Erin Hogan hit the road in her Volkswagen Jetta and headed west from Chicago in search of the monuments of American land art: a salty coil of rocks, four hundred stainless steel poles, a gash in a mesa, four concrete tubes, and military sheds filled with cubes. Her completed journey took her through the states of Utah, Nevada, New Mexico, Arizona, and Texas. It also took her through the states of anxiety,

drunkenness, disorientation, and heat exhaustion. Spiral Jetta Summer is a chronicle of this adventure, and it reveals Hogan's unpretentious and boisterous narrative flair on the roads of middle-of-nowhere Utah in pursuit of Robert Smithson's classic work Spiral Jetty. Along the way, Hogan writes about venturing outside of her urban comfort zone; who she encounters; and most importantly, how she found most of what she was looking for and then some.

The Volkswagen Jetta is a small family

car produced by German automaker

Volkswagen Group for the Volkswagen

Passenger Cars marque since 1979.

Positioned to fill a saloon/sedan niche

above the firm's Golf hatchback offering,

it has been marketed over six

generations variously as the Atlantic,

Fox, Vento, Bora, City Jetta, Jetta City,

GLI, Jetta, and Sagitar. The Jetta was

originally adapted by adding a

conventional trunk to the Golf

hatchback, and some distinctive styling (usually the front end, and sometimes slight interior changes). It has been offered in two- and four-door saloon (sedan), and five-door estate (station wagon) versions - all as five-seaters. As of 2005, over 6.6 million cars have been sold worldwide, over one-third in the United States alone. Since the original version in 1980, the car has grown in size and power with each successive generation. By mid-2011, almost 10 million Jettas have been produced and sold all over the world. The Jetta nameplate is a reference to the Atlantic 'jet stream', reflecting the period in Volkswagen's history when it named its vehicles after prominent winds. These also included the Volkswagen Passat (after the German word for trade wind), Volkswagen Bora (after bora), and Volkswagen Scirocco (after sirocco). Although the Golf had reached considerable success in the North American markets, Volkswagen...

I was born of nothing. I'm a Void, a rare supernatural capable of absorbing powers at the brush of my skin. Feared. Hated. Untouchable. Thibault Academy is full of supernaturals that want me dead, and the most powerful of them, the Paragons, will stop at nothing to ensure I go back to the hell I came from. They're cruel, heartless, and have created an unlikely alliance to take me down. If I want to learn how to control the nothingness, I'll have to survive them. I was born of the void, but I'll die from the power. This is a reverse harem bully romance.

Dan DeCarlo's futuristic, curvy teenage girl, Jetta, zoomed through the future a full decade before Judy Jetson. In the 1950s, the fan-favorite artist, beloved for his portrayals of Betty and Veronica, Josie, and Sabrina the Teenage Witch, delineated the madcap adventures of Jetta, "Teen-Age Sweetheart of the 21st Century," with obvious delight. The comics, collected for the first time in their entirety and in living color will be accompanied by a revealing introduction by Craig Yoe who interviewed DeCarlo about these timeless treasures. There's also a bevy of rare, unpublished, original art and photographs, plus Jetta pin-ups by top comic book artists and Hollywood animators. As with the entire line of Yoe Books, the reproduction techniques employed strive to preserve the look and feel of expensive vintage comics. Painstakingly remastered, enjoy the closest possible recreation of reading these comics when first released.

There is a saying: knowledge is power. The secret is this. Knowledge, applied at the right time and place, is more than power. It's magic. That's what the Black Panther Party did. They called up this magic and launched a revolution. In the beginning, it was a story like any other. It could have been yours and it could have been mine. But once it got going, it became more than any one person could have imagined. This is the story of Huey and Bobby. Eldridge and Kathleen. Elaine and Fred and Ericka. The committed party members. Their supporters and allies. The Free Breakfast Program and the Ten Point Program. It's about Black nationalism, Black radicalism, about Black people in America. From the authors of the acclaimed book, *Black Against Empire: The History and Politics of the Black Panther Party*, and introducing new talent Jetta Grace Martin, comes the story of the Panthers for younger readers—meticulously researched, thrillingly told, and filled with incredible photographs throughout. *Freedom! The Story of the Black Panther Party.*
