CIMA offers a business qualification with a finance focus, aiming to produce members with accounting prowess who are skilled in strategic decision-making. 98% of its members work in business, the highest proportion of any worldwide accountancy body. The P3 Performance Strategy exam covers how organisations respond

to risks through systems and controls. The syllabus emphasises the wide-ranging risks organisations face, and particularly financial and information risks, because of the severe consequences these can have. It includes the methods organisations use to reduce risks, including: \* Management and accounting systems \* Corporate governance \* Control environment and procedures \* Internal audit

Key skills are: \* Recognising risks \* Recommending appropriate actions to counter those risks. The syllabus also requires appreciation of how risks and control systems link with the strategies the organisation pursues. The Study Text provides all you need to know for P3. It gives many examples of the strategic and operational risks organisations face when they try to fulfil their objectives. It explains the frameworks organisations use for controlling risks. It demonstrates the importance of key elements of control systems

including corporate governance, ethics support, control procedures and internal audit.

I was very impressed with the quality of the materials. They were so well written and much easier to understand than my previous provider's official texts. So much so that I passed my E2 exam gaining my highest grade so far using Astranti's study text. - Gayle June 2019 Simple, easy to understand and very effective, notes are logical and very easy to follow. - Monique June 2019 I like how it's condensed and easy to read. - Paul December 2020 After having cancelled my P1 and E1 exams because I was failing to understand the concepts under another tuition provider I decided to use Astranti books. These are well explained with detailed examples. I managed to pass my subjects on first time attempts. - Isheunesu December 2021 What I really liked were Astranti's Study texts. They were written in this engaging, interactive way which I personally found very interesting (I usually zone out and get really bored) when I have to read extremely theoretical content. - Clare December 2020 The Astranti study texts have been used by thousands of CIMA students in preparation for their management accountancy exams. They cover the entire CIMA syllabus for the 2019 exams and onwards and have been carefully written to be concise and easy to read but detailed enough to clearly guide you through the topics you must know in order to pass the exams.
