INSTANT NEW YORK TIMES BESTSELLER - The Read With Jenna Today Show Book Club Pick! "A story of love and hope as interweaving characters display: how all moments, big and small, can measure a life. If you want joy, love, romance, and hope—read with us." —Jenna Bush Hager A luminous, spirit-lifting blockbuster that asks: would you choose to find out the length of your life? Eight ordinary people. One extraordinary choice. It seems like any other day. You wake up, drink a

cup of coffee, and head out. But today, when you open your front door, waiting for you is a small wooden box. The contents of this mysterious box tells you the exact number of years you will live. From suburban doorsteps to desert tents, every person on every continent receives the same box. In an instant, the world is thrust into a collective frenzy. Where did these boxes come from? What do they mean? Is there truth to what they promise? As society comes together and pulls apart, everyone faces the same shocking choice: Do they wish to know how long they'll live? And, if so, what will they do with that knowledge? The Measure charts the dawn of this new world through an unforgettable cast of characters whose decisions and fates interweave with one another: best friends whose dreams are forever entwined, pen pals finding refuge in the unknown, a couple who thought they didn't have to rush, a doctor who cannot save himself, and a politician whose box becomes the powder keg that ultimately changes everything. Enchanting and deeply uplifting, The Measure is an ambitious, invigorating story about family, friendship, hope, and destiny that encourages us to live life to the fullest.

The bowl is one of the most traditional forms, but contemporary artists who work in wood understand that it has tremendous potential. These 500 exquisite examples, many by pioneering artisans, show just how much the bowl has been "reinvented" by craftpeople all over the world as both an iconic object and as a departure for self-expression. On display are a wide range of woodworking approaches, from chisel to chainsaw to router to bandsaw. Some have carvings on

the surface; others feature paint and mixed media; while many more stay close to what nature provided, with the wood simply sanded and sealed. The talented creators include James Prestini, Bob Stocksdale, Rude Osolnik, Mel Lindquist, Ed Moulthrop, Mark Lindquist, David Ellsworth, and William Hunter.

Woodworkers use these books as a source of inspiration and project ideas. Interior designers and architects use them as a means to keep up with the latest trends in furniture design. The series has been published since 1977, to date, seven Design Books have been published, the last in 1996. The series is being expanded in response to reader requests. Past design books were basically a catalogue of woodworking projects selected by a panel of experts. "Design Book Eight" will depart from that tradition by featuring fewer examples, but offering design talk about each piece as well as detail shots. The book is organized by class of furniture: Tables, Chairs, Desks, Cabinets, Book cases, Home Entertainment Furniture, Beds and Bureaus.
