KAITLYN HESTER

Mypoliscilab Without Pearson Etext -- Standalone Access Card -- For Essentials of American & Texas Government: Roots and Reform (2011 National and Tex Addison-Wesley Longman Updated in a new 2011 Alternate edition, American Government: Roots and Reform provides the historical context students need to understand our government and the most crucial and controversial issues affecting the nation in the 21st century. This bestselling book has been extensively revised to provide in-depth coverage of President Barack Obama's first two years in office and the 111th Congress, the 2010 congressional elections, continued concerns related to the wars in Iraq and Afghanistan, and domestic concerns related to health care reform and the economy.

Study Guide for Essentials of American Government

Addison-Wesley Longman

The activist state of the New Deal started forming decades before the FDR administration, demonstrating the deep roots of energetic government in America. In the period between the Civil War and the New Deal, American governance was transformed, with momentous implications for social and economic life. A series of legal reforms gradually brought an end to nineteenth-century traditions of local self-government and associative citizenship, replacing them with positive statecraft: governmental activism intended to change how Americans lived and worked through legislation, regulation, and public administration. The last time American public life had been so thoroughly altered was in the late eighteenth century, at the founding and in the years immediately following. William J. Novak shows how Americans translated new conceptions of citizenship, social welfare, and economic democracy into demands for law and policy that delivered public services and vindicated people's rights. Over the course of decades, Americans progressively discarded earlier understandings of the reach and responsibilities of government and embraced the idea that legislators and administrators in

Washington could tackle economic regulation and social-welfare problems. As citizens witnessed the successes of an energetic, interventionist state, they demanded more of the same, calling on politicians and civil servants to address unfair competition and labor exploitation, form public utilities, and reform police power. Arguing against the myth that America was a weak state until the New Deal, *New Democracy* traces a steadily aggrandizing authority well before the Roosevelt years. The United States was flexing power domestically and intervening on behalf of redistributive goals for far longer than is commonly recognized, putting the lie to libertarian claims that the New Deal was an aberration in American history.

This bestselling book has been extensively revised to provide in-depth coverage of President Barack Obama's first two years in office and the 111th Congress, the 2010 congressional elections, continued concerns related to the wars in Iraq and Afghanistan, and domestic concerns related to health care reform and the economy.

American Government Longman
Few relationships have proved more pivotal in changing the course of American politics than those between presidents and social movements. For all their differences, both presidents and social movements are driven by a desire to recast the political system, often pursuing rival agendas that set them on a collision course. Even when their interests converge, these two actors often compete to control the timing and conditions of political change. During rare historical moments, however, presidents and social movements forged partnerships that profoundly recast American politics. Rivalry and Reform explores the relationship between presidents and social movements throughout history and into the present day, revealing the patterns that emerge from the epic battles and uneasy partnerships that have profoundly shaped reform. Through a series of case studies, including Abraham Lincoln and abolitionism, Lyndon Johnson and the civil rights movement, and Ronald Reagan and the religious right, Sidney M. Milkis and Daniel J. Tichenor argue persuasively that major political change usually reflects neither a top-down nor bottom-up strategy but a crucial interplay between the two. Savvy leaders, the authors show, use social movements to support their policy goals. At the same time, the most successful social movements target the president as either a source of powerful support or the center of opposition. The book concludes with a consideration of Barack Obama's approach to contemporary social movements

such as Black Lives Matter, United We Dream, and Marriage Equality.

American Government Addison-Wesley Longman

Understand American politics from past to present American Government: Roots and Reform, 2012 Election Edition explores how the origins of American government affect the issues facing the United States today. This bestselling text offers the strongest coverage of history and current events. This approach encourages students to study present political structures and behaviors in full constitutional and historical context. The text helps students learn how our government evolved and how they can become more informed citizens. Most importantly, it encourages them to discover that politics can be—and most often is—a good thing. This text features full integration with the New MyPoliSciLab.

MyPoliSciLab includes a wide array of resources to encourage students to look at American politics like a political scientist and analyze current political issues. Political Explorer lets students play the role of a political scientist by investigating issues through interactive data. Core Concept videos discuss the big ideas in each chapter and apply them to key political issues. Simulations allow students to experience how political leaders make decisions. A better teaching and learning experience This program provides a better teaching and learning experience—for you and your students. Here's how: Personalize Learning—The New MyPoliSciLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. MyPoliSciLab is now compatible with BlackBoard! Engage Students—The stunning visual design engages students in the text. Improve Critical Thinking—Learning objectives in every chapter help students focus on important topics. Analyze Current Events—Coverage of the 2012 elections keeps the study of politics relevant and shows how political scientists look at the development of the American political system. Support Instructors—A full supplements package including the Class Preparation Tool in the New MyPoliSciLab is available.
