussed. California State and Local Government will enrich the government and politics classes of any California university, junior college, or high school.

**California Government** Kendall/Hunt Publishing Company

This text takes a policy perspectives approach, stresses a number of major issues confronting the state, and discusses how political institutions and decisionmakers have responded to them.

California, Its Government and Politics Cengage Learning

Professor's edition of Globalyceum's American Government and California Government

**California Government Series** Kendall Hunt Publishing Company

California Government and Politics: An Introductory Primer to California Government provides a basic understanding of the history and modern practice of California government and politics. This book stands as an independent resource for teaching California politics or a compliment to most introduction to political science classes at the university level.

**The California System of Governments** Cengage Learning

California: Its Government and Politics is intended for the California government component of the introductory American government and State and Local government courses at two-and four-year schools in California. It can stand alone or will integrate

well with larger textbooks on American government. The text provides an updated examination of California government, balancing an analysis of its institutions with discussion of political processes.

California Politics and Government: A Practical Approach McGraw-Hill Humanities, Social Sciences & World Languages

One of the most comprehensive and easy-to-use government texts available, California Government offers a balanced focus on the institutional and behavioral aspects of the state's political foundations. Not only does this text fulfill the state politics requirement of the Cal State University system, but its comparative perspective and attention to issues of ethnicity make it a valuable complement to any general government text. Pedagogical features are designed to enhance student learning—a glossary includes important terms specific to the state of California, chapter-opening epigrams focus chapter material and engage student interest with lively text, and an extensive Notes section at the end of the text thoroughly documents all sources. New! Coverage of the November 2004 California elections and analysis of the recall of state and local officials in 2003 are discussed in Chapters 2 and 9 respectively. New! Declining resident voter turnout is examined in Chapter 5, and material on voting alignments within the state supreme court and the criminal justice system appears in Chapter 8. New! Native American tribes and their significant new role in state politics is discussed in Chapter 9. Links to Internet resources appear at the end of every chapter and provide students with the most up-to-date information on relevant topics. Classroom flexibility has been taken into account in the structure of the text.

California Politics complements all American Government texts and can be sold regardless of core text in use. This text also offers a more developed art program than competitors of comparable length.

**California: The Politics of Diversity** Wadsworth Publishing Company

CALIFORNIA: THE POLITICS OF DIVERSITY, 9th Edition, explores the uniqueness and excitement of California's political environment through two key themes: diversity and hyperpluralism. Experienced educators with backgrounds in state and local government, Lawrence and Cummins bring an informed, insightful perspective to the examination of the numerous pressures that make governing the state increasingly challenging. This edition adds student learning outcomes, which highlight the central ideas and points that students should take away from each chapter. The text is also written in an easily accessible way that provides examples particularly interesting to students. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**California: The Politics of Diversity** Houghton Mifflin College Division

Taking a unique nuts-and-bolts approach, the concise CALIFORNIA POLITICS AND GOVERNMENT: A PRACTICAL APPROACH, 10E, gives students insight into real-life politics as it vividly illustrates the complex principles at work in state government. Current examples and clear explanations give students a solid understanding of the ins and outs of the California government. Thoroughly updated, the new edition

addresses many complex economic, social, education, and immigration issues and their impact on state politics. The tenth edition includes new court cases, updates on the ongoing budget crisis, coverage of the 2008 elections, changes in government regulations, and more. In addition, public policy coverage is thoroughly integrated throughout the text, helping students make connections and see firsthand the impact and practical applications of government and legislation on their own lives. Clear, concise, and straightforward, CALIFORNIA POLITICS AND GOVERNMENT: A PRACTICAL APPROACH, 10E, equips students with a solid understanding of how government and politics really work as well as how they affect the students' world now and in the future. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

*Introduction to California State Government* Humanities Academic Publishers

CALIFORNIA POLITICS AND GOVERNMENT provides a concise yet thorough overview of California's complex political system. This brief "nuts and bolts" treatment uses contemporary examples that are both appealing to read and illustrative of complex principles. The text includes coverage of such major issues as the economy, education, and immigration, and discusses the impact of these issues on California politics. In addition, the text integrates public policy coverage throughout the text, instead of consigning it to one chapter - keeping students focused on the practical effects of legislation and other government activities. *California Politics and Government* Longman Publishing Group This lively text offers clear and succinct coverage of California

government that blends political data with economic, cultural, and demographic trends, and analyzes the link between the economy and the political process. *California Government and Politics Today* is written by a college professor who is also an elected official in California, offering a unique insider's view that will engage and inform readers. This new edition continues the book's tradition of offering accessible, nuts-and-bolts coverage while also encouraging political activism and developing the student's own unique political views.

*Introduction to California Government*

CALIFORNIA: THE POLITICS OF DIVERSITY, 6E, is a comprehensive, thematically organized text that illuminates the uniqueness and excitement of California's political environment through two key themes: diversity and hyperpluralism. An experienced instructor with a background in local government, Lawrence brings an informed, insightful perspective to the examination of the numerous pressures that make governing the state increasingly challenging. To help students better understand California politics in a national context, the text also discusses aspects of American politics such as the democratic, elite, and pluralist theories and explores how those concepts can aid in understanding California politics. Important Notice: Media content referenced within the product description or the product

text may not be available in the ebook version.

**California Government**

This book offers an overview of the legal, political, and broad intergovernmental environment in which relations between local and state units of government take place, the historical roots of the conflict among them, and an analysis of contemporary problems concerning local authority, local revenues, state interventions and takeovers, and the restructuring of local governments. The author pays special attention to local governmental autonomy and the goals and activities of local officials as they seek to secure resources, fend off regulations and interventions, and fight for survival as independent units. He looks at the intergovernmental struggle from the bottom up, but in the process examines a variety of political activities at the state level and the development and effects of several state policies. Berman finds considerable reason to be concerned about the viability and future of meaningful local government.
