Mickey runs away from home for a life in the streets in search of his dream of becoming a Mafia boss. He learns the ropes from Stoky, another street-wise runaway called Monkey Boy and the boys careen from one adventure to another until tragedy strikes and Mickey learns who he really is. This multi-generational story spans the years from the late 1930's to the 50's. In a fast-paced tale that exposes the hopes and dreams of working-class people, Mickey finds life much different than the one he sees on the Hollywood screens. Sad, funny and illuminating in its depiction of whom people think they are

and who they really are, this story races toward an unseen conclusion. From the Little Italy neighbourhood of Chicago to the real Sicilian countryside, this book tells a finely layered tale of big city life seen from the streets.

"Me, I want what's coming to me.... the world, chico. And everything in it."
Sometimes harsh, other times enlightening, but always brutally honest, within you'll encounter the immortal words of Tony Montana -- lines unapologetically quoted and repeated thousands of times across the nation and around the world. This is the perfect companion to the

ultimate gangster film, Scarface -- now and forever a part of global popular culture and an unforgettable icon of money, power, and extravagance. After all, nothing exceeds like excess.

Handling Sin Michael Gant Jr.

I know what you're thinking. Yea. I know what you're all thinking. You're all thinking that this is another murder mystery. Right? Be honest but that is what you are thinking. Some mafioso serial killer is on the loose whacking quarterbacks. Well I survived and I played quarterback. That is why I disappeared for thirty five years. I never got killed like twelve of my football friends did! Somehow I slipped through the cracks and made it to

seventy one which is my age as I type these words. I suffered three concussions, a bruised sternum, a torn rotator cuff, three broken noses, two nose surgeries, one mouth surgery, three torn ligaments, another stomach surgery, five knee surgeries including two 3D printed ceramic artificial knee surgeries, sixty stitches in various sundry locations on my face and Post Traumatic Stress Disorder. The titanium in my legs sets off alarms when I walk through the metal detectors at airports. "Just a flesh wound" as so eloquently stated by Monty Python in the British comedy Holy Grail. I have twelve friends who are deader than doornails just like Marley in A Christmas

Carol. But I digress let's get to the story. *More Hooliganism Stories*
