 Musimathics The Mathematical Foundations Of In "Musimathics,"
 Loy teaches us the tune, providing a friendly and spirited tour of
 the mathematics of music -- a commonsense, self-contained
 introduction for the nonspecialist reader. It is designed for
 musicians who find their art increasingly mediated by technology,
 and for a "Mathematics can be as effortless as humming a tune, if
 you know the tune," writes Gareth Loy. Musimathics: The

 its subtitle suggest that everything springs from "mathematical
 foundations," through intense calculation and careful modeling.
 Yet I lose the sense that most of those musical and acoustical
 ideas were already commonly practiced before the mathematics
 came along to measure them. Musimathics: The Mathematical
