To know you have the right to do something is one thing, but then again, actually doing that thing is another. We always talk to the Lord when

trouble comes and when we pray at night or when we say Thank you when we receive that special blessing, but do we really feel comfortable holding a conversation with the Lord like talking to a neighbor or a friend? Probably not!

This book challenges you to communicate with the Lord. You will begin to ask him those tough questions that have been tugging at your heart. I sure did. I

asked some of them for you, and I hope his replies will serve as discernment and wisdom for you, my faithful readers, for years to come. Just get in a quiet room and say, Speak, Lord, I'm listening. Just ask today, then wait for his reply. Other inquiring minds want to know, so ask away!

Xlibris Corporation Continuing from Volume I,

Volume II intersperses numerous soldiers' letters with those from home. The issue of slavery from both the owners and individuals is brought forth. Did colored men really serve as Confederate soldiers? Did free black men? Union soldiers described southern women as defiant, beautiful, crude, and pitiful. Read of women aboard blockade-runners, the fall of

Wilmington, Sherman's march, Stoneman's western raiders, and the end of the war. Did any civilians die due to these raids? Did they idly sit by as their lives and homes were destroyed? The war did come to their doorstep during the second half of the conflict. Both Volume I and II tell something from each of the state's 87 counties. Perhaps you may find information about your

ancestor among these pages. Information from period newspapers, as well as mostly unpublished letters, tell their stories. *The Student's Journal* Xlibris Corporation Written specifically for researchers of all disciplines whose first language is not English, this guide presents easy-to-follow rules and tips, along with authentic examples taken from real emails, referees' reports and cover letters, will show you how to: write effective emails (subject lines, structure, requests, level of formality) review other people's manuscripts reply effectively and constructively to referees' reports correspond with editors write letters regarding summer schools, internships, and PhD and postdoc programs write reference letters This new edition contains over 40% new material, including stimulating factoids and discussion points both for self-study and in-class use, as well as suggestions for drafting proposals for research projects and writing research statements. EAP teachers will find this book to be a great source of tips for training students, and for providing both instructive and entertaining lessons. Other books in the series cover:

writing research papers; presentations at international conferences; English grammar, usage and style; and interacting on campus; plus exercise books and a teacher's guide to the whole series. Please visit <http://www.springer.com/series/13913> for a full list of titles in the series. Adrian Wallwork is the author of more than 30 ELT and EAP textbooks. He has trained several

thousand PhD students and academics from 35 countries to write research papers, prepare presentations, and communicate with editors, referees and fellow researchers. *An Aid to Social Letter Writing and to Ready and Effective Conversation, with Over 100 Model Social Letters and 6000 of the World's Best English Phrases* Springer Richard Mahony is a restless man.

Ballarat, England, Melbourne, Europe, the bush: elsewhere is always better. Searching for a place, a meaning, a life, Mahony and his wife Mary journey from wealth to poverty, order to chaos, sanity to the asylum. The Fortunes of Richard Mahony is a towering novel.

William Butler Yeats and, in America, E. C. Stedman. Sharp wrote "I feel another self within me now more than ever; it is as if I were possessed by a spirit who must speak out". This three-volume collection brings together Sharp's own correspondence - a fascinating trove in its own right, by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti,

Walter Pater, and George Meredith - and the Fiona Macleod letters, which bring to life Sharp's intriguing "second self". With an introduction and detailed notes by William F. Halloran, this richly rewarding collection offers a wonderful insight into the literary landscape of the time, while also investigating a strange and underappreciated phenomenon of late-

nineteenth-century English literature. It is essential for scholars of the period, and it is an illuminating read for anyone interested in authorship and identity. *Text Classics* Southern Methodist University Press The Congressional Record is the official record of the proceedings and debates of the United States Congress.
