NATIONAL BESTSELLER • Alex Kershaw, author of *The Longest Winter* and *The Liberator*, returns with an utterly immersive, adrenaline-driven account of D-Day combat. “Meet the assaulters: pathfinders plunging from the black, coxswains plowing the whitecaps, bareknuckle Rangers scaling sheer rock . . . Fast-paced and up close, this is history’s

greatest story reinvigorated as only Alex Kershaw can.”—Adam Makos, *New York Times* bestselling author of *Spearhead* and *A Higher Call* Beginning in the predawn darkness of June 6, 1944, *The First Wave* follows the remarkable men who carried out D-Day’s most perilous missions. The charismatic, unforgettable cast includes the first American paratrooper to touch down on Normandy soil; the glider pilot who braved antiaircraft fire to crash-land mere yards from the vital Pegasus Bridge; the brothers who led their troops onto Juno Beach under withering fire; as well as a French commando, returning to his native

land, who fought to destroy German strongholds on Sword Beach and beyond. Readers will experience the sheer grit of the Rangers who scaled Pointe du Hoc and the astonishing courage of the airborne soldiers who captured the Merville Gun Battery in the face of devastating enemy counterattacks. The first to fight when the stakes were highest and the odds longest, these men would determine the fate of the invasion of Hitler’s fortress Europe—and the very history of the twentieth century. The result is an epic of close combat and extraordinary heroism. It is the capstone Alex Kershaw’s remarkable career, built on

his close friendships with D-Day survivors and his intimate understanding of the Normandy battlefield. For the seventy-fifth anniversary, here is a fresh take on World War II's longest day. Praise for *The First Wave*: "Masterful... readers will feel the sting of the cold surf, smell the acrid cordite that hung in the air, and duck the zing of machine-gun bullets whizzing overhead. *The First Wave* is an absolute triumph."—James M. Scott, bestselling author of *Target Tokyo* "These pages ooze with the unforgettable human drama of history's most consequential invasion."—John C. McManus, author of *The Dead and Those About to Die*
The First Wave Createspace Independent Publishing Platform
 NATIONAL BESTSELLER • The dramatic, untold history of the heroic women recruited by Britain's elite spy agency to help pave the way for Allied victory in World War II "Gripping. Spies, romance, Gestapo thugs, blown-up trains, courage, and treachery (lots of treachery)—and all of it true."—Erik Larson, author of *The Devil in the White City* and *Dead Wake* In 1942, the Allies were losing, Germany seemed unstoppable, and every able man

in England was on the front lines. To "set Europe ablaze," in the words of Winston Churchill, the Special Operations Executive (SOE), whose spies were trained in everything from demolition to sharpshooting, was forced to do something unprecedented: recruit women. Thirty-nine answered the call, leaving their lives and families to become saboteurs in France. In *D-Day Girls*, Sarah Rose draws on recently declassified files, diaries, and oral histories to tell the thrilling story of three of these remarkable women. There's Andrée Borrel, a scrappy and streetwise Parisian who blew up power lines with the Gestapo hot on her heels; Odette Sansom, an unhappily married suburban mother who saw the SOE as her ticket out of domestic life and into a meaningful adventure; and Lise de Baissac, a fiercely independent member of French colonial high society and the SOE's unflappable "queen." Together, they destroyed train lines, ambushed Nazis, plotted prison breaks, and gathered crucial intelligence—laying the groundwork for the D-Day invasion that proved to be the turning point in the war. Rigorously researched and written with razor-sharp

wit, *D-Day Girls* is an inspiring story for our own moment of resistance: a reminder of what courage—and the energy of politically animated women—can accomplish when the stakes seem incalculably high. Praise for *D-Day Girls* "Rigorously researched . . . [a] thriller in the form of a non-fiction book."—Refinery29 "Equal parts espionage-romance thriller and historical narrative, *D-Day Girls* traces the lives and secret activities of the 39 women who answered the call to infiltrate France. . . . While chronicling the James Bond-worthy missions and love affairs of these women, Rose vividly captures the broken landscape of war."—The Washington Post "Gripping history . . . thoroughly researched and written as smoothly as a good thriller, this is a mesmerizing story of creativity, perseverance, and astonishing heroism."—Publishers Weekly (starred review)
The Fateful Siege: 1942-1943 Zenith Press
 In 1983 the Eisenhower Center at the University of New Orleans began a project to record the recollections of as many people as possible -- civilians as well as soldiers -- who were involved in one of the

most pivotal events of the century. Skillfully edited by Ronald J. Drez and first published on the fifty-year anniversary of D-Day, the award-winning *Voices of D-Day* tells the story of that momentous operation almost entirely through the words of the people who were there.

D-Day Day by Day LSU Press

The strategy and planning behind D-Day: “The best-researched, best-written account [of the Normandy Campaign] I have ever read.”—The New York Times Book Review One of the most controversial and dangerous military operations in the history of modern warfare, the battle for Normandy took over two years of planning by each country that made up the Allied forces. The event is mired to this day in myth and misconception, and untangling the web of work that led to D-Day is nearly as daunting as the work that led to the day itself. Drawing from declassified documents, personal interviews, diaries, and more, Carlo D’Este, a winner of the Pritzker Award, uncovers what really happened in Normandy. From what went right to what went wrong, D’Este takes readers on a journey from the very first moment Prime Minister Churchill

considered an invasion through France to the last battles of World War II. With photos, maps, and first-hand accounts, readers can trace the incredible road to victory and the intricate battles in between. A comprehensive look into the military strategy surrounding the Second World War, *Decision in Normandy* is an absolute essential for history buffs. “A fresh perspective on the leadership of Field Marshal Bernard Montgomery and the Allied landings after D-Day.”—Publishers Weekly “Again and again he reveals new facets of familiar subjects—in part from his own dual American army and British academic background; in part by querying everyone and everything.”—Kirkus Reviews *I Survived the Battle of D-Day, 1944 (I Survived #18)* Atlantic Monthly Press D-DayThe Battle for NormandyPenguin UK D-Day D-DayThe Battle for Normandy An authentic account of one of the most pivotal battles of World War Two. The World War Two invasion known as D-Day was one of the largest military endeavours in history. It involved years of planning, total secrecy and not only soldiers but also sailors, paratroopers and many specialists.

Acclaimed author Deborah Hopkinson weaves together the contributions of key players in D-Day in a masterful tapestry of official documents, personal narratives and archival photos to provide an action-packed and authentic account.

I Survived the Battle of D-Day, 1944

University of North Texas Press

The Battle of Stalingrad was not only the psychological turning point of World War II: it also changed the face of modern warfare. From Antony Beevor, the internationally bestselling author of *D-Day* and *The Battle of Arnhem*. In August 1942, Hitler's huge Sixth Army reached the city that bore Stalin's name. In the five-month siege that followed, the Russians fought to hold Stalingrad at any cost; then, in an astonishing reversal, encircled and trapped their Nazi enemy. This battle for the ruins of a city cost more than a million lives. Stalingrad conveys the experience of soldiers on both sides, fighting in inhuman conditions, and of civilians trapped on an urban battlefield. Antony Beevor has interviewed survivors and discovered completely new material in a wide range of German and Soviet archives, including prisoner interrogations and reports of

desertions and executions. As a story of cruelty, courage, and human suffering, Stalingrad is unprecedented and unforgettable. Historians and reviewers worldwide have hailed Antony Beevor's magisterial Stalingrad as the definitive account of World War II's most harrowing battle.

D-Day in the Pacific Indiana University Press

The Normandy Landings that took place on D-Day involved by far the largest invasion fleet ever known. The scale of the undertaking was simply awesome. What followed them was some of the most cunning and ferocious fighting of the war, at times as savage as anything seen on the Eastern Front. As casualties mounted, so too did the tensions between the principal commanders on both sides. Meanwhile, French civilians caught in the middle of these battlefields or under Allied bombing endured terrible suffering. Even the joys of Liberation had their darker side. The war in northern France marked not just a generation but the whole of the post-war world, profoundly influencing relations between America and Europe. Making use of overlooked and new

material from over thirty archives in half a dozen countries, D-Day is the most vivid and well-researched account yet of the battle of Normandy. As with Stalingrad and Berlin, Antony Beevor's gripping narrative conveys the true experience of war.

Battle for Saipan Scholastic Inc.

The extraordinary and compelling story of the 6th of June, 1944, Operation Overlord and the Battle for Normandy is told here through first-hand testimonies from civilians and soldiers on both sides. It features classic accounts by soldiers such as Rommel and Bradley, together with frontline reports by some of the world's finest authors and war correspondents, including Ernest Hemingway and Alan Melville. Highlights of this unique collection include the break-out from Omaha beach as told by the GI who led it, a French housewife's story of what it was like to wake up to the invasion, German soldiers' accounts of finding themselves facing the biggest seaborne invasion in history, a view from the command post by a member of Eisenhower's staff, combat reports, diaries and letters of British veterans of all forces and services, and accounts of the follow-up battle for

Normandy, one of the bloodiest struggles of the war. The Allied armada involved over 5,000 craft, which had by the end of 'the longest day' succeeded in landing 156,000 men, and in breaching Hitler's much vaunted defensive wall. Dramatic and historic though the events of D-Day were, they were but the opening shots of a much larger and equally remarkable battle - the battle for Normandy. It took the Allies ten weeks of bloody fighting to get out of Normandy, during which the infantry casualty rate rivalled that of the Western Front in the First World War. This book is the story of that fateful day, the preparations which led up to it, and the ten weeks of fighting in Normandy which followed it, told by the men and women who were there, who witnessed it at first hand. It is compiled from interviews with scores of veterans, from diaries, memoirs and letters. Occasionally, exact chronology has been sacrificed in the interests of communicating better the experience of Normandy, for above all this is a book about how the invasion looked and felt to those who were there. It is often brutally honest, far removed from the comfortable romantic version of D-Day and the battle

for Normandy. (For example, there are accounts here of crimes committed against German POWs by Allied soldiers.) *The D-Day Encyclopedia* Pen and Sword Presents a young reader's adaptation of "The Guns at Last Light," tracing the Battle of Normandy and the Allied liberation of Western Europe through the end of World War II.

The Invasion of Normandy, 1944

Macmillan Library Reference

The second volume in a trilogy chronicling the liberation of Europe during World War II focuses on the Allied campaigns in Sicily and Italy, detailing the bloody battles at Salerno, Anzio, Monte Cassino, and more under the command of controversial Lt. General Mark Clark, as well as the June 1944 liberation of Rome. By the Pulitzer Prize-winning author of *An Army at Dawn*. Reprint. 150,000 first printing.

A Photographic History of the Normandy Invasion Crown

Stephen E. Ambrose's *D-Day* is the definitive history of World War II's most pivotal battle, a day that changed the course of history. *D-Day* is the epic story of men at the most demanding moment of their lives, when the horrors, complexities,

and triumphs of life are laid bare. Distinguished historian Stephen E. Ambrose portrays the faces of courage and heroism, fear and determination—what Eisenhower called "the fury of an aroused democracy"—that shaped the victory of the citizen soldiers whom Hitler had disparaged. Drawing on more than 1,400 interviews with American, British, Canadian, French, and German veterans, Ambrose reveals how the original plans for the invasion had to be abandoned, and how enlisted men and junior officers acted on their own initiative when they realized that nothing was as they were told it would be. The action begins at midnight, June 5/6, when the first British and American airborne troops jumped into France. It ends at midnight June 6/7. Focusing on those pivotal twenty-four hours, it moves from the level of Supreme Commander to that of a French child, from General Omar Bradley to an American paratrooper, from Field Marshal Montgomery to a German sergeant. Ambrose's *D-Day* is the finest account of one of our history's most important days. D Day Frontline Books

In this adventure, Ranger heads to

Normandy on the morning of the D-Day invasion and finds himself in the middle of one of the fiercest battles of World War II. Ranger meets Leo, a Jewish boy who is hiding with a local farmer, and Walt, a young African-American soldier fighting to free France from the Nazis. Walt is in the 320th Balloon Battalion, so it's his job to help operate the enormous barrage balloons that fly over the American troops, shielding them from enemy planes. It's pure chaos, with thundering warplanes, falling bombs, and exploding land mines. Will Ranger, Leo, and Walt survive?

D-Day Invasion Penguin

The experiences and achievements of the United States land, sea and air forces on 6 June 1944 and the weeks following have been deservedly well chronicled. Omaha Beach saw the fiercest fighting of the whole OVERLORD invasion and the opposition faced in the US sector shocked commanders and men at all levels. The outcome was in the balance and, thanks to the courage and determination shown by the attackers, game-changing failure was narrowly averted. This superb *Images of War* book examines, using contemporary and modern images and maps, the course

of the campaign and its implication for both the American troops and the civilian population of the battlezone. These revealing images, both color and black and white, are enhanced by full captions and the author's thoroughly researched text. The result is a graphic reminder of the liberation of Northern France and the extraordinary sacrifice made by men not just of the United States military but the other Allied nations.

D-Day Scholastic Paperbacks

The hardcover reference titles in the Day by Day series examine the evolution of conflicts and wars in a chronological timeline, from the first skirmish to the last battle--and everything in between. These books are a historical companion to each major war in the nineteenth and twentieth century. The fate of soldiers, battalions, armies, can change in the blink of an eye--with this comprehensive book readers can follow the conflicting sides in their strategy, weaponry, and policies. "D-Day: Day by Day" is a chronological approach to the operation, allowing the reader to see at a glance the preparations made for the invasion of Normandy, as well as the key actions on the beaches and further inland.

While the major actions dominate the text, eyewitness accounts and other stories are used to highlight actions of individual bravery and courage that, although they may not have been defining moments in the invasion, were an integral part of the overall effort, and provide an excellent guide to the human sacrifices made in order to achieve final victory. In addition to the blow-by-blow account of the action during these crucial days, the book features boxes on all the key personalities involved, including Eisenhower and Montgomery. There are also descriptions of the decisive weapons used by both the Allies and the Germans, and the key actions that were pivotal in the early days of the invasion.

What Was D-Day? Macmillan

This installment in the New York Times bestselling I Survived series from Lauren Tarshis shines a spotlight on the Normandy landings, just in time for the 75th anniversary of D-Day!

Normandy '44 Oxford University Press, USA

Field Marshal Erwin Rommel exerted an almost hypnotic influence not only over his own troops but also over the Allied soldiers

of the Eighth Army in the Second World War. Even when the legend surrounding his invincibility was overturned at El Alamein, the aura surrounding Rommel himself remained unsullied. In this classic study of the art of war Rommel analyses the tactics that lay behind his success. First published in 1937 it quickly became a highly regarded military textbook, and also brought its author to the attention of Adolph Hitler. Rommel was to subsequently advance through the ranks to the high command in the Second World War. As a leader of a small unit in the First World War, he proved himself an aggressive and versatile commander, with a reputation for using the battleground terrain to his own advantage, for gathering intelligence, and for seeking out and exploiting enemy weaknesses. Rommel graphically describes his own achievements, and those of his units, in the swift-moving battles on the Western Front, in the ensuing trench warfare, in the 1917 campaign in Romania, and in the pursuit across the Tagliamento and Piave rivers. This classic account seeks out the basis of his astonishing leadership skills, providing an indispensable guide to the art

of war written by one of its greatest exponents.

Normandy landings, just in time for the 75th anniversary of D-Day!

D-Day Invasion of Normandy Simon & Schuster

June 6, 1944: Nineteen boys from Bedford, Virginia -- population just 3,000 in 1944 -- died in the first bloody minutes of D-Day. They were part of Company A of the 116th Regiment of the 29th Division, and the first wave of American soldiers to hit the beaches in Normandy. Later in the campaign, three more boys from this small Virginia town died of gunshot wounds. Twenty-two sons of Bedford lost--it is a

story one cannot easily forget and one that the families of Bedford will never forget. The Bedford Boys is the true and intimate story of these men and the friends and families they left behind. Based on extensive interviews with survivors and relatives, as well as diaries and letters, Kershaw's book focuses on several remarkable individuals and families to tell one of the most poignant stories of World War II--the story of one small American town that went to war and died on Omaha Beach.
