**e-Book** Mometrix Secrets Study Guides  
In this ground-breaking vision document, first published in 1998, Dr A.P.J. Abdul Kalam and Y.S. Rajan offer a blueprint for India to be counted among the world's top five economic powers by the year 2020. They cite growth rates and development trends to show that the goal is not unrealistic. Past successes—the green revolution and satellite-based communication linking remote regions of the country, for instance—bear them out. The same sense of purpose can make us a prosperous, strong nation in a matter of

years, assert Kalam and Rajan. This is a book that every citizen who hopes for a better India must read.

Account Clerk Penguin UK

This book brings together technical expertise, best practices, case studies and ground-level application of the ideas for empowering the rural population of the world to live economically prosperous, environmentally sustainable, and socially progressive lives, on par or comparable with the quality of life enjoyed by the global urban population. The idea of Smart Villages takes on greater urgency in light of the investments made in this millennium on “Smart Cities”, taking advantage of the technological advances, particularly in digital connectivity. These investments have and will continue to expand the urban-rural divide, unless similar investments are made in the villages as well. The book provides a much-needed guide for a holistic development of a Smart Village, by defining the need, developing the framework, and describing the delivery, complete with successful case studies. Contributors to the book, from Canada, USA, Africa and India bring years of

academic, industry and governmental experience, including organization of several Smart Village conferences. The knowledge base in the book will be of great value to anyone interested in or active in rural planning, including governmental and non-governmental organizations, industrial solution providers, public healthcare professionals, public policy professionals and students, as well as rural communities around the world. Consolidates all the aspects of creating/developing a Smart Village; Delivers an effective tool-kit for practitioners in the area of Smart Villages; Provides a policy-based framework for the development of an ideal Smart Village; Illustrates, through case studies, the fulfillment of key requirements of a Smart Village; Brings together experts from around the world to share their vision of a Smart Village; Highlights the importance of balancing development with social/gender equity and cultural traditions.

This Book has comprehensive General Knowledge about Maharashtra for the Candidates of Various Competitive Exams. *Business Combinations and Long-term Investments* Forgotten Books

This book examines the principles and applications of biomedical imaging and signals processing as well as the advances of multimodal imaging and multi-feature quantification for disease diagnosis and treatments in ophthalmology, stroke, chemotherapy, and neurology. Chapters cover such topics as image segmentation and registration, feature selection for classification, micro-texture characterization, simulation of tissue

deformation, and high-level statistical analyses. The chapters also discuss different imaging modalities including MRI and EEG, confocal microscopy, and molecular imaging for improving the accuracy of disease detection via higher spatiotemporal resolution and better illustration. Overall, the book provides a comprehensive review of biomedical imaging and signal processing, informing readers with current and insightful knowledge in these fields.

Smart Villages National Learning Corporation

President Ram Nath Kovind assumed office on July 25, 2017 and in a short span of one year has been able to make a distinct mark in the way he reaches out to the citizens of the country. With the heart of a “common man”, he understands the challenges that India faces as a nation, while as an erudite mind, he has the vision of the India’s rightful place of eminence among the comity of nations. The book “The Republican Ethic” is a collection of 95 of his selected speeches out of a total of

243 made by him in the first year of office. They have been divided in eight sections, viz: Addressing the Nation, Diversity of India, Window to the World, Educating India: Equipping India, Dharma of Public Service, Honouring our Sentinels, Spirit of the Law and Acknowledging Excellence. The book has been conceived to help the readers assess the vision and thought that the President espouses specially with relation to the vision of nation and individual citizen’s duties.
